Small Comrades Revolutionizing Childhood In Soviet Russia 1917 193:

Small Comrades Lisa A. Kirschenbaum, 2013-09-13 *Small Comrades* is a fascinating examination of Soviet conceptions of childhood and the resulting policies directed toward children Working on the assumption that cultural representations and self representations are not entirely separable this book probes how the Soviet regime s representations structured teachers observations of their pupils and often adults recollections of their childhood The book draws on work that has been done on Soviet schooling and focuses specifically on the development of curricula and institutions but it also examines the wider context of the relationship between the family and the state and to the Bolshevik vision of the children of October **The**

Politics of Control Chang-tai Hung, 2021-01-31 Using a unique interdisciplinary cultural institutional analysis Politics of Control is the first comprehensive study of how in the early decades of the People's Republic of China the Chinese Communist Party reshaped people's minds using multiple methods of control With newly available archival material internal circulars memoirs interviews and site visits the book explores the fascinating world of mass media book publishing education religion parks museums and architecture during the formative years of the republic When the Communists assumed power in

1949 they projected themselves as not only military victors but also as peace restorers and cultural protectors. Believing that they needed to manage culture in every arena, they created an interlocking system of agencies and regulations that was supervised at the center. Documents show, however, that there was internal conflict. Censors introduced early at the Beijing Daily operated under the twofold leadership of municipal level editors but with final authorization from the Communist Party Propaganda Department. Politics of Control looks behind the office doors where the ideological split between Party chairman Mao Zedong and head of state Liu Shaoqi made pragmatic editors bite their pencil erasers and hope for the best. Book publishing followed a similar multi-tier system preventing undesirable texts from getting into the hands of the public. In addition to designing a plan to nurture a new generation of Chinese revolutionaries, the party state developed community centers that served as cultural propaganda stations. New urban parks were used to stage political rallies for major campaigns and public trials where threatening sects could be attacked. A fascinating part of the story is the way in which architecture and museums were used to promote ethnic unity under the Chinese party state umbrella. Besides revealing how interlocking systems resulted in a pervasive method of control, Politics of Control also examines how this system was influenced by the Soviet Union and how nevertheless Chinese nationalism always took precedence. Chang tai Hung convincingly argues that the PRC's formative period defined the nature of the Communist regime and its future development. The methods of cultural control have changed over time but many continue to have relevance today. *International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences*, 2004 **The British National Bibliography** Arthur James Wells, 2001 Book Review Index, 2006 Every 3rd issue is a quarterly cumulation.

Internationale Bibliographie der Rezensionen wissenschaftlicher Literatur, 2006 Kinder der Demokratie Till Kössler, 2015-03-10 Kindheit und Erziehung rückten nach 1900 in den Mittelpunkt gesellschaftlicher Selbstverständigung. Die Formung neuer Menschen war ein wichtiges Ziel der politischen Massenbewegungen und Regime im frühen 20. Jahrhundert. Dies gilt auch für den spanischen Katholizismus. Till Kössler verfolgt die widersprüchliche Dynamik katholischer Gesellschaftspolitik im Spannungsfeld von Demokratie und totalitärer Diktatur und fragt nach ihrem Wechselspiel mit der urbanen Gesellschaft und Kultur Madrids. In einem breiten historischen Zugriff zeichnet er das Porträt einer Gesellschaft zwischen berschwenglichen Reformhoffnungen und politischen Enttäuschungen und liefert damit einen innovativen Beitrag zur Geschichte der klassischen Moderne in einer bisher weniger beachteten Region Europas.
