Stamford author of the highly acclaimed *Fitness Without Exercise* and a syndicated health columnist and co author Becca Coffin a registered nurse show how making the right choices in diet can improve health and reduce fat while allowing people to enjoy a fuller and more varied diet than other weight loss plans permit Americans are obsessed with diets and dieting and yet we grow fatter every year Traditional diets offer only temporary weight loss through loss of water and muscle and do not address the real problems of dietary fat and poor eating habits Fat is sinister wreaking havoc on every system of the body Eating fat results in fat people but it also clogs the arteries raises blood pressure overloads the bowels and causes diabetes To avoid the dangers of dietary fat we need to change our eating habits Happily we don't have to eat less we just need to make smarter choices about what we eat The Jack Sprat diet plan uses a guided day by day approach geared to gender size and physical activity level Each of the four weeks in the plan starts with a complete grocery list including daily menus that have been analyzed to show how many calories and grams of fat will be consumed All menus have been analyzed also to assure fulfillment of RDA guidelines Recipes are provided for all home prepared items in the plan and specially designed On Your Own tables help with substitutions in the daily menus There are even sections for including fast foods and a system of controlled cheating To help ensure success Stamford and Coffin provide not only day by day and meal by meal details of what to eat but also insightful scientific background that explains why These chapters include information on how much fat one should eat how to make smart choices when choosing a menu and the benefits of light exercise The authors also present a wealth of more specific information on physiology and metabolism hormones antioxidants and phytochemicals as well as on frauds such as cellulite reducing creams and diet pills Stamford and Coffin do not offer miracles or magic but they do provide sound advice and practical guides that will be invaluable to anyone interested in losing weight and making positive lifestyle changes

Nobody's Perfect Cynthia L. Cameron, Lakisha R. Lockhart-Rusch, Emily A. Peck, 2025-02-25 Adolescents like everyone else make mistakes However religious educators Cynthia L. Cameron, Lakisha R. Lockhart-Rusch and Emily A. Peck argue that some youths are born with the privilege of making mistakes in ways that others often are not They also argue that many Christian education practices that guide our understandings of mistake making are shaped by gender and gender identity sexual orientation and race in ways that disenfranchise some adolescents In response Cameron, Lockhart-Rusch and Peck curate a much needed conversation that helps religious educators accompany adolescents and better understand mistakes based on a theological framework that names adolescents as fundamentally good The result is an edited volume that explores ways educators can walk with adolescents so that youth can learn from their mistakes and grow without misunderstanding all mistakes as sin Together these essays seed a theology of adolescent goodness that's rooted in a liberative Christian theological anthropology Drawing on both qualitative and quantitative research *Nobody's Perfect* offers nuanced and robust definitions of what a mistake is apart from definitions of sin The book also explores the challenges of talking about mistake making and sin with adolescents within religious institutional contexts that shape policy pastoral

practice and ministry orientations Finally the book presents youths own voices about how they understand and process what mistake making looks like in the contexts in which they live and learn Nobody s Perfect is for Christian educators who serve either in the academy or in congregational settings The book well serves educators who recognize the various cultural and developmental challenges adolescents face when their church communities The book also offers tools to help such church leaders attend to religious education spaces with a renewed theology that can root a more liberative experience of religious education

Environmental and Health Regulation in the United States and the European Union M. Smith,2012-03-12 During the first decade of the twenty first century the United States increasingly has relaxed its regulatory posture in the face of critical challenges to public health and the environment This is true for regulation of recycling of end of life products including autos and electronic components potentially hazardous chemicals and health claims on food labels Coincidentally the European Union has gravitated toward more restrictive regulation in these very same areas How might we explain these diverging regulatory trajectories of the world s two largest market economies in an era of rising public awareness of dangers to the public and the planet The explanation derives not from cultural differences in willingness to tolerate risk but rather from distinctive regulatory tradeoffs between environment and competitiveness in the United States and environment competitiveness and integration in the EU
