s a pony called Monica      **A Stranger in the Kingdom** Howard Frank Mosher, 2014-05-27 This novel of murder and its aftermath in a small Vermont town in the 1950s is reminiscent of *To Kill a Mockingbird*. Absorbing. The New York Times In Kingdom County Vermont the town's new Presbyterian minister is a black man an unsettling fact for some of the locals. When a French Canadian woman takes refuge in his parsonage and is subsequently murdered suspicion immediately falls on the clergyman. While his thirteen year old son struggles in the shadow of the town's accusations and his older son a lawyer fights to defend him a father finds himself on trial more for who he is than for what he might have done. Set in northern Vermont in 1952 Mosher's tale of racism and murder is powerful viscerally affecting and totally contemporary in its exposure of deep seated prejudice and intolerance. A big old fashioned novel. Publishers Weekly A real mystery in the best and truest sense. Lee Smith The New York Times Book Review A Winner of the New England Book Award      The Escape Industry Mark Tungate, 2017-10-03 Travel as a concept is universally attractive and the opportunities for fun engaging branding and marketing in this sector are arguably limitless. Glamour and appeal aside travel is a hugely competitive multi million pound industry and marketers of all sectors can learn important lessons from it. Catering for mass consumer travel from business travel and adventure travel to specialist and niche interests the providers of escape have been impacted as much by technology as they have by the changing habits and desires of travellers themselves. The Escape Industry presents an expert view of travel marketing and branding focusing particularly on how travel has been utterly transformed for both consumers and providers since the beginning of the 21st century. Mark Tungate focuses on some of the travel industry's most famous brands and shares how all marketers can learn from the industry's rich experience of digital transition. Tungate traces the evolution of this fascinating industry from nineteenth century trailblazers such as Thomas Cook and The Ritz to today's innovations such as TripAdvisor Couchsurfing and Airbnb and explores the branding secrets that have enabled them to survive. A lively read full of incidents anecdotes unexpected encounters and a ground breaking report from the final frontier and space tourism. The Escape Industry is at the cutting edge of this attractive sector examining some of the biggest names in the industry. It will take travel and tourism students as well as marketing and branding practitioners on a journey to the heart of a rapidly changing business.
