Social Criticism of Literature (Classic Reprint) Gertrude Buck,2015-07-21 Excerpt from The Social Criticism of Literature The social criticism of literature has no doubt been practiced more widely than it has been recognized as a theory With the more or less unconscious practice of such criticism however this book does not attempt to deal It is concerned solely with the explicit theory of social criticism and with the development of the conception of literature underlying it which has come to consciousness either partially or wholly in various writers about literature since the time of Plato Some of these writers have been noted in the following pages but only such as seem best calculated to illustrate the conception or some phase of its development A complete history of the genesis and evolution of the social theory of literature remains to be written when the theory itself is more fully understood As a contribution towards its fuller understanding this little book is offered Its purpose will be achieved if it shall succeed in clearing the ground for further study of the social theory of literature by presenting its relations to other critical theories and defining certain of its more obvious implications both speculative and practical About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *SOCIAL CRITICISM OF LITERATURE* Gertrude 1871-1922 Buck,2016-08-29 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as
