

THE SOCIAL STRUCTURE OF THE USSR

Recent Soviet Studies

Edited with an Introduction by
Murray Yanowitch

Social Structure Of The U S S R Recent Soviet Studies

Ying Liu

Social Structure Of The U S S R Recent Soviet Studies:

The Social Structure of the USSR Murray Yanowitch, 2016-07-22 This is a study of karayuki san impoverished Japanese women sent abroad to work as prostitutes from the 1860s to the 1920s It follows the life of one prostitute Osaki who is persuaded as a child of ten to accept cleaning work in Borneo and then forced to work as a prostitute in a brothel

The Social Structure of the USSR Murray Yanowitch, 1986 This is a study of karayuki san impoverished Japanese women sent abroad to work as prostitutes from the 1860s to the 1920s It follows the life of one prostitute Osaki who is persuaded as a child of ten to accept cleaning work in Borneo and then forced to work as a prostitute in a brothel

The Social Structure of the USSR Murray Yanowitch, 2016

Social Stratification and Mobility in the USSR Murray Yanowitch, Wesley A Fisher, 2019-01-15 This title was first published in 1973 The selections from Soviet sociological literature presented in this volume are significant from at least three standpoints First they reveal the extent to which the issue of social and economic inequality has become a subject for legitimate public discussion in the Soviet Union Second these selections offer the reader a means of appraising the quality of work in what under Soviet conditions is the formative period of a new intellectual discipline Third the selections provide abundant empirical evidence bearing on the forms and degrees of inequality currently found in Soviet society

Soviet Marxism-Leninism Alfred B. Evans, 1993-10-30 This study examines the development of Marxist Leninist ideology in the U S S R from its origins to the collapse of the Soviet regime Alfred Evans argues that Soviet Marxism Leninism was subject to significant adaptation under various leaders contrary to the widespread impression that official Soviet ideology remained static after Stalin While taking account of scholarly literature on each of the periods covered the work is significant for being based principally on an analysis of primary Soviet sources Evans integrated analysis of changes in ideology during the post Stalin decades is an important contribution to the literature in political science political economy and Soviet studies

Politics, Work, and Daily Life in the USSR James R. Millar, 1987 Politics work and daily life in the USSR is designed to illustrate how the Soviet social system really works and how the Soviet people cope with it This study is based on the first comprehensive survey of life in the USSR since the Harvard Project over thirty three years ago The essays contained analyze the variations in attitude and behaviour reflected in the findings of the Soviet Interview Project a five year investigation of contemporary daily life in the USSR The survey involved interviewing thousands of recent emigrants from the USSR to the United States as a means of learning about their former day to day lives Some aspects of this survey dealt with areas the Soviets themselves had never investigated so the data were not and indeed still are not available even in unpublished Soviet sources This study of a large volume of firsthand observations is extremely valuable to anyone interested in the inner workings and behavioural dynamics of the contemporary Soviet social system

Social and Economic Inequality in the Soviet Union Murray Yanowitch, 2017-07-28 This title was first published in 1977 The Soviet Union is a socially divided society The collectivities of which it is composed whether designated as classes

strata or socio occupational groups a term favored in recent Soviet writings on social structure exhibit systematic differences in incomes and living standards in control over the organization of the work place in the educational and occupational opportunities open to their children But what is new is that the social and economic inequalities which permeate Soviet life have become within limits of course accessible to study and discussion by Soviet scholars The principal public justification for the study of inequality is the Party s need for reliable information to implement its function of scientific management of the relations between the main social groups in Soviet society This volume is a collection of six studies Soviet Workers and the Collapse of Perestroika Donald Filtzer,1994-06-09 A comprehensive analysis of the role of labour policy in the development and ultimate collapse of Mikhail Gorbachev s reforms **Rural Inequality in Divided Russia** Stephen Wegren,2013-07-24 This book examines economic and political polarisation in post Soviet Russia and in particular analyses the development of rural inequality It discusses how rural inequality has developed in post Soviet Russia and how it differs from the Soviet period and goes on to look at the factors that affect rural stratification and inequality using human and social capital profession gender and village location as independent variables The book uses survey data from rural households and fieldwork in Russia in order to highlight the multiplicity of divisions that act as fault lines in contemporary rural Russia

Social Distinctions in Contemporary Russia Jouko Nikula,Mikhail Chernysh,2020-04-29 This book analyses social change in Russia in particular the development of a middle class one of the most important social and political projects of Putin s administration Using unique survey data collected in 1998 2007 and 2015 the authors make extensive and theoretically justified analyses of the changing social distinctions in Russia over the past 20 years Offering a sophisticated analysis of classes and class they acknowledge that in class analysis there are different phases requiring different concepts The first phase is the analysis of class positions the second is the study of the work and reproduction situations of class groups and the final step is the analysis of class interests While acknowledging that there are a number Russian specific factors that seriously complicate traditional class analysis the authors maintain that the basic tenets of class analysis still hold true The book will be of interest to students and scholars of sociology political science transition studies social policy and Russian studies and anyone who wants to understand the internal divisions and organization of the middle class in Russia

Restoration of Class Society in Russia? Jouko Nikula,2019-07-15 This title was first published in 2002 Advancing the understanding of a transition society this book presents an in depth analysis of social structures in modern Russia Using unique survey data spanning nearly a decade it describes and analyzes Russia s social development and class formation during the 1990s Featuring a fascinating critical examination of such areas as social mobility the structure and nature of labour markets economic well being and societal atmosphere a team of leading international contributors cast a critical eye over the standard ways of understanding post communist Russia The result is an impressive and influential work which will make stimulating reading for researchers academics and practitioners in the fields of Sociology Politics and Economics as

well as Russian specialists Towards a Normal Stratification Order Ellu Saar,2011 From a historical perspective the period between the fall of the Berlin Wall 1989 until the Wall Street crash of 2008 was brief but the social changes were far reaching and resulted in the profound alteration of institutional frameworks of post socialist societies in Central and East European countries e g Estonia This book examines the transformation of Estonian society concentrating on changes in the stratification order The re distribution of the risks and opportunities between different groups in Estonian society the most neoliberal in the European Union and the perceptions about fairness of the most radical changes in post socialist world are the main issues of this volume **The Shadow of War** Stephen Lovell,2011-06-24 Taking the achievements ambiguities and legacies of World War II as a point of departure The Shadow of War The Soviet Union and Russia 1941 to the Present offers a fresh new approach to modern Soviet and Russian history Presents one of the only histories of the Soviet Union and Russia that begins with World War II and goes beyond the Soviet collapse through to the early twenty first century Innovative thematic arrangement and approach allows for insights that are missed in chronological histories Draws on a wide range of sources and the very latest research on post Soviet history a rapidly developing field Supported by further reading bibliography maps and illustrations *The Kalamari Union: Middle Class in East and West* Markku Kivinen,2019-05-23 First published in 1998 this volume asks are new social classes in the making in eastern Europe Are class issues withering away How do different classes organize their lives what kind of strategies do they adopt in East and West Markku Kivinen brings Eastern Europe into the class debate Recent sociological discussions have touched upon questions of class in Eastern Europe only very provisionally On the other hand old analyses of social stratification under conditions of actually existed socialism are no longer relevant in the current situation This book analyses processes of class relations in Eastern Europe from new theoretical vantage points using up to date empirical data Under socialism power was said to be vested in the working class However there was a constant tension between the holy proletariat and the real life of the working class Today all political forces in Eastern Europe leftist and liberal alike are hankering for the middle class This book explores the real processes in both East and West This leads to more concrete political and even moral issues The new sacred middle class is challenged The contributors adopt several conceptual approaches and perspectives which enter into a fruitful exchange in this book

A Short History Of Soviet Socialism Mark Sandle,2003-09-16 Mark Sandle is Lecturer in Russian and East European History at De Montfort University This book is intended for undergraduate courses on 20th century Soviet history the Cold War European history Soviet studies History of political thought Marxism Leninism The Left The Impact of International Economic Disturbances on the Soviet Union and Eastern Europe Egon Neuberger,Laura D'Andrea Tyson,2013-09-03 The Impact of International Economic Disturbances on the Soviet Union and Eastern Europe Transmission and Response focuses on the transmission of economic disturbances to the Soviet Union and Eastern Europe as well as the policy responses of both to such disturbances Topics covered include external inflation balance of trade and resource allocation along with the impact

of the world economic crisis on intra CMEA trade This book is comprised of 16 chapters and begins with an overview of major international economic disturbances during the first half of the 1970s and their transmission to the Soviet Union and Eastern European countries The following chapters examine the adjustment made by East European economies to external disturbances external inflation balance of trade and resource allocation in small centrally planned economies whether the Soviet Union was affected by the international economic disturbances of the 1970s and the relationship between foreign trade and the Soviet economy The transmission of international disturbances to Yugoslavia Hungary and Poland and the responses of each country are also discussed The final chapter assesses how the energy crisis and Western stagflation have affected the nature of Soviet East European political relations in the years 1956 1973 This monograph will be of interest to economists and economic policymakers *Work and Welfare in the New Russia* Nick Manning, Ovsey Shkaratan, 2018-05-08 This title was first published in 2000 The UNDP announced on 29th July 1999 that A human crisis of monumental proportions is emerging in the former Soviet Union This book reports on the crisis through original and detailed data made possible by the changes that have taken place in Russia in the 1990s Based on an EU and ODA funded project it examines in depth the patterns of contemporary unemployment and poverty the origins of Russian social policies and their aims implementation and effects up to 2000 The conclusion situates the findings within a discussion of the future of the Russian welfare state and the policy choices alternatives and consequences emerging in the context of current social conflicts *World Communism, 1964-1969, a Selected Bibliography* United States. Congress. Senate. Committee on the Judiciary, 1971 **Russian Studies and Comparative Politics** Frederic J. Flernon Jr., 2016-12-27 This book brings together several of the author's empirical studies that demonstrate the strength and utility of sociologist Robert Merton's classic middle range theory for understanding aspects of both Soviet and post Soviet Russian politics Some of those studies demonstrate that testing middle range social science theory could take place even in the Soviet era when there were significant limitations of access to empirical data and meaningful field research in the USSR was all but impossible In the introductory chapter the author explains the need for and advantages of studying Russian and Soviet politics from the perspective of middle range social science theory Then follow three chapters analyzing methodological issues in Soviet post Soviet studies The author presents his six empirical studies employing middle range social science theories to explore in Russia USSR dimensions of organizations ideology and decisionmaking technology transfer and cultural diffusion political culture public opinion and democratization and congruence of authority patterns in state society relations The book concludes with a chapter arguing the advantages of thinking theoretically about Russian and Soviet politics with the establishment of a new epistemic community organized around studies employing middle range theory This book presents examples of solutions to long standing debates between area studies and the academic disciplines and between idiographic and nomothetic approaches to knowledge in the social sciences In contrast to the tradition of Carnivals and Cockfights in Russian Soviet area studies since

the mid 20th Century the book offers a new way of approaching the study of Russian politics for the 21st Century

Hearings, Reports and Prints of the Joint Economic Committee United States. Congress. Joint Economic Committee, 1974
