Social Support In Couples Vol 13 Marriage As A Resource In Times Of Stress:

Social Support, Well-being, and Teacher Development Bick-har LAM, 2018-12-19 This book uses social support as a central theme to provide a sound underpinning for guiding teachers to play more supportive roles in schools It comprises a series of empirical studies that address the psychological processes involved in feeling supported and providing support and which demonstrate how students and teachers well being can be enhanced through learning and teaching in the classroom The distinction between teachers who are caring mentors and those who simply impart knowledge has attracted considerable interest among researchers however in the twenty first century education seems to be playing a more restricted role due to the predominant focus on performance outcomes This book addresses and identifies teachers expanding role in education It describes various types of support that teachers can offer students and which serve to enhance a range of learning outcomes Further it provides evidence suggesting that teachers commitment to learner development is a prerequisite for a satisfying teaching career and that teachers knowledge skills and ability to provide social support in the classroom form a pathway of professional learning that can take their teaching expertise to a higher level Lastly the book offers policymakers suggestions on how to rekindle social support in an increasingly globalised setting in which people are becoming more and more disconnected Given its multidisciplinary approach the book is a unique contribution within its subject area and will be of interest to practitioners in education and beyond Social Support in Couples Carolyn E. Cutrona, 1996-04-11 Expressions of support between partners may be more commonplace than heroic but their cumulative effects on the growth of trust enduring love and commitment can be considerable even lifesaving in the face of otherwise overwhelming tragedy Skillfully weaving together the latest research with engaging case examples and practical applications author Carolyn E Cutrona offers an in depth analysis of how committed partners can serve as resources for each other in stressful scenarios Beginning with a fresh overview of definitions and concepts Social Support in Couples articulates the vital components of intimate support systems This informative volume explores the phenomenon of marital communication through real life interactions focusing on gender related differences the interplay between supportive and destructive interactions and stress experienced during chronic disabling illness In a concluding chapter a research agenda for future study opens the topic up to additional serious consideration A reader friendly examination of the power of supportive acts Social Support in Couples is recommended for a wide readership including academics practitioners and students in family studies social psychology social work and marriage and family counseling *Social Support of Young People in and after Residential Care: Is Someone There for You?* Eunice Magalhães, Shalhevet Attar-Schwartz, 2025-05-21 Decades of research highlight the protective tole of strong positive and secure relationships for children and young people at risk both in the community and in out of home care This volume offers an in depth exploration of social support among young people in residential care and after leaving care emphasizing its role in their well being Drawing on research from Australia Brazil Canada Ghana India Ireland Israel Norway the Netherlands

Portugal Spain and the United States the contributions in this collection focus on the residential care setting while offering insights relevant to other out of home care contexts such as foster care and educational residential facilities Academics and professionals working in social work education child protection and child psychology will find this book a valuable resource
