investigation the methods it uses and how in these respects it resembles or differs from natural science and history He goes on to discuss the work of Weber Durkheim Marx Engels Mills and other important theorists and concludes with a convincing demonstration of the continuing relevance of the Weberian tradition to the study of sociology *Development of Social Theory* James Pendleton Lichtenberger, 1923 Crime, Drugs and Social Theory Chris Allen, 2007 Do criminal cultures generate drug use Crime Drugs and Social Theory critiques conventional academic and policy thinking concerning the relationship between urban deprivation crime and drug use and outlines an innovative constructionist phenomenologic A Bibliography of British History, 1914-1989 Keith Robbins, American Historical Association, Royal Historical Society (Great Britain), 1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index **Law and Social Theory** Reza Banakar, Max Travers, 2014-07-18 There is a growing interest within law schools in the intersections between law and different areas of social theory The second edition of this popular text introduces a wide range of traditions in sociology and the humanities that offer provocative contextual views on law and legal institutions The book is organised into six sections each with an introduction by the editors on classical sociology of law systems theory critical approaches law in action postmodernism and law in global society Each chapter is written by a specialist who reviews the literature and discusses how the approach can be used in researching different topics New chapters include authoritative reviews of actor network theory new legal realism critical race theory post colonial theories of law and the sociology of the legal profession Over half the chapters are new and the rest are revised in order to include discussion of recent literature *The Personal and the Political (RLE Social Theory)* Paul Halmos, 2014-08-21 Are human misery poverty and despair a result of personal inadequacy or social injustice Therefore is the solution to these problems psychotherapy or political action In one of the most important books on social work for a decade Paul Halmos tries to resolve a dilemma which many social workers experience acutely the conflict between a desire to help those in need and a fear that by doing so they merely support a political system which should itself be changed Such a dilemma was highlighted during the sixties when casework and personal counselling became discredited by the rediscovery of widespread poverty and inequality in western society To many the only solution seemed to be urgent and radical political action For Professor Halmos the realities are more complex an exclusive preoccupation with either personal or political solutions is unlikely to prove fruitful what is needed is a dual sensitivity and balance Yet for the author it is the political solution which carries within it the greater risk and he warns of the dangers inherent in the total politicization of social concerns He argues that social action can become political action and ultimately political control *The Imposter as Social Theory* Steve Woolgar, Else Vogel, David Moats, Claes-Fredrik Helgesson, 2022-08 Edited by expert scholars this volume explores the imposter through empirical cases including click farms bikers business leaders and fraudulent scientists
