Social Control And The Law In Poland:

Social Control and the Law in Poland Jerzy Kwaśniewski, Margaret Watson, 1991 This collection aims to present a coherent picture of the recent history and role of Polish criminal law in its political and social context Official policies affecting crucial areas of social life are examined and the authors discuss the question of state control and people's attitudes to it *From Old Times to New Europe* Agata Fijalkowski, 2016-04-22 From Old Times to New Europe considers the post totalitarian legal framework in today's Europe arguing that the study of totalitarianism and post totalitarianism continues to be significant as ever Drawing mainly on the Polish experience this analysis focuses on the significant part played by history in the development of the region's identity and preferences concerning the role of the state in public and private life It examines the political socio economic and legal aspects of key events and draws comparisons with other CEE states whilst implementing key socio legal theories to explain trends and strains in this post Communist and post totalitarian period With the benefit of access to archival sources in Poland and Russia this book will be of interest to students and researchers of European law law and society and international criminal justice *Poland Labor Laws and Regulations Handbook: Strategic Information and Basic Laws* IBP, Inc., 2014-09-17 Poland Labor Laws and Regulations Handbook Strategic Information and Basic Laws **Criminality and Criminal Justice in Contemporary Poland** Konrad Buczkowski, Beata Czarnecka-Działuk, Witold Klaus, Anna Kossowska, Irena Rzeplińska, Dagmara Woźniakowska-Fajst, Dobrochna Wójcik, 2016-03-09 Criminality has accompanied social life from the outset It has appeared at every stage of the development of every community regardless of organisation form of government or period in history This work presents the views of criminologists from Central Europe on the phenomenon of criminality as a component of social and political reality Despite the far advanced homogenisation of culture and the coming together of the countries that make up the European Union criminality is not easily captured by statistics and simple comparisons There can be huge variation not only on crime reporting systems and information on convicts but also on definitions of the same crimes and their formulations in the criminal codes of the individual European countries This book fills a gap in the English language criminological literature on the causes and determinants of criminality in Central Europe Poland as the largest country in the region whose political post war path has been similar to the other countries in this part of Europe is subject to an exhaustive and original look at criminality as part of the political and social reality The authors offer a contribution to the debate in the social and criminal policy of the state over the problems of criminality and how to control it *Mega-sociology* Adam Podgórecki, 2016-06-08 Mega sociology is the last book written by Adam Podgórecki He was working on its final version when he died on August 18 1998 of heart attack The revisions he intended to make did not concern the main ideas of this book rather he planned a thorough re working of its structure to make their presentation more focused and effective After much deliberation I have decided to have the manuscript published without any editing that might have inadvertently distorted the Author's intentions

The concept of megasociology is about making sociology relevant by placing it in the social context of specific societies and their values and thereby enabling a culturally appropriate organic social action. It grew out of Podgórski's concern with the invasion of dilettantes in sociology led by ideologues who created abstract detached from social reality pseudo theories designed primarily for their own aggrandizement. It was also a next step in his almost life long search for the best way to approach the task of helping societies to live better.

Political Trials in Poland 1981-1986 Andrzej Swidlicki, 2024-04-01
 First published in 1988 *Political Trials in Poland 1981-1986* describes the major political trials which took place in Poland between 1981 and 1986. Based on extensive original research using both official and unofficial information from Poland and interviews with Solidarity activists it shows how the trials constituted an attempt by the Jaruzelski regime to break the back of the independent Solidarity movement by judicial and penal measures. It discusses how the authorities abused the law and how the law itself leaves much to be desired and it charts the different human rights that were violated in each case. It considers the implications of the abuse of law in this way for the rule of law and the image of the state in communist countries. This book will be of interest to students of history and political science.

Effective Environmental Regulation
 David P. Angel, Halina Szejnwald Brown, Patrick G. Derr, 2000-07-30
 Challenging views prevalent among Western and Polish scholars this book explains Poland's surprising success in developing effective environmental and occupational regulatory systems while achieving remarkable socioeconomic growth despite the toxic legacy of the Communist era. It offers rich insights into the questions of how one can achieve both economic growth and improved environmental and safety protection and of the extent to which regulatory systems can be transferred across national and cultural boundaries. The authors develop a theoretical framework for assessing regulatory success then use it to analyze Poland's recent experience. Grounded in five case studies of recently privatized firms the analysis also presents a new survey of privately owned firms extensive policy and data analysis and interviews with key policy leaders entrepreneurs and intellectuals. The book points to case specific decision making and information richness as key dimensions of an effective regulatory system and considers in depth the extent to which information richness is culturally dependent and hence its portability as a policy tool. Addressing regulatory issues that are specific to both the United States and the international development community the book makes a significant contribution to advancing the theoretical and conceptual frameworks used to explain the success or lack of success of regulatory systems.

Legal Protection of Vulnerable Groups in Lithuania, Latvia, Estonia and Poland Agnė Limantė, Dovilė Pūraitė-Andrikienė, 2022-08-27
 This book analyses the current legal situation and protection of vulnerable groups in Lithuania Latvia Estonia and Poland. In recent decades national legislation in many European states has especially focused on vulnerable groups with the aim of securing their enhanced protection and social inclusion. This trend is also noticeable in North Eastern Europe where the legal frameworks are constantly being revised to address the needs of vulnerable parts of society including women children the elderly people with disabilities and minorities as well as prisoners.

and victims of crime But despite these positive changes many challenges persist In this book the authors provide a comprehensive comparative analysis of legal regulations and practices intended to protect vulnerable groups in Lithuania Latvia Estonia and Poland and in the process share insights into the current situation and trends in this often overlooked region Part I introduces readers to the topic by defining the concept of vulnerable groups and elaborating on its understanding in the European and national contexts Part II analyses the legal protection of groups characterised by inherent and or circumstantial vulnerability while Part III addresses specific crime related vulnerability issues in the target region In closing Part IV puts the spotlight on three specific vulnerable groups in the discussed countries

Global Perspectives in Policing and Law Enforcement Jospeter M. Mbuba, 2021-05-11 Global Perspectives in Policing and Law Enforcement provides an exposition of policing and law enforcement practices challenges and opportunities in twenty different countries that were carefully selected to represent diverse geographic regions of the world Each chapter presents policing from a different cultural background with diverse historical law enforcement experiences varied social and demographic characteristics and wide ranging approaches to political leadership By examining critical data and highlighting cracks within law enforcement across multiple countries the contributors to this volume have created a framework of policing as it transitions into a modern outfit Divided into parts the book focuses on a large sample of countries from Africa Europe Asia and Latin and Central America North America and the Caribbean as well as Australia and New Zealand Such a broad coverage makes this book a critical reference point for those interested in criminal justice criminology political science anthropology and many others

Disenchantment with Democracy Janusz Reykowski, 2020-03-25 In recent years there has been a rise in social movements and organizations that challenge the very foundations of liberal democracy on a global scale Discrepancies of interests ideological or worldview contradictions and identity differences are more likely now to transform into destructive conflicts and violence is used as a legitimate method for attaining political and economic goals Drawing on the knowledge accumulated in social and political psychology this book scrutinizes these phenomena and provides an even deeper understanding of the nature of these conflicts The book also addresses the imperfections of liberal institutions which can exacerbate these divides providing crucial context for understanding contemporary political tensions and their effects on the world s democracies

The Oxford Handbook of Comparative Environmental Law Emma Lees, Jorge E. Viñuales, 2019 This Handbook brings together the foremost authorities from around the world to provide the first comprehensive account of comparative environmental law It examines in detail the methodological foundations of the discipline as well as the substance of environmental law across countries

Environmental Politics in Poland Barbara E. Hicks, 1996 Michael Bernhard Pennsylvania State University

Poland between the Wars, 1918-1939 Peter D. Stachura, 1998-12-13 Incorporating selective papers from a successful conference organised by the Polish Society this book presents challenging and frequently revisionist views on a variety of controversial themes relating to the interwar Polish

Republic including its struggle over Upper Silesia the question of national identity and its ethnic minorities the significance of the Battle of Warsaw the role of the press and its defence preparations in 1939 The volume thus makes an important contribution to scholarly debate of a crucial period in Poland's recent history New Studies in Medieval and Renaissance Gdańsk, Poland and Prussia Beata Możejko, 2017-03-31 New Studies in Medieval and Renaissance Poland and Prussia The Impact of Gdańsk draws together the latest research conducted by local historians and archaeologists on the city of Gdańsk and its impact on the surrounding region of Pomerania and Poland as a whole Beginning with Gdańsk's early political history and extending from the 10th to the 16th century its twelve chapters explore a range of political social and socio cultural historical questions and explain such phenomena as the establishment and development of the Gdańsk port and city A prominent theme is a consideration of the interactions between Gdańsk and Poland and Prussia including a look into the city's links with the State of the Teutonic Order in Prussia and the Kingdom of Poland under the rule of the Piast and Jagiellonian dynasties The chapters are placed in the historical context of medieval Poland as well as the broader themes of religion the matrimonial policy of noble families or their contacts with the papacy This book is an exciting new study of medieval Poland and unparalleled in the English speaking world making it an ideal text for those wanting to deepen their knowledge in this subject area **Public Television in Poland** Agnieszka Węglińska, 2021-10-03 This book examines the professional activity of public television journalists in Poland operating in the still unstable system of a post communist state to demonstrate how the media can work in the public interest to strengthen democracy Drawing on in depth interviews with Telewizja Polska TVP journalists the author shows how public television in Poland has become highly politicised and commercialised and must defend against constant attacks on its autonomy She draws parallels with the media systems in Hungary and the Czech Republic to analyse potential legal solutions and to highlight how Poland's journalists are subject to influences from the political class as well as from the market a situation brought about by flawed legislation the absence of a political culture an inefficient internal regulating process and lack of suitable training for the journalists themselves Adding an important perspective on recently developed media systems this book will be an important resource for scholars and students of journalism media studies media industries politics and media history Poland After Solidarity Bronisław Misztal, 1985-01-01 The unexpected emergence of the Solidarity movement in Poland has focused Western attention on conflicts within socialist states The rapid truncation of Solidarity and the rise of a new image of the state as a militarized relatively autonomous repressive apparatus has left several theoretical questions unresolved and raised some new ones This volume draws from historical and political accounts of the events that haunted Poland between 1980 and 1984 providing a complex sociological explanation of the major processes that occur within the state society sphere of relationships In part one the authors examine the conflict between social movements and the state in Poland the history of Solidarity the nature of the political conflict between Solidarity and the Communist state the institutionalization of the means of control by the party

over society the functioning of civil society and the mediating role of the Catholic Church In part two the authors treat issues that go beyond Solidarity the scope of state autonomy legitimacy conflicts within socialist and capitalist states other social movements in Poland and the philosophical symbolism of Solidarity East Central Europe Lawrence D.
