The Limits of Idealism Melvyn L. Fein, 2007-08-28 If the truth be

known I am only a partially reformed idealist In the secret depths of my soul I still wish to make the world a better place and sometimes fantasize about heroically eradicating its faults When I encounter its limitations it is consequently with deep regret and continued surprise How I ask myself is it possible that that which seems so fight can be a chimera And why I wonder aren't people as courageous smart or nice as I would like The pain of realizing these things is sometimes so intense that I want to close my eyes and lose myself in the kinds of daydreams that comforted me as a youngster One thing is clear my need to come to grips with my idealism had its origin in a lifetime of naiveté From the beginning I wanted to be a good person Often when life was most treacherous I retreated into a corner from whence I escaped into reveries of moral glory When I was very young my faith was in religion In Hebrew school I took my lessons seriously and tried to apply them at home By my teen years this had been replaced by an allegiance to socialism In the Brooklyn where I grew up my teachers and relatives made this seem the natural course When I reached my twenties however and was obliged to confront a series of personal deficiencies psychotherapy shouldered its way to the fore
