Allison, 1999 Presenting topics in the form of questions and answers this popular supplemental text offers a brief introduction on multiple regression on a conceptual level Author Paul D Allison answers the most essential questions such as how to read and interpret multiple regression tables and how to critique multiple regression results in the early chapters and then tackles the less important ones for instance those arising from multicollinearity in the later chapters With this organization readers can stop at the end of any chapter and still feel like they've already gotten the meat of the subject

BUNDLE: Frankfort-Nachmias: Social Statistics for a Diverse Society 6e + Francis: STATLAB Online Chava Frankfort-Nachmias, Anna Leon-Guerrero, Gregory Francis, 2011-12-07 We offer these texts bundled together at a special discount for your students STATLAB Online is just 5 more than the price of the core textbook Frankfort-Nachmias Social Statistics for a Diverse Society Sixth Edition The new edition of this bestselling text continues to emphasize intuition and common sense while demonstrating the link between the

practice of statistics and important social issues Recognizing that today's students live in a world characterized by a growing diversity and richness of social differences the authors help students learn key sociological concepts through real research examples related to the dynamic interplay of race class gender and other social variables In addition guides for reading and interpreting the research literature help students understand key concepts while SPSS demonstrations and a rich variety of exercises help them hone their problem solving skills Francis STATLAB Online What is STATLAB Online It is an online laboratory for Intro Statistics where students participate in behavioral experiments and gather and analyze their own data using the statistical techniques taught in the course Students are guided through the analysis of their data to demonstrate different statistical techniques in a meaningful way By working with their own data STATLAB Online provides a new way for students to appreciate the relevance of statistical analyses for understanding human behavior STATLAB Online has been developed by Gregory Francis and Ian Neath creators of the popular CogLab Online Laboratory for Cognition and Research Methods courses

Experimental Design and the Analysis of Variance Robert K. Leik, 1997-04-19 Most core statistics texts cover subjects like analysis of variance and regression but not in much detail This book provides clear and comprehensive coverage of the concepts behind ANOVA as well as its technical implementation It emphasizes facilitating students intuitive and common sense understanding of the concepts before delving into computation

Methods of Family Research Theodore N. Greenstein, 2006 This text introduces social science research methods to those who consume research in the study of families and children It deals with research methods from the perspective of the consumer of research rather than the producer
