The Social Stratification of English in New York City

Second edition

WILLIAM LABOV

CAMBRIDGE

Social Stratification Of English In New York City

Walt Wolfram, Natalie Schilling

Social Stratification Of English In New York City:

The Social Stratification of English in New York City William Labov,1966 **The Social Stratification of English in New York City** William Labov,1964 *The Social Stratification of English in New York City* William Labov,2006-11-09
Second edition of William Labov's groundbreaking study in which he looks back on forty years of achievements in sociolinguistics *The Social Stratification of English in New York City* William Labov,1994 **The social stratification of English in New York City**,1982 **An Introduction to Sociolinguistics** Ronald Wardhaugh,2011-08-10 This comprehensive new edition of Wardhaugh's textbook incorporates additional study features and numerous new and updated references to bring the book completely up to date whilst maintaining the features that made the book so popular with lecturers and students accessible coverage of a wide range of issues clearly written and with useful student study features A fully revised new edition of Ronald Wardhaugh's popular introduction to sociolinguistics which now includes over 150 new and updated references and new study features throughout Features new Explorations sections in each chapter incorporating suggested readings discussion sections and exercises all designed to encourage students to develop their own skills and ideas Reflects new developments in the field providing greater focus on ideas such as identity solidarity and markedness Provides balanced coverage of a range of topics including language dialects pidgins and Creoles codes bilingualism speech communities variation words and culture ethnographies solidarity and politeness talk and action gender disadvantage and planning Comprehensive and accessible it is the ideal introduction for students coming to sociolinguistics for the first time **American English** Walt Wolfram,Natalie Schilling,2015-10-19 The new edition of this classic text chronicles recent breakthrough developments in the field of American English covering regional ethnic and gender based differences Now accompanied by a companion website with an extensive array of sound files video clips and other online materials to enhance and illustrate discussions in the text Features brand new chapters that cover the very latest topics such as Levels of Dialect Regional Varieties of English Gender and Language Variation The Application of Dialect Study and Dialect Awareness Extending Application as well as new exercises with online answers Updated to contain dialect samples from a wider array of US regions Written for students taking courses in dialect studies variationist sociolinguistics and linguistic anthropology and requires no pre knowledge of linguistics Includes a glossary and extensive appendix of the pronunciation grammatical and lexical features of American English dialects *Geschichte der Sprachwissenschaften* Sylvain Auroux,Herbert Ernst Wiegand,2000 Biographical note Sylvain Auroux is Professor at the ENS Lettres et Sciences Humaines University of Lyon France E F K Koerner is Professor at the Centre for General Linguistics Typology and Universals Research ZAS Berlin Germany Hans J Niederehe is Professor Emeritus for Romance Philology of the University of Trier Germany Kees Versteegh is Professor at the Institute of the Middle East of the University of Nijmegen Netherlands
Conversations with Strangers William Labov,Gillian Sankoff,2023-08-17 The use of spoken language to convey the

central concerns of daily life as communicated in conversations with strangers Race and the Rise of Standard American
Thomas Paul Bonfiglio, 2002 This study examines the effect of race consciousness upon the pronunciation of American English and upon the ideology of standardization in the twentieth century It shows how the discourses of prescriptivist pronunciation the xenophobic reaction against immigration to the eastern metropolises especially New York and the closing of the western frontier together constructed an image of the American West and Midwest as the locus of proper speech and ethnicity This study is of interest to scholars and students in linguistics American studies cultural studies Jewish studies and studies in race class and gender **The Value of English in Global Mobility and Higher Education** Manuela

Vida-Mannl, 2021-12-16 This book offers a unique insight into the dynamics of the English language in higher education in Cyprus through the lens of universities situated on both sides of its geopolitical division It takes an original perspective on value in the context of the sociolinguistics and political economy of English as a global language and as an apparent commodified entity The problematic issues of value as they apply to language are dealt with from Marxist and Bourdieusean perspectives The book also offers a helpful critique of the claims of alternative paradigms of English expansion such as ELF and their shortcomings in respect of the concept of value Manuela Vida Mannl puts forth a critique of the marketization of English and the complicity of higher education in the reproduction of linguistic hierarchies and social inequalities in Cyprus and by implication more generally She presents a conception of English as a marketable attribute that does not necessarily require competence which points to the ongoing imbrication of English in the reproduction of global structural and social inequality as it exposes the myth of class advancement through English Building on an extensive study based on 205 questionnaires and 25 subsequent in depth ethnographic interviews and by focusing on the value of English within the unique context of divided Cyprus this book uncovers an intriguing perspective on the neoliberal role and significance of the English language in our globalized world The Oxford History of Phonology Bezalel Elan Drescher, Harry van der

Hulst, 2022 This volume is the first to provide an up to date and comprehensive history of phonology spanning the history of phonological thought from Panini to the latest advances in computational modelling and learning This in depth exploration provides new perspectives on where phonology has been and sheds light on where it could go next *Perspectives on*

American English Joey L. Dillard, 2015-11-13 No detailed description available for Perspectives on American English **An Introduction to Language and Society** Martin Montgomery, 1995 This book explores how our ways of engaging with the world may be shaped by the categories systems patterns of language It includes new material on gender register the speech community language and subcultures and language and representation English Historical Linguistics. Volume 2

Alexander Bergs, Laurel J. Brinton, 2012-10-01 Readings in African American Language Nathaniel Norment, 2003 Readings in African American Language Aspects Features and Perspectives Volume 2 brings together scholars who research various theoretical approaches of the origin characteristics and development of African American Vernacular English AAVE The

advantages of AAVE codeswitching dialect interference in writing theories and politics in AAVE text analysis and critical pedagogy all are discussed in this volume Each article provides a different perspective attesting to the vitality and relevance of African American language as an academic social and cultural linguistic entry in the field of language studies

Language and Identity in Englishes Urszula Clark, 2013-04-12 Language and Identity in Englishes examines the core issues and debates surrounding the relationship between English language and identity Drawing on a range of international examples from the UK US China and India Clark uses both cutting edge fieldwork and her own original research to give a comprehensive account of the study of language and identity Key features include Discussion of language in relation to various aspects of identity such as those connected with nation and region as well as in relation to social aspects such as social class and race A chapter on undertaking research that will equip students with appropriate research methods for their own projects An analysis of language and identity within the context of written as well as spoken texts With its accessible structure international scope and the inclusion of leading research in the area this book is ideal for any student taking modules in language and identity or sociolinguistics The Routledge Dictionary of English Language Studies Michael Pearce, 2012-09-10 Routledge Dictionary of English Language Studies is an indispensable guide to the richness and variety of the English language for both students and the general reader **Bibliographie internationale sur le bilinguisme**

William Francis Mackey, Université Laval. Centre international de recherches sur le bilinguisme, 1982 English in Cyprus or Cyprus English Sarah Buschfeld, 2013-06-12 This volume provides the first ever comprehensive analysis of a potential variety of English spoken in the Greek part of the Mediterranean island of Cyprus Despite the fact that Cyprus was a British colony from 1878 to 1960 the status of the English language spoken there has not yet been discussed systematically within the framework of World Englishes To determine whether English in Cyprus has second language variety status or should rather be considered as learner English the monograph investigates its historical sociopolitical and sociolinguistic background and drawing on a corpus of spoken data offers a synchronic analysis of linguistic features The results suggest to rethink some of the well established taxonomies of World Englishes research especially those that strictly differentiate between second language varieties and learner Englishes This renders the book relevant not only to scholars working in the field of World Englishes but also to second language acquisition researchers
