Social Studies Instruction, Learning, and Assessment in the Contemporary World R.

Mark Epps,Rebecca G. Harper,2025-11-21 The book reflects that social studies teaching should be recursive and fluid allowing for movement forward backward inward and outward thus creating opportunities for students to examine events not just through the rote memorization of dominant facts and figures but through critical inquiry and reflection Social

Studies Education in South and South East Asian Contexts Kerry J Kennedy,2021-07-22 The education of young people is context bound This edited volume explores the contexts that characterise South and South East Asia and their influence on social studies education There is not a single context across this broad geographical expanse rather different religions different political systems and different values exert influences that create distinctive programmes that characterise different countries Yet there are also commonalities such as the post colonial nature of most of the countries portrayed in this book determined efforts at establishing new national communities and multiple value systems that lead to distinctive local priorities There are also voices of resistance in these chapters recognising the realities of local contexts but also recognising the need for change Social studies education in these contexts may well be descended from its origins in North America but in South and South Asian contexts it has taken on new purposes new forms and new values Education researchers policymakers and postgraduate students in comparative education will find the volume useful in its exploration and comparison of the social studies curricular and reforms that shaped them *Monthly Catalog of United States Government Publications* ,1993 Controversial Issues in Social Studies Education in Turkey Elvan Gunel,2018-08-01 Controversial

Issues in Social Studies Education in Turkey The Contemporary Debates consists of different research each analyze a controversial topic that is significant to understand the social and political dynamics of Turkish society and culture One of the purpose of this volume is to analyze and discuss how various controversial issues are perceived by Turkish educators It also provides insight about how to think and re organize education both in Turkey and in a global world by taking perceptions of in service and pre service social studies teachers on controversial issues and how to teach about them in the Turkish context into consideration Lastly it may provide educators and researchers who are interested in teaching and examining such issues with a holistic view

Teaching Social Studies James Litle,Gerald L. Wilson, Virginia Wilson,1993-01-30 Just as society has changed dramatically over the last century so have the social sciences This valuable reference chronicles the historical development of social studies as a discipline in elementary and secondary schools It also assesses the current state of teaching and research in the social sciences and history at the pre college level and it charts new directions for the future of social studies in secondary and elementary schools By tracing the historical development of social studies the reference indicates how social studies has constantly been redefined to meet the changing needs and expectations of society At the

same time the historical context provided by the authors sheds new light on the current state of social studies in the curriculum and the development of social studies in the future The book begins with introductory chapters that overview themes and issues common to all areas of history and the social sciences The chapters that follow summarize and assess the developments and trends of particular fields commonly thought to constitute social studies The volume concludes with chapters on broad topics including the place of religion in the social studies curriculum the role of writing in history and the social sciences and the professional training of social studies teachers Each chapter begins with a section of reflections on the development of the discipline followed by a section on current issues and trends followed by a final section of projections for the future of the discipline The result is a comprehensive overview of the past present and future of social studies in elementary and secondary schools and an indispensable reference for educators historians and social scientists
