Bywater, Rhiannon Jones, 2007-10-08 Sexuality remains a neglected and largely taboo area within practice but it can be a demanding aspect of social work. This valuable resource introduces the topic using a combination of perspectives to consider sexual diversity and examining related issues across the life course including sexual orientation, disability, HIV, sexual abuse, mental health and sexual exploitation. *Case Studies on Sexual Orientation and Gender Expression in Social Work Practice* Lori Messinger, Deana F. Griffith, Marino A. Bruce, Roland J. Thorpe, Jr., 2019-04-25 Worldwide men have more opportunities, privileges and power yet they also have shorter life expectancies than women. Why is this? Why are there stark differences in the burden of disease, quality of life and length of life amongst men by race, ethnicity, disability, status, sexual orientation, gender identity, rurality and national context? Why is this a largely unexplored area of research? *Men's Health Equity* is the first volume to describe men's health equity as a field of study that emerged from gaps in and between research on men's health and health inequities. This handbook provides a comprehensive review of foundations of the field, summarizes the issues unique to different populations, discusses key frameworks for studying and exploring issues that cut across populations in the United States, Australia, Canada, the United Kingdom, Central America and South America and offers strategies for improving the health of key population groups and achieving men's health equity overall. This book systematically explores the underlying causes of these differences, describes the specific challenges faced by particular groups of men and offers policy and programmatic strategies to improve the health and well-being of men and pursue men's health equity. *Men's Health Equity* will be the first collection to present the state of the science in this field, its progress, its breadth and its future. This book is an invaluable resource for scholars, researchers, students and professionals interested in men's health equity, men's health psychology, men's health, gender studies, public health and global health. **Substance Use Disorders in Lesbian, Gay, Bisexual, and Transgender Clients** Sandra C.
