21st Century Psychology: A Reference Handbook Stephen F. Davis, William Buskist, 2007-12-17 Via 100 entries 21st Century Psychology A Reference Handbook highlights the most important topics issues questions and debates any student obtaining a degree in the field of psychology ought to have mastered for effectiveness in the 21st century This two volume reference resource available both in print and online provides an authoritative source to serve students research needs with

more detailed information than encyclopedia entries but without the jargon detail or density found in a typical journal article or a research handbook chapter. Students will find chapters contained within these volumes useful as aids toward starting research for papers, presentations or a senior thesis, assisting in deciding on areas for elective coursework or directions for graduate studies or orienting themselves toward potential career directions in psychology. The cadre of contributing authors consists of established experts within the field of psychology, including several former presidents of the American Psychological Association who are in tune with current and likely future directions of this amazingly broad and diverse field. The 100 chapters provide material of interest for students from all corners of psychological studies, whether their interests be in the biological, cognitive, developmental, social or clinical arenas. Coverage includes cutting edge topics such as human performance in extreme environments. Chapters are brief, reader friendly and presented at an appropriate level for undergraduate students, with references to guide them to key further readings. Key Features: Provides students with initial footholds on topics of interest in researching for term papers, in preparing for GREs and in consulting to determine directions to take in pursuing a senior thesis, a graduate degree, a career, etc. Offers full coverage of major subthemes and subfields within the field of psychology, including social, developmental, cognitive, biological, clinical and methodology. Provides uniformity in chapter structure to make it easy for students to locate key information with a common format of Introduction, Theory, Methods, Applications, Comparisons, Future Directions, Summary, References, Further Readings, and Cross References. **A Parent's Guide to Gifted Children** James T. Webb, 2007. Practical guidance in key areas of concern for parents, such as peer relations, siblings, motivation and underachievement, discipline, intensity and stress, depression, education planning and finding professional help. *Child Development* Laura E. Levine, Joyce Munsch, 2016-12-01. In the Third Edition of the topically organized *Child Development: An Active Learning Approach*, authors Laura E. Levine and Joyce A. Munsch invite students to take an active journey toward understanding the latest findings from the field of child development. Using robust pedagogical tools built into the chapter narratives, students are challenged to confront myths and misconceptions, participate in real world activities with children and independently, and utilize video resources and research tools to pursue knowledge and develop critical thinking skills on their own. This new edition covers the latest findings on developmental neuroscience, positive youth development, the role of fathers and more, with topics of diversity and culture integrated throughout. More than a textbook, this one-of-a-kind resource will continue to serve students as they go on to graduate studies, to work with children and adolescents professionally, and to care for children of their own. Challenge and Change June M. Benowitz, 2017-08-15. Focusing on 1950-1980, June Benowitz explores the development of the right-wing women's movements in the United States by analyzing differences and continuities between the generations of conservative activists. Benowitz particularly seeks to understand the ways in which grassroots members of the Old Right responded to the political, cultural and social ideologies of Baby Boomer youth by constructing a thematic framework covering major issues taken up by women such as education.
