Socialism And The Limits Of Liberalism:

Socialism and the Limits of Liberalism Peter Osborne, 1991-01

Liberalism's Crooked Circle Ira

Katznelson, 2021-08-10 This book is a profoundly moving and analytically incisive attempt to shift the terms of discussion in American politics. It speaks to the intellectual and political weaknesses within the liberal tradition that have put the United States at the mercy of libertarian authoritarian populist nakedly racist and traditionalist elitist versions of the right wing and it seeks to identify resources that can move the left away from the stunned intellectual incoherence with which it has met the death of Bolshevism. In Ira Katznelson's view, Americans are squandering a tremendous ethical and political opportunity to redefine and reorient the liberal tradition. In an opening essay and two remarkable letters addressed to Adam Michnik, who is arguably East Europe's emblematic democratic intellectual, Katznelson seeks to recover this possibility. By examining issues that once occupied Michnik's fellow dissidents in the Warsaw group known as the Crooked Circle, Katznelson brings a fresh realism to old ideals and posits a liberalism that stares hard at cruelty, suffering, coercion, and tyrannical abuses of state power. Like the members of Michnik's club, he recognizes that the circumference of liberalism's circle never runs smooth and that tolerance requires extremely difficult judgments. Katznelson's first letter explores how the virtues of socialism, including its moral stand on social justice, can be related to liberalism while overcoming debilitating aspects of the socialist inheritance. The second asks whether liberalism can recognize, appreciate, and manage human difference. Situated in the lineage of efforts by Richard Hofstadter, C. Wright Mills, and Lionel Trilling to thicken liberalism, these letters also draw on personal experience in the radical politics of the 1960s and in the dissident culture of East and Central Europe in the years immediately preceding communism's demise. *Liberalism's Crooked Circle* could help foster a substantive debate in the American elections of 1996 and determine the contents of that desperately needed discussion.

The Political Theory of Liberal Socialism Matthew

McManus, 2024-11-22 McManus presents a comprehensive guide to the liberal socialist tradition stretching from Mary Wollstonecraft and Thomas Paine through John Stuart Mill to Irving Howe, John Rawls, and Charles Mills. Providing a comprehensive critical genealogy of liberal socialism from a sympathetic but critical standpoint, McManus traces its core to the Revolutionary period that catalyzed major divisions in liberal political theory to the French Revolution that saw the emergence of writers like Mary Wollstonecraft and Thomas Paine who argued that liberal principles could only be inadequately instantiated in a society with high levels of material and social inequality. To John Stuart Mill, the first major thinker who declared himself a liberal and a socialist and who made major contributions to both traditions through his efforts to synthesize and conciliate them, McManus argues for liberal socialism as a political theory which could truly secure equality and liberty for all. An essential book on the tradition of liberal socialism for students, researchers, and scholars of political science and humanities.

The Legitimate Limits of Liberalism and Socialism : Some Images of Self and Society

Stauch, Marvin, 1994

Observing Complexity William Rasch, Cary Wolfe, The rubric of systems theory brings together

conceptual models and approaches in the sciences and social sciences that study complexity It attempts to provide a coherent means of describing all systems whether organic or inorganic and offers a theory of knowledge that can account for the integration of humans in the social informational and ecological systems in which we are enmeshed An introduction to the major concepts and foremost thinkers of systems theory this book brings systems theory into interaction with the major figures of postmodern theory The format is multiplex and open a rich montage including interviews exemplary essays and staged dialogues Throughout the writers aim is not to solidify theory but to provide a thorough explication and an open ended exploration of how systems theory can address in a fresh and productive way theoretical questions that too often have led to impasses between different schools of postmodern theory *Liberalism Without Illusions* Bernard Yack,1996-03 In this tightly organized collection of essays sixteen distinguished political theorists explore Shklar s intellectual legacy focusing both on her own ideas and on the broad range of issues that most intrigued her The volume opens with a series of varied and illuminating assessments of Shklar s conception of liberal politics The second part with essays on Descartes and Racine Hobbes Rousseau and Laski emphasizes the relation between individual freedom and moral psychology in modern political thought The third part addresses contemporary issues such as the role of hypocrisy offensive speech and constitutional courts in liberal democracies The book concludes with an autobiographical essay by Shklar that provides a vivid sense of her singular voice and personality Realism and Social Science Andrew Sayer,2000-02-11 Realism and Social Science offers an authoritative guide to critical realism and an assessment of its virtues in comparison with other leading traditions in social science It is illustrated throughout with relevant and accessible examples Beyond Liberalism and Communism Michael Brie,2024-06-21 Beyond Liberalism and Communism Socialist Theory and the Chinese Case presents a new conceptual framework of socialism and applies it to the study of socialist development in China shedding new light on modern China and signposting novel directions in socialist thought Based on a Marxian Polanyian approach the book develops a new conceptual framework of socialism by taking the liberal and the communist challenges seriously In doing so Brie develops a liberal and a communist formula of socialism based upon two owners of socialist property the individuals and the society different forms of possession public common associative and individual meditating the interests of the two opposite owners and democracy as an expression of the will of the many and of all together in common This formula is then applied to socialist development in China analysing its booming centrally directed economy and the political ways to safeguard democracy as the rule of for and by the people under the Chinese Communist Party With an analysis of the means by which China has pursued a unique form of socialist development Beyond Liberalism and Communism Socialist Theory and the Chinese Case will appeal to scholars of modern China political theory political sociology and socialist thought **Liberalism and Distributive Justice** Samuel Richard Freeman,2018 Samuel Freeman is a leading political philosopher and one of the foremost authorities on the works of John Rawls Liberalism and Distributive Justice offers a series of Freeman s essays in contemporary political philosophy on

three different forms of liberalism classical liberalism libertarianism and the high liberal tradition and their relation to capitalism the welfare state and economic justice

From Statism To Pluralism Paul Hirst, Birkbeck College Paul Hirst Professor of Social Theory, 2013-02-01 Modern societies currently lack positive alternative visions of the future Many writers have claimed that the only option is a return to free market capitalism in which success and survival depend on being as competitive as possible whether as a nation firm or individual Paul Hirst argues that there are viable alternative futures and widely applicable models that can be used to structure change Hirst's distinctive approach to political theory reasons from real political problems rather than confining itself to abstract concepts Presenting an innovative political position this collection of essays represents an attempt to restate a practical third way between the discredited ideals of state socialism and laissez faire capitalism

Radical Philosophy, 1991

Piero Gobetti and the Politics of Liberal Revolution J. Martin, 2008-11-24 Piero Gobetti was a radical liberal and critic of Italian politics in the years after World War I he proposed revolutionary liberalism which guided his opposition to Fascism and inspired key figures in the Italian Resistance Accessible but critical this volume offers a balanced assessment of his enduring significance

Rethinking Liberal Equality Andrew Levine, 2019-04-15 For more than a quarter century academic political philosophy has been dominated by strains of liberal theory shaped decisively by John Rawls's seminal investigations of distributive justice and political legitimacy By intervening sympathetically but critically into several ongoing debates initiated by Rawls's work Andrew Levine suggests the possibility of a supra liberal egalitarian political philosophy that incorporates the insights of recent developments in liberal theory while reinvigorating the political vision of the historical Left Taking current discussions about justice equality and political neutrality as his points of departure Levine suggests the need to rethink mainstream liberal understandings of equality and related notions The rethinking he proposes lends support ultimately for a vision of ideal social and political arrangements of a kind intimated though only barely sketched in the work of Rousseau and Marx a vision that not long ago was widely endorsed but that nowadays is almost everywhere regarded as hopelessly utopian In marked opposition to the reigning consensus view Levine argues that after compelling liberal concerns are taken into consideration the vision of ideal social and political arrangements which motivated generations of progressive thinkers and political actors is anything but utopian and remains as timely today as it ever was This vision Levine insists is indispensable for curing contemporary liberalism of its tendency to acquiesce in a status quo that is ultimately at odds with democratic egalitarian and even liberal values

The Politics of Evasion Robert Latham, 2016-03-31 Burgeoning national security programs thickening borders Wikileaks and Anonymous immigrant rights rallies Occupy movements student protests neoliberal austerity global financial crises these developments underscore that the fable of a hope filled post cold war globalization has faded away In its place looms the prospect of states and corporations transforming a permanent war on terror into a permanent war on society How at the critical juncture of a post globalization era will policymakers and power holders in leading states and corporations of

the Global North choose to pursue power and control What possibilities and limits do activists and communities face for progressive political action to counter this power inside and outside the state This book is a sustained dialogue between author and political theorist Robert Latham and Mr V a policy analyst from a state in the Global North Mr V is sympathetic to the pursuit of justice rights and freedom by activists and movements but also mindful of the challenges of states in pursuing security and order in the current social and political moment He seeks a return to the progressive welfare oriented state associated with the twentieth century The dialogue offers an in depth consideration of whether this is possible and how a progressive politics might require a different approach to social organization power and collective life Exploring key ideas such as sovereignty activism neoliberalism anarchism migration intervention citizenship security political resistance and transformation and justice this book will be of interest to academics and students of Political Science Sociology Anthropology Law Geography Media and Communication and Cultural Studies *Liberalism Versus Conservatism* François B.

Gérard,2000 Everyone eschews labels yet we all seem to possess them in the minds of legions of politicians marketers and even the ever peering government We are being targeted daily by flaming liberals left wing liberals right wing conservatives compassionate conservatives religious conservatives and liberals pinko liberals middle of the road liberals conservatives and liberals pinko liberals middle of the road liberals and conservatives and of course by neoconservatives and neoliberals The search is on for kindred souls the types who will open their wallets to support whatever it is the hucksters are peddling But what do these concepts mean and do their torchbearers grasp the underlying philosophies or do they care This bibliography lists over hundreds of entries under each category which are then indexed by title and author *The Danger of Progressive Liberalism* Charles Gross,2011 The United States is under assault by the progressive attitudes and actions of the liberal Left At this critical time in our history it is imperative that conservatives stand united against this assault The majority of Americans are not progressive liberals so why should we have to live with progressive liberal policies Charles Gross thinks it is time to fight for individual liberties and America's future He makes a case for the following Liberals consistently say one thing and do another Liberal politicians blatantly promote racism and divisiveness Progressive liberal concepts enable the Islamic agenda of global domination Many moderate Americans support liberal candidates voting against their own best interests Republican politicians contribute to the problem by failing to act with integrity and according to the Constitution Gross proposes achievable solutions to restore traditional American values By reducing the size of the federal government reforming taxation maintaining a strong national defense and applying the tenets of the United States Constitution along with common sense it is possible to save America from progressive liberalism *Liberal Solidarity* Hodgson, Geoffrey M.,2021-08-27 The twenty first century has seen major challenges to freedom and democracy Authoritarianism is on the rise and democracy is in retreat Some promote individualism and markets as the solution to almost every problem On the other side there are those who champion collectivism and full public ownership Neither side is convincing Unrestrained capitalism

has exacerbated inequality Socialism in practice has ended democracy Effective defenders of liberty and human flourishing must find a different course This book argues for a pragmatic social democratic liberalism that avoids unrealistic extremes and tackles major problems such as inequality and climate change *The Liberalism-communitarianism Debate* Cornelius F. Delaney, 1994 This collection of essays offers one of the latest challenges to liberalism and communitarianism The contributors political scientists and philosophers explore both schools of thought providing arguments for each Publisher

The Tyranny of Liberalism James Kalb, 2014-04-29 When it comes to liberalism the usual story in postwar America is one of decline accompanied by the subplot of conservatism's ascendance But take a longer view look beyond and below politics and it is the unchallenged triumph of liberalism and its philosophical assumptions that ought to command our attention The triumph of liberalism means the tyranny of liberalism explains James Kalb in this illuminating book for liberalism is the extension into the sociopolitical realm of modern scientific thought and technological rationality These modes of thinking are regarded by nearly everyone today as uniquely authoritative those institutions and beliefs which do not conform are regarded at best as annoyances and at worst as evil Furthermore Kalb shows how liberalism is an expression of the interests and outlook of commercial and managerial elites who are suspicious of less rationalized and controllable forms of social organization like the family **The Quest for a Liberal-Socialist Democracy and Development** Vjeran

Katunarić, 2019-01-29 This book explains why elective affinity exists between democratic and non democratic ideologies and why liberal socialism as a compromise between liberalism and socialism did not succeed in the 20th century As is shown here the main reason for such affinity is the self incurred immaturity of both ideologies Although both concepts diverged from the beginning as contenders in the political scene they gradually became more antagonistic and self contained Furthermore the idea of the self production of both liberalism and socialism system absorbed their democratic potential and expanded the elective affinity toward authoritarian ideologies and regimes The book also provides a set of policies of liberal socialism that may serve to remove the liabilities of liberalism and socialism as separate ideologies and policies and produce conditions for democratic and economically sustainable development
