The Myth Makers The Elusive Bargain For South Africa's Future:

Restructuring South Africa John D. Brewer, 2016-07-27 The volume assesses whether or not South Africa can achieve peace and stability following the violence chaos and disorder that has accompanied the transition from apartheid Some chapters examine important aspects which define the current period of chaos in order to evaluate the prospects of the disorder coming to an end Others address key areas of reform by which peace and stability could be restored in order to assess the likelihood of this being achieved

The Origins and Demise of South African Apartheid Anton David Lowenberg, William H. Kaempfer, 1998 What motivated South Africa's former white leaders to hand over the reins of power to a black government Economist Anton D Lowenberg examines the economic interests that led to apartheid and the economic prospects for post apartheid South African society

The Myth Makers, 1990 *Political Cultures in Democratic South Africa* M. Neocosmos, Raymond Suttner, Ian Taylor, 2002 The contributions to this Discussion Paper reflect upon different but related aspects of South African democracy after Apartheid as represented in a variety of social forces institutions and individuals They illustrate that societies in transition have to make sustained efforts to overcome the legacies of the past and that the present reproduces some of the past structural constraints and patterns of power and control in the new framework The contributions were originally presented to a workshop organized in Cape Town in December 2001

National Identity and Democracy in Africa Mai Palmberg, 1999 Province of South Africa

South Africa's Brittle Peace P. Toit, 2001-03-13 South Africa has succeeded in establishing a democracy but has yet to eliminate public violence from society This book takes up the issue of post settlement violence and ways of consolidating the newly found democratic peace The role of negotiated institutions such as the new police force economic factors relevant to the anticipated peace dividend external factors such as arms smuggling networks popular responses to rising threats to physical safety and symbolic factors in enhancing the capacity of the state to deal with this issue are examined

Heart of Whiteness June Goodwin, Ben Schiff, 1995 When South Africa's present transitional government comes to an end apartheid will be dead But just as the demise of slavery did not solve America's race problems so the abolition of apartheid will only begin South Africa's healing process Heart of Whiteness examines the cataclysmic changes taking place among Afrikaners the white tribe of South Africa

Karl Mannheim and the Crisis of Liberalism David Kettler, Volker Meja, 2018-01-16 To reflect on Karl Mannheim is to address fundamental issues of political enlightenment Mannheim's driving determination was to learn as a sociologist by close observation the secret even if it is infernal of these new times Mannheim's aim was to carry liberal values forward His problem remains irresistible to reflective people at the end of the twentieth century Mannheim attempted to link social thinking to political emancipation despite overwhelming evidence

against the connection Karl Mannheim and the Crisis of Liberalism is a sympathetic biography of Mannheim's paradoxical and paradigmatic project. The book covers a wide range of European and American thought including Mannheim's dealings with Georg Lukacs and Oscar Jzsi in Budapest with Alfred Weber Leopold von Wiese Franz Neumann Paul Tillich Adolph Loewe and his students in Weimar Germany with Louis Wirth Edward Shils and other major figures in American sociology and with social analysts and religious thinkers in England. The analysis is informed by dilemmas of history and theory science and rhetoric freedom and technical control the themes of liberalism. Kettler and Meja carefully depict each stage of Mannheim's life as a sociologist and explore his influence on leading social thinkers. Karl Mannheim and the Crisis of Liberalism combines significant biographical information with insightful sociological theory. It will be a vital resource for historians sociologists and political theorists.
