Ellis, 2023-11-15 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1974 , **The Nature and Function of Art** Leopold Eidlitz, 1881 **The Nature and Functions of Dreaming** Ernest Hartmann, 2011 The Nature and Function of Dreaming presents a comprehensive theory of dreaming based on many years of psychological and biological research by Ernest Hartmann and others Critical to this theory is the concept of a Central Image in this volume Hartmann describes his repeated finding that dreams of being swept away by a tidal wave are common among people who have recently experienced a trauma of some kind a fire an attack or a rape Dreams with these Central Images are not dreams of the traumatic experience itself but rather the Central Image reveals the emotional response to the experience Dreams with a potent Central Image like the tidal wave vary in intensity along with the severity of the trauma this pattern was shown quite powerfully in a systematic study of dreams occurring before and after the September 11 attacks in New York Hartmann's theory comprises three fundamental elements dreaming is simply one form of mental functioning occurring along a continuum from focused waking thought to reverie daydreaming and fantasy Second dreaming is hyperconnective linking material more fluidly and making connections that aren't made as readily in waking thought Finally the connections that are made are not random but rather are guided by the dreamer's emotions or emotional concerns and the more powerful the emotion the more intense the Central Image **LINES OF FIRE, SHADOWS OF MEMORY: FICTION, HISTORY, AND THE GHOSTS OF EMPIRE IN AMITAV GHOS** Dr. HITESH B JOSHI, 2025-10-14 **The Performative Nature and Function of Isaiah 40-55** Jim W. Johnson, 2017-10-30 Identifying the scenes of written texts is a critical skill for following the course set by an author Even a small variation in course heading can result in compounding an error over time with regard to one's intended destination Perhaps nowhere is this more important than in the opening unit of Mark's Gospel In this book Brad Johnson sets out to follow the course prescribed by the author of the second Gospel Making use of the principles of Inductive Bible Study rhetorical criticism and a study of ancient prologues Johnson makes a twofold case that Mark's opening unit the first fifteen verses demonstrates a formal integrity and performs a rhetorical function As such the Markan prologue situates the public

life and ministry of Jesus within the broader context of an epic drama A failure to acknowledge the unique contribution of Mark as author in this regard will likely result in a destination the author never intended
