

The New Americans Cuban Boat People

L Darling-Hammond

The New Americans Cuban Boat People:

The New Americans James Haskins, 1982 Discusses conditions in Cuba which have led to mass immigration of Cubans to the United States the expectations which refugees bring to their new country and the realities of their life in America

Asylum Policy, Boat People and Political Discourse Irial Glynn, 2016-06-11 This book compares the policies of Australia and Italy towards boat people who have arrived in the two countries since the early 1990s While the regular and varied inflow of immigrants arriving at national airports ferry terminals and train stations is seldom witnessed by the public the arrival of boat people is often played out in the media and consequently attracts disproportionate political and public attention Both Australia and Italy faced similar dilemmas but the nature of political debate on the issue the types of strategies introduced and the effects that policy changes had on boat people diverged considerably This book argues that contrasting migration path dependencies disparate political values within the Left and varying international obligations best explain the different approaches taken by the two countries to boat people *The New Americans* Mary C. Waters, Reed Ueda, Helen B. Marrow, 2007-01-30 The U S has always been a nation of immigrants shaped by successive waves of new arrivals This comprehensive guide provides an authoritative account of the most recent surge of immigrants Based on the latest U S Census data and scholarly research this book is an essential reference for anyone curious about the changing face of America Teaching U.S. History Through Children's Literature Wanda Miller, 1998-11-15 Similar to U S History Through Children s Literature From the Colonial Period to World War II in format and approach historical fiction and nonfiction are integrated into modern U S History For each of these topics Miller suggests two or more titles one for use with the entire class and one for use with small reading groups Summaries of the books author information activities and topics for discussion are supplemented with vocabulary lists and ideas for research topics and further reading This integrated approach makes history more meaningful to students and helps them retain historical details and facts by immersing them in stories surrounding historical events A well researched and thorough resource The Liberating Spirit Eldin Villafane, 2021-03-23 This book takes a giant step both in theology and in social ethics It forces theologians to examine the worship and spirituality of Hispanic Pentecostals as a source of theological construction and pushes the Pentecostals themselves to see the broader social implications of their own faith expressions With both Hispanic peoples and Pentecostals forming a larger and larger portion of the American cultural and religious reality this is a vital book indeed an indispensable one for any person knowledgeable about our society to read and ponder Harvey Cox Harvard Divinity School Here is a pioneering book Villafane works a synthesis of the cultural and the spiritual and celebrates the capacity of Pentecostalism to appeal to Hispanic Americans The time is ripe for this important book which delves into the very passion of the human heart and offers an ethic of hope and liberation It should be read by anyone interested in the spiritual condition of Hispanics in a pluralistic society Jesse Miranda Azusa Pacific University The Liberating Spirit should be required reading for anyone interested in the study of

social ethics Pentecostal theology or Hispanic American theology Dr Villafane has broken the long standing bifurcation of the profane and the sacred so often associated with Pentecostal theology The Liberating Spirit introduces us to a new and liberating way of being Christians led by the spirit in the modern world Samuel Solivan Andover Newton Theological School Fully aware of the pitfalls and promises of oral theology Villafane approaches his topic from inside an Hispanic Pentecostal understanding of the Spirit vividly describing the pains and joys of an Hispanic Pentecostal in the United States After reading this book it is impossible to paint the whole Pentecostal movement with the brush of right wing theological and political conservatism Walter Hollenweger University of Birmingham England **The New American Immigration** Francesco Cordasco,1987 **Black Authors and Illustrators of Books for Children and Young Adults** Barbara Thrash Murphy,Deborah L. Murphy,2006-12-21 Black Authors and Illustrators of Books for Children and Young Adults is a biographical dictionary that provides comprehensive coverage of all major authors and illustrators past and present As the only reference volume of its kind available this book is a valuable research tool that provides quick access for anyone studying black children s literature whether one is a student a librarian charged with maintaining a children s literature collection or a scholar of children s literature The Fourth Edition of this renowned reference work illuminates African American contributions to children s literature and books for young adults The new edition contains updated and new information for existing author illustrator entries the addition of approximately 50 new profiles and a new section listing online resources of interest to the authors and readers of black children s literature *Latinos and Politics* F. Chris Garcia,1991 **Decision and Structure** Mario A. Rivera,1991 The 1980 Cuban influx represented a unique challenge to federal refugee policy mechanisms and to prevalent concepts of policy analysis and evaluation The persistence of unworkable policies across two Presidential administrations suggests that organizational structural and decisional rather than personality or motivational factors were principally determinative of policy failure This work suggests elements of a causal theory based on these factors and a mode of normative evaluation based on mixed analytical strategies that attend to both decisional process and institutional structure *Daily Life of the New Americans* Christoph Strobel,2010-06-02 A detailed and engaging historical examination that provides an intimate understanding of the daily life of the new immigrants in the United States In the last decades a growing number of immigrants from around the world have arrived in the United States Daily Life of the New Americans Immigration since 1965 provides a thematic overview of their everyday lives and underscores the diversity and complexity of the newcomer experience Organized into 6 thematic chapters the book examines how immigrants from Latin America Asia Africa the Middle East and Europe are changing the face of the American nation and at the same time are themselves being changed by living in America The stories told here are enhanced through the use of oral histories that bring immigrant experiences vividly to life

The New Americans Cuban Boat People Book Review: Unveiling the Power of Words
