

The New Corinthians

Ben Witherington, III

The New Corinthians:

The First Epistle to the Corinthians Gordon D. Fee, 1987-07-10 Gordon Fee's work on I Corinthians is a contribution to The New International Commentary on the New Testament Prepared by some of the world's leading scholars the series provides an exposition of the New Testament books that is thorough and fully abreast of modern scholarship yet faithful to the Scriptures as the infallible Word of God

2 Corinthians (Word and Spirit Commentary on the New Testament) Ben Witherington, III, 2024-10-29 The Spirit who inspired the authors of the New Testament is at work today around the globe as evidenced by the explosive growth of pentecostal charismatic and renewalist movements There is a clear need for a balanced affordable and accessible commentary series aimed at Christians who identify as Spirit filled The Word and Spirit Commentary on the New Testament series emphasizes how we listen alongside ancient audiences for the Spirit's voice in our time and contexts Written by pastorally sensitive biblical scholars from the Spirit filled tradition these commentaries explore how God works in the biblical texts and how Christians can expect God to work today even if in new or culturally surprising ways Series editors are Holly Beers Westmont College and Craig S Keener Asbury Theological Seminary In this addition to the series senior scholar Ben Witherington III engages 2 Corinthians in its ancient setting and explores its message for Spirit filled Christians today Images illustrations and sidebars on pentecostal charismatic revival history or insights are included

1 Corinthians J. Ayodeji Adewuya, 2019-04-09 New Testament scholars have widely recognized and acknowledged the occasional nature of Paul's first canonical letter to the Corinthians In the letter Paul addresses real problems that were faced by real people in a real world This commentary shows how the church in the twenty first century mirrors the Corinthian Church in many ways It goes further to show how the church in the present day particularly its leaders could benefit from how Paul addressed the situations that the church faced

The Second Epistle to the Corinthians Paul Barnett, 1997-04-17 This statement reflects the underlying purpose of The New International Commentary on the New Testament Begun in the late 1940s by an international team of New Testament scholars the NICNT series has become recognized by pastors students and scholars alike as a critical yet orthodox commentary marked by solid biblical scholarship within the evangelical Protestant tradition While based on a thorough study of the Greek text the commentary introductions and expositions contain a minimum of Greek references The NICNT authors evaluate significant textual problems and take into account the most important exegetical literature More technical aspects such as grammatical textual and historical problems are dealt with in footnotes special notes and appendixes Under the general editorship of three outstanding New Testament scholars first Ned Stonehouse Westminster Theological Seminary Philadelphia then F F Bruce University of Manchester England and now Gordon D Fee Regent College Vancouver British Columbia the NICNT series has continued to develop over the years In order to keep the commentary new and conversant with contemporary scholarship the NICNT volumes have been and will be revised or replaced as necessary The newer NICNT volumes in particular take into account

the role of recent rhetorical and sociological inquiry in elucidating the meaning of the text and they also exhibit concern for the theology and application of the text As the NICNT series is ever brought up to date it will continue to find ongoing usefulness as an established guide to the New Testament text The Second Epistle to the Corinthians Murray J. Harris,2005-01-01 The reputation of the NIGTC series is so outstanding that the appearance of each new volume is noteworthy This book on 2 Corinthians is no exception Master New Testament exegete Murray J Harris has produced a superb commentary that analyzes the Greek text verse by verse against the backdrop of Paul s tumultuous relations with his converts at Corinth Believing that Scripture cannot be understood theologically unless it has first been understood grammatically Harris provides a careful thoroughgoing reading of the text of 2 Corinthians He gives special attention to matters of translation making regular references not only to the standard modern English translations but also to influential older versions such as The Twentieth Century New Testament and those by Weymouth Moffatt and Goodspeed His close attention to matters of textual criticism and grammar leads to discussions of the theology of 2 Corinthians that show the relevance of Paul s teaching to Christian living and church ministry Other notable features of the book include a comprehensive introduction in which all the relevant literary and historical issues are discussed an expanded paraphrase of the letter that conveniently shows Harris s decisions on exegetical issues and indicates the flow of Paul s argument a chronology of the relations of Paul Timothy and Titus with the Corinthian church and an excursus on Paul s affliction in Asia 1 8 11 and its influence on his outlook and theology **II Corinthians** Frank J. Matera,2013-09-25 This commentary on II Corinthians in the New Testament Library continues the exemplary quality of the series Frank Matera provides a commentary that is a close study of the backgrounds and language of the text while also providing important theological insights into the message of Paul for his time and for the contemporary church The New Testament Library offers authoritative commentary on every book and major aspect of the New Testament as well as classic volumes of scholarship The commentaries in this series provide fresh translations based on the best available ancient manuscripts offer critical portrayals of the historical world in which the books were created pay careful attention to their literary design and present a theologically perceptive exposition of the text **II Corinthians** Frank J. Matera,2003-01-01 This commentary on II Corinthians in the New Testament Library continues the exemplary quality of the series Frank Matera provides a commentary that is a close study of the backgrounds and language of the text while also providing important theological insights into the message of Paul for his time and for the contemporary church The New Testament Library offers authoritative commentary on every book and major aspect of the New Testament as well as classic volumes of scholarship The commentaries in this series provide fresh translations based on the best available ancient manuscripts offer critical portrayals of the historical world in which the books were created pay careful attention to their literary design and present a theologically perceptive exposition of the text **2 Corinthians** David E. Garland,1999-11-01 One in an ongoing series of

esteemed and popular Bible commentary volumes based on the New International Version text The Structure of Second Corinthians Kei Hiramatsu, 2023-09-07 Hiramatsu Kei examines the literary structure of 2 Corinthians and how it can illuminate understanding of this Pauline letter and its theological message He explores the theoretical foundations of Inductive Bible Study as an approach which focuses on the meaning of biblical texts in their final form by incorporating insights from multifarious methodologies Based on the final form of the letter and its compositional unity he prioritizes the literary context as consequential evidence for interpretation Hiramatsu argues that there are two major components of the literary structure the division of the letter and the identification of major structural relationships within and between the divided parts Thus he proposes that 2 Corinthians consists of seven major segments which coherently develop Paul's discourse pertaining to ministry and discusses the implications regarding his theology of theocentric ministry and that of weakness that arise from a literary investigation Hiramatsu demonstrates that an inductive and integrative approach not only presents a more suitable and helpful literary structure for 2 Corinthians but also illustrates the relevance of such study when seeking to gain understanding of the theological implications of the letter **The Great Sermon Tradition as a Fiscal Framework in 1 Corinthians** Christopher L. Carter, 2010-02-03 What is Paul's theology of material possessions and where did it come from Through demonstrating continuity in the broad fiscal thought of Jesus and Paul Carter suggests that Paul owes his financial thought to the great sermon tradition Carter establishes this by assessing Paul's historical environment and extant writings to display the plausibility that Paul knew the dominical tradition Carter goes on to assess the likelihood that Paul knew the pre-synoptic sermon tradition because of its ubiquity in early church discipleship The study finishes with the conclusion that Jesus and Paul's financial thought displays remarkable symmetry which cannot be explained merely by a common cultural environment Consequently it is deemed highly likely that Paul depends on the dominical tradition for the contours of his financial thought

Immerse yourself in heartwarming tales of love and emotion with is touching creation, **The New Corinthians** . This emotionally charged ebook, available for download in a PDF format (Download in PDF: *), is a celebration of love in all its forms. Download now and let the warmth of these stories envelop your heart.
