The New Era in American Poetry Louis Untermeyer, 1919 For contents see Author Catalog *The New Era in American Poetry* Louis Untermeyer, 1919 For contents see Author Catalog The New Era in American Poetry Louis Untermeyer, 2015-06-25 Excerpt from *The New Era in American Poetry* This volume purporting to be a r sum of the principal forces and figures in what has been conceded to be America s most poetic period is a collection of articles reviews and digressions that have appeared during the last seven or eight years It is scarcely however a complete file of statistics it pretends to be neither an academic handbook nor the encyclopaedic result of a theory that has the strut of a finality The standpoint chosen is generally a personal one not the aloof and olympian attitude towards art which is so often supposed to represent the true poise of criticism It is what criticism sometimes happens to be an explanatory if not a conclusive summary And yet I hope it is something more than an annotated record of preferences and prejudices I owe much to the many authors whose ready permission to quote has given this volume far greater authority than my own dubious dicta I am also obligated for valuable aid to the courtesy of various publishers for permission to reprint poems which reinforce what critical value there may be in the text About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The New Era in American Poetry** Louis Untermeyer, 1970 *The New Era in American Poetry (Classic Reprint)* Louis Untermeyer, 2017-11-25 Excerpt from *The New Era in American Poetry* And poetry It differed only slightly from the other arts in its lack of national individuality the poetic schools may have been more numerous but they were no more original Examine the most famous of them About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works The New Poetry Mary Prescott Parsons, 1922 **The Bookman** , 1927 **Wreading** Jed Rasula, 2022-03-29 Jed Rasula is a preeminent scholar of avant garde poetics noted for his erudition intellectual range and critical independence He s also a gifted writer his recent books have won praise for their entertaining clear prose in addition to their scholarship He is also an alumnus of UAP s distinguished Modern and Contemporary Poetics series which published his *Syncopations* fifteen years ago

Rasula returns to the MCP series with *Wreading* A collection of essays interviews and occasional writings that reflects the breadth and diversity of his curiosity One of the referees likened *Wreading* to a victory lap but one that sets its own further record in the taking This is a collection of highlights from Rasula s shorter critical pieces but also a carefully assembled and revised intellectual autobiography *Wreading* consists of two parts an assortment of Rasula s solo criticism and selected interviews and conversations with other critics and scholars Evelyn Reilly Leonard Schwartz Tony Tost Mike Chasar Joel Bettridge and Ming Qian Ma The collection opens with a trio of essays that complicate the idea of a poet By interrogating the selection of poets for anthologies in the 20th century Rasula identifies a host of forgotten poets once prominent but now forgotten Another essay on the state of the poetry anthology reveals how much influence literary gatekeepers have and what a reimagination of the anthology form could make possible In subsequent chapters Rasula finds surprising overlap between Dada and Ralph Waldo Emerson charts the deep links between image and poetic inspiration and reckons with Ron Silliman s *The Alphabet* a UAP classic In the book s second half Rasula engages in detailed conversations with a roster of fellow critics Their exchanges confront ecopoetics the corporate university the sheer volume of contemporary poetry and more This substantial set of dialogues gives readers a glimpse inside a master critic s deeply informed critical practice and lists his intellectual touchstones The balance between essay and interview achieves a distillation of Rasula s long established idea of wreading In his original use the term denotes how any act of criticism inherently adds to the body of writing that it purports to read how Rasula couldn t help but participate in his favorite poems In this latest form *Wreading* captures a critical perception that sparks insight and imagination no matter what it sees
