The Mystery Of The Supernatural

The Mystery Of The Supernatural:

The Mystery of the Supernatural Henri de Lubac, 1967 (cardinale), 1967 *Mystery Of The Supernatural. Translated, The* Henri de Lubac, 1967 The Givenness of Desire Randall S. Rosenberg, 2017-06-16 In *The Givenness of Desire* Randall S. Rosenberg examines the human desire for God through the lens of Lonergan's concrete subjectivity. Rosenberg engages and integrates two major scholarly developments: the tension between Neo-Thomists and scholars of Henri de Lubac over our natural desire to see God and the theological appropriation of the mimetic theory of René Girard with an emphasis on the saints as models of desire. With Lonergan as an integrating thread, the author engages a variety of thinkers including Hans Urs von Balthasar, Jean-Luc Marion, René Girard, James Alison, Lawrence Feingold, and John Milbank among others. The theme of concrete subjectivity helps to resist the tendency of equating too easily the natural desire for being with the natural desire for God without at the same time acknowledging the widespread distortion of desire found in the consumer culture that infects contemporary life. *The Givenness of Desire* investigates our paradoxical desire for God that is rooted in both the natural and supernatural.

Work of Love Leonard J. DeLorenzo, 2017-02-02 The saints are good company. They are the heroes of the faith who blazed new and creative paths to holiness; they are the witnesses whose testimonies echo throughout the ages in the memory of the Church. Most Christians and particularly Catholics are likely to have their own favorite saints: those who inspire and speak to believers as they pray and struggle through the challenges of their own lives. Leonard DeLorenzo's book addresses the idea of the communion of saints rather than individual saints with the conviction that what makes the saints holy and what forms them into a communion is one and the same. *Work of Love* investigates the issue of communication within the *communio sanctorum* and the fullness of Christian hope in the face of the meaning or meaninglessness of death. In an effort to revitalize a theological topic that for much of Catholic history has been an indelible part of the Catholic imaginary, DeLorenzo invokes the ideas of not only many theological figures (Rahner, Ratzinger, Balthasar, and de Lubac among others) but also historians, philosophers (notably Heidegger and Nietzsche), and literary figures (Rilke and Dante) to create a rich tableau. By working across several disciplines, DeLorenzo argues for a vigorous renewal in the Christian imagination of the theological concept of the communion of saints. He concludes that the embodied witness of the saints themselves, as well as the liturgical and devotional movements of the Church at prayer, testifies to the central importance of the communion of saints as the eschatological hope and fulfillment of the promises of Christ.

The Mystery of the Supernatural ... Translated by Rosemary Sheed Henri de Lubac, Rosemary SHEED, 1967 *The Sacrament of Desire* Alex D. Suderman, 2022-09-26 This book explores the political theological implications of sacramental desire in Fyodor Dostoevsky's *The Brothers Karamazov* with Friedrich Nietzsche's *Thus Spoke Zarathustra* in critical dialogue with Henri de Lubac. Suderman demonstrates how the work of de Lubac, Dostoevsky, and Nietzsche address a transcendent desire for a higher social and political unity in late modern Western

cultures and the imperialistic and coercive tendencies latent within it concretely expressed in the Western church and the modern state Specifically this book investigates how Dostoevsky and Nietzsche envision new forms of political embodiment that are neither escapist nor imperialist Through a detailed examination of Zarathustra s dramatic discovery of the eternal return and Alyosha s mystical experience of the resurrection Suderman demonstrates the metaphysical significance of their respective political ethics While the intent of de Lubac is to recover the social implications of the sacraments of Roman Catholicism Nietzsche and Dostoevsky espouse alternative articulations of community and the sacramental desire necessary for such embodiment a desire rooted in their respective perceptions of God Everything Is Sacred Bryan C. Hollon, 2009-01-01

It is well known that Henri de Lubac s groundbreaking and highly controversial work on nature and grace had important implications for the Church s relationship to culture and was intended to remove a philosophical obstacle hindering Catholicism s faithful engagement with the secular world This book addresses a too often neglected dimension of de Lubac s theological renewal by examining the centrality and indispensability of spiritual exegesis in his oeuvre and making explicit its social and political significance for the Church s worship and witness In addition to exploring the historical and ecclesial context within which he worked the current work brings de Lubac into a critical engagement with the more recent theological movements of postliberalism and radical orthodoxy in order to demonstrate the enduring significance of his theological vision An Introduction to Vatican II as an Ongoing Theological Event Matthew Levering, 2017

Contemporary scholars often refer to the event of Vatican II but what kind of an event was it In this first book of the new CUA Press series Sacra Doctrina Matthew Levering leads his readers to see the Council as a theological event a period of confirming and continuing God s self revelation in Christ into a new historical era for the Church This is an introduction to Vatican II with a detailed summary of each of its four central documents the dogmatic constitutions followed by explanations of how to interpret them In contrast to other introductions which pay little attention to the theological soil in which the documents of Vatican II germinated Levering offers a reading of each conciliar Constitution in light of a key theological author from the era Ren Latourelle SJ for Dei Verbum persons and propositions Louis Bouyer CO for Sacrosanctum Concilium active participation Yves Congar OP for Lumen Gentium true and false reform and Henri de Lubac SJ for Gaudium et Spes nature and grace This theological event is ongoing Levering demonstrates by tracing in each chapter the theological debates that have stretched from the close of the council till the present and the difficulties the Church continues to encounter in encouraging an ever deeper participation in Jesus Christ on the part of all believers In this light the book s final chapter compares the historicist Massimo Faggioli and Christological Robert Imbelli interpretations of Vatican II arguing that historicism can undermine the Council s fundamental desire for a reform and renewal rooted in Christ The conclusion addresses the concerns about secularization and loss of faith raised after the Council by Henri de Lubac Joseph Ratzinger and Yves Congar arguing that contemporary Vatican II scholarship needs to take these concerns more seriously

All Things Come into Being Through Him David O. Brown, 2023-04-15 David O Brown demonstrates how it is possible to embrace deism without that leading to those problems deism presents to the Christian namely the denial of providence and rejection of the incarnation
