THE WOFFORD SYMPOSIUM ITS PURPOSE GENESIS AND THEME The purpose of The Wofford Symposium was to stimulate original scholarship on the theme of the meeting to provide a forum in philosophy of high quality in the area which Wofford College principally serves and to make available for publication this collection of papers which it was felt would meet a peculiar need in the contemporary literature of philosophy In April 1967 I attended the annual meeting of the Metaphysical Society of America at Purdue University Noting the frequency with which Hegel was brought into the discussions at that meeting I was led on two occasions to inject the question into informal group discussions in the halls Isn't it time some sort of symposium on Hegel was held On the last occasion Professor Frederick Weiss replied Why don't you start it I'm not yet certain how serious the remark was intended to be but after waiting two months half expecting to hear of a plan under way it occurred to me that perhaps what was wanting was a concrete proposal

Hegel and the Hermetic Tradition Glenn Alexander Magee, 2008 Glenn Alexander Magee's pathbreaking book argues that Hegel was decisively influenced by the Hermetic tradition a body of thought with roots in Greco-Roman Egypt Magee traces the influence on Hegel of such Hermetic thinkers as Baader Böhme Bruno and Paracelsus and fascination with occult and paranormal phenomena Hegel and the Hermetic Tradition covers Hegel's philosophical corpus and shows that his engagement with Hermeticism lasted throughout his career and intensified during his final years in Berlin Viewing Hegel as a Hermetic thinker has implications for a more complete understanding of the modern philosophical tradition and German idealism in particular

The Mystical Sources of Existentialist Thought George Pattison, Kate Kirkpatrick, 2018-11-21 At the time when existentialism was a dominant intellectual and cultural force a number of commentators observed that some of the language of existential philosophy not least its interpretation of human existence in terms of nothingness evoked the language of so-called mystical writers This book takes on this observation and explores the evidence for the influence of mysticism on the philosophy of existentialism It begins by delving into definitions of mysticism and existentialism and then traces the elements of mysticism present in German and French thought during the late nineteenth and early twentieth centuries The book goes on to make original contributions to the study of figures including Kierkegaard Buber Heidegger Beauvoir Sartre Marcel Camus Weil Bataille Berdyaev and Tillich linking their

existentialist philosophy back to some of the key concerns of the mystical tradition Providing a unique insight into how these two areas have overlapped and interacted this study is vital reading for any academic with an interest in twentieth century philosophy theology and religious studies **The Legacy of Hegel** J.J. Rice,2012-12-06 The present volume represents the proceedings of the Marquette Hegel Symposium held at Marquette University Milwaukee Wisconsin on June 2 5 1970 The Symposium celebrating the two hundredth anniversary of Hegel's birth was presented under the combined sponsorship of the Philosophy Department of Marquette University the American Council of Learned Societies and the Johnson Foundation of Racine Wisconsin Its general theme embraced not only specific topics of interest in contemporary Hegel studies but also the wider aspects of the influences and impact of Hegel's thought upon contemporary philosophical political and social problems Principal contributors and panelists were selected for their scholarly achievements in Hegel studies and also in keeping with the broad view of the Hegelian legacy in current thought All sessions of the Symposium were plenary and designed for maximum discussion and interchange among participants The Symposium Committee regrets that it has not been feasible to incorporate the transcript of the discussions except for the round table discussion on editing and translating Hegel into this volume The papers presented in each day's sessions are published here with editorial changes and corrections made by their respective authors The papers by Professors Otto Poggeler and Eric Weil were originally translated by members of our Committee the present versions incorporate many changes and corrections made by their authors The comments on each paper were brought into their present form only after the Symposium and in the light of the discussions which took place during it **An Introduction to Hegel's Lectures on the Philosophy of Religion** Jon Stewart,2022 This work gives a basic introduction to Hegel's religious thinking by seeing it against the backdrop of the main religious trends in his own day that he responded to *Journal of Theological Studies*,1912 Mysticism and Modern Life John Wright Buckham,1915
