The Native Tribes Of South Australia:

The Native Tribes of South Australia, 1879 **The native tribes of South Australia** George Taplin (Wyatt, William, Meyer, H E A, Schürmann, C W, Gason, Samuel, Bennett, John William Ogilvie, Woods, J D), 1879

The Native Tribes of South Australia George Taplin, 2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1879 edition Excerpt THE MANNERS AND CUSTOMS OF THE DIEYERIE TRIBE OF AUSTRALIAN ABORIGINES EMBRACING AN ACCOUNT OF THE CHARACTER OF THE RACE THE COUNTRY IT INHABITS ITS RITES CEREMONIES AND SUPERSTITIONS ITS SOCIAL USAGES AND LAWS THE DISEASES PECULIAR TO IT A CATALOGUE OF ANIMALS PLANTS WEAPONS AND ORNAMENTS ACCOMPANIED BY THE NATIVE NAMES TOGETHER WITH EXAMPLES OF THE CONSTRUCTION OF THE DIALECT AND A COMPLETE VOCABULARY By SAMUEL GASON Police Trooper Edited By GEORGE ISAACS PREFACE TO THE FIEST EDITION In submitting this small volume to the public I have little to urge in recommendation of it further than to say that it is strictly accurate a sojourn of over nine years in the Dieyerie country and constant intercourse with the tribe having familiarised me with their language and their manners and customs I deprecate criticism only as regards my notes on the construction of the language which unassisted by any works of reference I have been able to base alone on the analogy of words and therefore this part of my work may be defective but I trust not so much so but that it may form a foundation on which a philologist may build a more elevated structure The motives urging me to publication are twofold firstly that I thought a record of the characteristics and tongue of a race fast dying out might possess an interest hereafter and secondly but chiefly because an acquaintance with them may be of some assistance to those pious missionaries and others who are extending so greatly inland this vast continent civilisation through its gracious handmaiden Christianity SAMUEL GASON EDITOR S NOTE The part I have had in the production of this work is so very subordinate that I would willingly have omitted my name to it Australian Aboriginal Religion Ronald Murray Berndt, 1974 This work is a serious anthropological study of Australian Aboriginal religion It is designed to be read by adults and is primarily for use in universities and or similar institutions It is not therefore for use in schools Where Australian Agorigines are concerned and in areas where traditional Aboriginal religion is still significant this book should be used only after consultation with local male religious leaders This restriction is important It is imposed because the concept of what is secret or may not be revealed to the uninitiated in Aboriginal religious belief and action varies considerably throughout the Australian continent And because the varying views of Aborigines in this respect must on all occasions be observed January 30th 1973 Ronald M Berndt

The Native Tribes of South Australia (Classic Reprint) George Taplin, 2017-06 Excerpt from The Native Tribes of South Australia The object of this publication is to preserve and to place before the public in a collected form some of the few accounts which have been written respecting the native tribes of South Australia They are not numerous nor are they

sufficiently complete to furnish the materials for a full history of those races which once inhabited the immense territory known as the Province of South Australia No attempt was ever made by or at the instance of the Colonial Government to investigate and record the manners and customs of the Aborigines nor to preserve their language so that now only a comparatively imperfect idea can be formed of the South Australian natives as a whole About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

A World that was Ronald Murray Berndt,Catherine Helen Berndt,John E. Stanton,1993 This extraordinary book written from material gathered over half a century ago will almost certainly be the last fine grained account of traditional Aboriginal life in settled south eastern Australia It recreates the world of the Yaraldi group of the Kukabrak or Narrinyeri people of the Lower Murray and Lakes region of South Australia In 1939 Albert Karloan a Yaraldi man urged a young ethnologist Ronald Berndt to set up camp at Murray Bridge and to record the story of his people Karloan and Pinkie Mack a Yaraldi woman possessed through personal experience not merely through hearsay an all but complete knowledge of traditional life They were virtually the last custodians of that knowledge and they felt the burden of their unique situation This book represents their concerted efforts to pass on the story to future generations For Ronald and Catherine Berndt this was their first fieldwork together in an illustrious joint career of almost fifty years During long periods principally until 1943 they laboured with pencil and paper to put it all down a far cry from the recording techniques of today s oral historians Their fieldnotes were worked into a rough draft of what would become but not until recently the finished manuscript The book s range is encyclopaedic and engrossing sometimes dramatic It encompasses relations between and among individuals and clan groups land tenure kinship the

subsistence economy trade ceremony councils fighting and warfare rites of passage from conception to death myths and beliefs and practices concerning healing and the supernatural Not least it is a record of the dramatic changes following European colonization A World That Was is a unique contribution to Australia s cultural history There is simply no comparable body of work nor is there ever likely to be **The Native Tribes of South Australia** George Taplin,James Dominick Woods,2017-08-20 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant
