The Natural Superiority Of Women:

The Natural Superiority of Women Ashley Montagu, 1999 An iconoclast Montagu wields his encyclopedic knowledge of physical anthropology to show how women's biological genetic and physical characteristics make her not only man's equal but his superior Also a humanist Montagu points to the emotional and social qualities typically ascribed to women and devalued as being central to the attainment of equitable and just social relations **BOOK JACKET** **The Natural**

Superiority of Women Ashley Montagu, 1970 *The Natural Superiority of Women* Ashley Montagu, 1953 This book is designed to bring the sexes closer together not to set them apart by placing one above the other If in these pages the natural superiority of women is emphasized it is because the fact has thus far received far too little attention and the time is long overdue that both men and women become aware of it and fully understand its meaning Natural superiority does not imply social inequality on the other hand the plea of this book is for more mutual love and understanding and complete social equality of the sexes We must acquire a sense of values that will enhance the appreciation of the sexes for each other
