The New Cuba Paradoxes And Potentials:

The New Cuba Ronald Radosh,1975 **The New Cuba** Ronald Radosh,1975 Health, Politics, and Revolution in Cuba Since 1898 Katherine Hirschfeld,2017-07-05 Challenging many of the assumptions scholars have made about the Cuban Revolution's impact on healthcare this volume recounts one anthropologist's quest to discover the truth behind the complicated relationship between Cuba's revolution politics and healthcare system Katherine Hirschfeld became interested in Cuba in the mid 1990s after reading numerous laudatory books and articles describing the Castro regime's achievements in health and medicine Cuba's population health indicators seemed to be far superior to those of neighboring countries the national health costs low and medical care free at point of service to the entire people Historical records indicated that most of these positive health trends resulted from the changes instituted by Castro in 1959 Few of these authors however had actually spent time on the island Thus Hirschfeld found that academic writing on Cuba was often long on praise but short on empirical research about what exactly had changed in Cuban medicine since 1959 After much bureaucratic wrangling Hirschfeld managed to secure permission to conduct long term ethnographic research in Cuba where she lived with families from Havana and Santiago conducted clinic observations interviewed doctors and patients and was treated in a Cuban hospital during an epidemic of dengue fever The reality of the Cuban healthcare system turned out to be different than the scholarly ideal it was bureaucratized authoritarian and repressive and most people preferred to seek healthcare in the informal economy rather than endure the material shortages red tape and political surveillance of the public sector Written in the form of a first person narrative Health Politics and Revolution in Cuba Since 1898 not only critically reevaluates Cuban healthcare after the 1959 revolution it includes chapters detailing Cuban health trends from the Spanish American War 1898 through the fall of Fulgencio Batista in 1959 and into the The Cuba Reader Aviva Chomsky,Barry Carr,Alfredo Prieto,Pamela Maria Smorkaloff,2019-05-17 Tracking Cuban history from 1492 to the present The Cuba Reader includes more than one hundred selections that present myriad perspectives on Cuba's history culture and politics The volume foregrounds the experience of Cubans from all walks of life including slaves prostitutes doctors activists and historians Combining songs poetry fiction journalism political speeches and many other types of documents this revised and updated second edition of The Cuba Reader contains over twenty new selections that explore the changes and continuities in Cuba since Fidel Castro stepped down from power in 2006 For students travelers and all those who want to know more about the island nation just ninety miles south of Florida The Cuba Reader is an invaluable introduction **Cuba and Western Intellectuals since 1959** K. Artaraz,2009-01-05 This timely book presents a history of the relationship between the Cuban Revolution and intellectuals and activists in France Britain and the United States exploring the complete cycle in this relationship and using it to examine the future of Cuba's symbolic status among intellectuals and activists in the West **Response to Revolution** Richard E. Welch Jr.,2017-10-01 The Cuban Revolution was a catalyst in shaping American

foreign policy over the past generation Welch's study is the first detailed evaluation of U S policy toward Cuba in the early years of the Castro regime and the first effort to analyze public sentiment during that crucial period Our response to Cuba was a mirror of our Cold War assumptions and frustrations and of our apprehensions concerning revolutionary movements abroad

Cuba Georges Alfred Fauriol, Eva Loser, 1990-01-01 Fidel Castro's revolution and its foreign policy extensions have been the source of much U S Latin American policy frustration during the last 30 years Not only the ideological tensions but the almost global sweep of Cuba's national pretensions have consumed U S resources and political capital and thrust a small island nation to the forefront of global intrigue and crisis But as this volume shows there are signs that Cuba's internationalism is now at a crossroads Fauriol and Loser have gathered together a distinguished group of specialists on Cuba to review principal aspects of Cuba's international relations Among the new dimensions discussed are shifts in Cuba's African policy the residual political impact of Grenada developments in Central America the aftermath of the Ochoa narcotics episode and perhaps most significantly the degree of tension between Cuba and both Moscow and Washington and leadership succession beyond Castro A primary issue for Cuba the authors show will be its isolation within the Soviet bloc and its refusal to address Gorbachev's challenges to the status quo At the very least Cuba risks becoming an irrelevant anachronism amidst the groundswell of change in the communist world These and other issues are addressed in a major review of Cuba's position in the world 30 years after its revolution Cuba The International Dimension will be of interest to researchers and policy makers concerned with Latin America and the Caribbean as well as those interested in changes in the Third World and communist countries worldwide Contributors include Jiri Valenta Jaime Suchlicki William Ratliff Ernest Evans Juan Benemelis Gillian Gunn Scott MacDonald Michael J Mazaar Constantine Menges Jorge F Perez Lopez Jorge Sanguinetti Paula J Pettavino and Juan M del Aguila

Return to Havana Maurice Halperin, 1994 Devastating losses of economic support from the Eastern bloc after the advent of Perestroika were weakening an already shaky system Hope for a productive socialist Cuba so apparent in the sixties had disappeared

Where the Boys Are Van Gosse, 1993-12-17 The ignominious failure of the Bay of Pigs invasion in 1961 marked the culmination of a curious episode at the height of the Cold War At the end of the fifties restless and rebellious youth avant garde North American intellectuals old leftists and even older liberals found inspiration in the images and achievements of Fidel Castro's revolutionary guerrillas Fidelismo swept across the US as young North Americans sought to join the 26th of July Movement in the Sierra Maestra Drawing equally on cultural and political materials from James Dean and Desi Arnaz to C Wright Mills and Studies on the Left Gosse explains how the peculiar conjuncture of 1950s America produced the first great Third World solidarity movement the Fair Play for Cuba Committee which became a locus for the New Left emerging from the ashes of Kennedy's New Frontier Where the Boys Are captures the strange essence of that much abused decade the 1950s at once demonstrating the perfidy of Cold War American liberal opinion towards Cuba and its revolution while explaining why Fidel and his compa eros made such appealing idols for

the young the restless and the politically adventurous

Handbook on Cuban History, Literature, and the Arts

Mauricio A. Font, Araceli Tinajero, 2016-03-02 First Published in 2016 If scholarship on Cuban studies after the 1959 revolution focused on the historical and cultural aspects of the construction of a socialist order the post 1989 crisis of socialism in Central and Eastern Europe raised questions about the island's state as a socialist model The scholarly gaze gradually began to focus on possibilities for alternative transformations at various levels of social life rather than on the deepening of traditional twentieth century state socialism This volume explores the newly emergent themes and debates about Cuban society and history

The New Cuba Paradoxes And Potentials Introduction

In today's digital age, the availability of The New Cuba Paradoxes And Potentials books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The New Cuba Paradoxes And Potentials books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The New Cuba Paradoxes And Potentials books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The New Cuba Paradoxes And Potentials versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, The New Cuba Paradoxes And Potentials books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The New Cuba Paradoxes And Potentials books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The New Cuba Paradoxes And Potentials books and manuals

is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The New Cuba Paradoxes And Potentials books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The New Cuba Paradoxes And Potentials books and manuals for download and embark on your journey of knowledge?
