Pierre de L'Estoile and his World in the Wars of Religion Tom Hamilton, 2017-04-14 The Wars of Religion embroiled France in decades of faction violence and peacemaking in the late sixteenth century This study offers a new history of these Wars of Religion from the perspective of the period s great diarist and collector Pierre de L'Estoile 1546 1611 telling the story of his life and times When historians interpret these events they inevitably depend on sources of information gathered by

contemporaries none more valuable than the diaries and collection of Pierre de L'Estoile 1546-1611 who lived through the civil wars in Paris and shaped how they have been remembered ever since. Taking him out of the footnotes and demonstrating his significance in the culture of the late Renaissance is the first life of L'Estoile in any language. It examines how he negotiated and commemorated the conflicts that divided France as he assembled an extraordinary collection of the relics of the troubles, a collection that he called the storehouse of my curiosities. The story of his life and times is the history of the civil wars in the making. Focusing on a crucial individual for understanding Reformation Europe, this study challenges historians' assumptions about the widespread impact of confessional conflict in the sixteenth century. L'Estoile's prudent non-confessional responses to the events he lived through and recorded were common among his milieu of Gallican Catholics. His life writing and engagement with contemporary news books and pictures reveals how individuals used different genres and media to destabilise rather than fix confessional identities. Bringing together the great variety of topics in society and culture that attracted L'Estoile's curiosity, this volume rethinks his world in the Wars of Religion.

England's Israel and the Foundations of Modern Political Thought Meirav Jones, 2025-07-08. The foundations of modern political thought presumed secular were laid in conversation with theologically motivated politics and in negotiation with Jewish ideas. Mid-seventeenth century England was a hotbed in which crucial ideas of modern politics were conceived. Thomas Hobbes presented his social contract. John Selden wrote major treatises which were foundational for modern natural and international law and England participated in the wave of republicanism that swept over Europe. This was also the period of the English Civil War which has been portrayed as a war of religion and a revolution of saints and was characterized by religious ends and motivations guiding politics and politicians. In *England's Israel and the Foundations of Modern Political Thought* Meirav Jones proposes that the foundational political theory conceived in this period was significantly related to the theological politics of the time. Through an examination of the language and imagery shared by theorists and saints, Jones finds that in the twenty-year period between 1640 and 1660 when Hobbes, Selden and their contemporaries published over 40 percent of all texts published in England contained one or more of the terms Hebrew, Israel, Jerusalem, Zion or Jew. Further, all known works of political theory from the period employed these terms. While preachers in English parliament addressed and understood England as Israel, foundational theorists of the modern state employed ancient Israel as a political model and explicitly preferred Hebrew over Greek wisdom. Modern politics did not develop solely from within a conversation among elites; neither was it conceived as a Godless enterprise even by its most renowned secular architects. Instead, as the book demonstrates, it spoke the language of religiously motivated politics and was conceived in its terms. Ultimately, Jones argues that it was through a sweeping revival of Hebrew in early modern Europe that the foundations of modern politics were laid in conversation with theological politics and in negotiation with Jewish ideas and ideas of the Jews.

The Edible Gardens of Ethiopia Valentina Peveri, 2021-02-16 What is a beautiful garden to southern Ethiopian farmers Anchored in the author's perceptual approach to the people plants land and food *The Edible Gardens of Ethiopia* opens a window into the simple beauty and ecological vitality of an ensete garden The ensete plant is only one among the many unloved crops that are marginalized and pushed close to disappearance by the advance of farming modernization and monocultural thinking And yet its human companions caught in a symbiotic and sensuous dialogue with the plant still relate to each exemplar as having individual appearance sensibility charisma and taste as an epiphany of beauty and prosperity and even believe that the plant can feel pain Here a different story is recounted of these human plant communities one of reciprocal love at times practiced in an act of secrecy The plot unfolds from the subversive and tasteful dimensions of gardening for subsistence and cooking in the garden of ensete through reflections on the cultural and edible dimensions of biodiversity to embrace hunger and beauty as absorbing aesthetic experiences in small scale agriculture Through this story the reader will enter the material and spiritual world of ensete and contemplate it as a modest yet inspiring example of hope in rapidly deteriorating landscapes Based on prolonged engagement with this virtuous plant of southwestern Ethiopia this book provides a nuanced reading of the ensete ventricosum avant garden and explores how the life in tiny diverse and womanly plots offers alternative visions of nature food policy and conservation efforts

Jews in the Early Modern English Imagination Eva Johanna Holmberg, 2016-05-06 Based on travel writings religious history and popular literature *Jews in the Early Modern English Imagination* explores the encounter between English travellers and the Jews While literary and religious traditions created an image of Jews as untrustworthy even sinister travellers came to know them in their many and diverse communities with rich traditions and intriguing life styles The Jew of the imagination encountered the Jew of town and village in southern Europe North Africa and the Levant Coming from an England riven by religious disputes and often by political unrest travellers brought their own questions about identity national character religious belief and the quality of
