Sins Of The Children Angels And The Ark Trilogy:

And the Rest of It #3 of the Eye-Opener Trilogy Gary Downton, 2024-07-01 This book completes the Eye Opener trilogy Whether you choose to believe the prophecies in these three books is entirely up to you This three book series is not science fiction I wrote down in general the past the future and the present as God the Holy Spirit instructed me All the prophecy fits together like a perfect giant puzzle and it all makes common sense There are no guesswork suppositions and His way of explanation always makes for positive commentary Enjoy the trilogy and let your imagination work for you as to how everything works from start to never ending It is our choice what we wish to incorporate into our mind will and emotions The universe continues to unfold

The Legend Of The Secret Saga Estee Shoesmyth, 2023-08-01 Over twenty years in the writing the three books in The Legend of The Secret Saga series evolved to be an fascinating magical story unlike any other as they poetically weave together a strange epic tale THE AUTHOR Estee Shoesmyth is a tangible figment of her own unbridled paradoxical imagination and the fantasy fiction pseudonym of eclectic American artist Suzanne T Dietz The Legend Of The Secret Saga is the complete epic trilogy in one colorful volume There is no other story like it in The Real World The fantastical epic tale opens in Book One which is When Begin Began Celestial Scribe Angel Daria pens the following words To Whom It May Concern When this immense historical accounting commenced I surely did not anticipate that the nature of this story would ever veer off the straight and narrow path Instead it proceeded to travel along the strangest winding ways And so I followed it most dutifully with my pen in hand Once upon a time an anonymous philosopher on The Ultimate Earth aptly intellectualized There are always three sides to every story your side the other side and the truth The story presented to you here may seem like nothing more than a collection of my own fantastical delusions Surely it could not be that which I myself have ever witnessed In that case it would certainly not make it to be truth However it is by my best accounting the strange but true enough telling of a deliberately long lost story from somewhere far out on the other side of Who Knows Where That s just the beginning In Book Two The Murky Middle the story dims to very very dark with the introduction of a terribly wicked magician s sorcery Through magic he enters into a spirit world and adamantly decided to stay there From that secret domain he meets another and the two in cahoots do some deliberately evil damage that stretches out from that invisible place right into the unsuspecting folks who live day to day in The Real World Those folks do not stand a chance to escape being affected by the magician s insidious determination to capture them all Eventually Adam and Eve are reincarnated into The Real World on a specific mission years beyond the peak of that magician s vicious reign By then the worse had evidently devolved into the worst that ultimately leads through to Book Three The End Of The End This story is utterly fascinating Its twisting and turning through that which may be somewhat recognizable is more tangled up into the fantastical that is addictive to read onward to find out what happens next All throughout there is mystery magic love hate obsessiveness rejection maliciousness brilliance stupidity sickness healing forgiveness revenge romance weirdness wonderment heavy heartedness humor life
