Despite absolutely no requests at all Sir Apropos of Nothing he who was spawned from the violent assault of a tavern wench by a group of drunken knights has returned. This time his voyages take him to the land of Rogypyt a surprisingly ancient realm where the tragic people known as the Shews labor endlessly in building pyramids for their masters. When Apropos inadvertently interferes with he who is destined to be their savior no less than a deity reaches down and points His fickle finger upon him informing him it is now his responsibility to liberate the people. All that stands in his way An unpredictable young ruler his insanely duplicitous sister and oh yes an ancient mummy's curse. So basically just a typical day for the roguish Apropos.
