[The Rise of the Modernist Bookshop](#) Mr Huw

Osborne, 2015-08-28 Concerned with the cultural and economic roles of independent bookstores, this collection considers how eight shops created during the modernist era exceeded their commercial functions to open the spaces of literary production. Understanding these unique social spaces on the threshold of commerce and culture provides a basis for comprehending how the changes to the physical contexts of the twenty-first century reading experience have affected our relationship to books and reading. *Used and Rare* Lawrence Goldstone, Nancy Goldstone, 2010-04-01 Journey into the world of book collecting with the Goldstones, rediscover the joy of reading, laugh and fall in love with books all over again. The idea that books had stories associated with them that had nothing to do with the stories inside them was new to us. We had always valued the history, the world of ideas contained between the covers of a book, or as in the case of *The Night Visitor*, some special personal significance. Now for the first time we began to appreciate that there was a history and a world of ideas embodied by the books themselves. Part travel story, part love story, and part memoir, Lawrence and Nancy Goldstone's *Used and Rare* provides a delightful love letter to book lovers everywhere.
