into play assorted fictions as they tell their stories of translations Each case is interesting in itself because of the new material analysed and the conclusions reached Translation is seen not only as an exercise and fruitful starting point it is also a way of paying tribute repaying a debt and cementing a friendship Taken together the case studies point the way to a teleology of translation and raise the question what is translation for Shaw Stein and Auster adopt an authorial posture that distinguishes them from other translators They stretch the boundaries of the translation proper their words spilling over into the liminal space of the text in some cases they hijack the act of translation to serve their own ends Through their tales of loss counterfeit and hard labour they cast an occasionally bleak glance at what it means to be a translator Yet they also pay homage to translation and provide fresh insights that continue to manifest themselves in current works of literature By engaging with translation as a literary act in its own right these eminent writers confer greater prestige on what has traditionally been viewed as a subservient art
