 September 1952 TV had conquered the country Why was the little screen so enthusiastically welcomed by Canadians Was
 television in its early years more innovative less commerical and more Canadian than current offerings In this
 study of what is often called the golden age of television Paul Rutherford has set out to dispel some cherished myths and to
 resurrect the memory of a noble experiment in the making of Canadian culture He focuses on three key aspects of the story
 The first is the development of the national service including the critical acclaim won by Radio Canada the struggles of the
 CBC s English service to provide mass entertainment that could compete with the Hollywood product and the effective
 challenge of private television to the whole dream of public broadcasting The second deals with the wealth of made in
 Canada programming available to please and inform viewers even commercials receive close attention Altogether
 Rutherford argues Canadian programming reflected as well as enhanced the prevailing values and assumptions of the
 mainstream The final focus is on McLuhan s Question What happens to society when a new medium of communications
 enters the picture Rutherford s findings cast doubt upon the common presumptions about the awesome power of television
 Television in Canada Rutherford concludes amounts to a failed revolution It never realized the ambitions of its masters or
 the fears of its critics Its course was shaped not only by the will of the government the power of commerce and the empire of
 Hollywood but also by the desires and habits of the viewers *What's On The Air Tonight* Barry Nesbitt,2010-11-08

Writing Between the Lines Agnes Whitfield,2006 The essays in *Writing between the Lines* explore the lives of twelve of
 Canada s most eminent anglophone literary translators and delve into how these individuals have contributed to the valuable
 process of literary exchange between francophone and anglophone literatures in Canada Containing original detailed
 biographical and bibliographical material *Writing between the Lines* offers many new insights into the literary translation
 process and the diverse roles of the translator as social agent The first text on Canadian anglophone translators it makes a
