Jean-Henri Merle d'Aubigné

Sixteenth Century Reformation:

The Reformation of the Sixteenth Century Roland Bainton, 1985-09-30 Bainton presents the many strands that made up the Reformation in a single brilliantly coherent account. He discusses the background for Luther's irreparable breach with the Church and its ramifications for 16th Century Europe giving thorough accounts of the Diet of Worms, the institution of the Holy Commonwealth of Geneva, Henry VIII's break with Rome and William the Silent's struggle for Dutch independence.

The Reformation of the Sixteenth Century in Its Relation to Modern Thought and Knowledge Charles Beard, 1883 *The Hungarian Protestant Reformation in the Sixteenth Century Under the Ottoman Impact* Alexander Sándor Unghváry, 1989 This selection of essays and profiles trace the dominant reformers in 16th century Hungary where the Reformation was influenced and complicated by the impact of Eastern Orthodoxy and the threat of Islam. The Reformation in the Cities Steven E. Ozment, 1975-01-01 A bold synthesis of intellectual and social history which explains the appeal of Protestantism to the German and Swiss cities, the media of its communication and the means of its establishment. *Religious Studies Review* This book is a stimulating addition to the recent work in urban history and it offers a new and thought provoking perspective on the teachings and appeal of early Protestantism. History Ozment very masterfully combines the history of ideas and social history in a work of exacting scholarship and persuasive argumentation. It will no doubt become a seminal work in its field. *The Annals* This fine study is a pleasure to read, shows an excellent understanding of the late medieval scene and presents convincing evidence that magistrates and city council leaders were not the motors of reform in the cities of Germany and Switzerland. There is nothing in print in English that is comparable. *Choice* A work of unusual interest and value. Essential reading for all students of the Reformation. *New Review of Books and Religion*

The Division of Christendom Hans Joachim Hillerbrand, 2007-01-01 In *The Division of Christendom*, revered historian Hans J. Hillerbrand details the events and ideas of the sixteenth century and contends that the Protestant Reformation must be seen as an interplay of religious, political and economic forces in which religion played a major role. Hillerbrand tells the fascinating story of the ways in which theological disagreements divided the centuries-old Christian church and the roles that leading characters such as Luther, Zwingli, Anabaptists and Calvin played in establishing new churches even as Roman Catholicism continued to develop in its own ways. The book covers all significant aspects of this

period and interprets these important events in their own context while reflecting on the consequences of the Reformation for later periods and for today *The Sixteenth-Century Reformation of the Church* David Engelsma,2007-01-01 **History of the Reformation in the Sixteenth Century (Vol.1-5)** Jean-Henri Merle d'Aubigné,2023-11-08 In History of the Reformation in the Sixteenth Century Jean Henri Merle d Aubign presents a comprehensive chronicle that explores the major theological upheaval that reshaped Europe Spanning five volumes this meticulously researched work employs a narrative style that intertwines rich historical detail with the passionate discourse of faith and individual conscience D Aubign s Protestant perspective informs his analysis emphasizing the role of key figures such as Martin Luther and John Calvin while situating their movements within the broader socio political and religious currents of the time His thoughtful examination of primary sources imbues the text with authenticity inviting readers to witness the fervent struggles of believers striving for spiritual renewal against a backdrop of institutional corruption and conflict Jean Henri Merle d Aubign was a prominent Swiss historian and theologian deeply influenced by his own experiences of religious persecution and the Enlightenment As a staunch supporter of the Protestant Reformation his insights derive from a profound commitment to the principles of reform and a desire to document its historical significance Having effectively aligned himself with the Reformed tradition he was motivated to write this extensive history to not only provide a testament to the struggles of his faith but also to educate the public on the transformative impact of the Reformation This monumental work is recommended for scholars students and anyone interested in understanding the intricate tapestry of the Reformation D Aubign s eloquence and thorough analysis offer both historical education and spiritual insight making it an indispensable resource for comprehending the profound changes in religious thought that continue to resonate today Readers will find themselves not only informed but also moved by the passionate narratives that shaped the landscapes of faith and politics **The Lutheran Movement of the Sixteenth Century** David Henry Bauslin,1919 **Discourse in Commemoration of the Glorious Reformation of the Sixteenth Century. Jean Henri Merle d'Aubigné, Henry Beveridge,1846 *History of the Reformation in the Sixteenth Century and in the Time of Calvin (Complete)* Jean Henri Merle d'Aubigne,1849-01-01 Facts alone do not constitute the whole of history any more than the members of the body form the complete man There is a soul in history as well as in the body and it is this which generates vivifies and links the facts together so that they all combine to the same end The instant we begin to treat of Geneva which through the ministry of Calvin was to become the most powerful centre of

Reform in the sixteenth century one question starts up before us What was the soul of the Reformation of Geneva Truly salvation by faith in Christ who died to save truly the renewal of the heart by the word and the Spirit of God But side by side with these supreme elements that are found in all the Reformations we meet with secondary elements that have existed in one country and not in another What we discover at Geneva may possibly deserve to fix the attention of men in our own days the characteristic element of the Genevese Reform is liberty Three great movements were carried out in this city during the first half of the sixteenth century The first was the conquest of independence the second the conquest of faith the third the renovation and organisation of the Church Berthelier Farel and Calvin are the three heroes of these three epics Each of these different movements was necessary The bishop of Geneva was a temporal prince like the bishop of Rome it was difficult to deprive the bishop of his pastoral staff unless he were first deprived of his sword The necessity of liberty for the Gospel and of the Gospel for liberty is now acknowledged by all thoughtful men but it was proclaimed by the history of Geneva three centuries ago But it may be said a history of the Reformation has no concern with the secular political and social element I have been reproached with not putting this sufficiently forward in the history of the Reformation of Germany where it had relatively but little importance I may perhaps be reproached with dwelling on it too much in the Reformation of Geneva where it holds a prominent place It is a hard matter to please all tastes the safest course is to be guided by the truth of principles and not by the exigencies of individuals Is it my fault if an epoch possesses its characteristic features if it is impossible to keep back the secular without wronging the spiritual element To cut history in two is to distort it In the Reform of Geneva and especially in the constitution of its church the element of liberty predominates more than in the Reforms of other countries We cannot know the reason of this unless we study the movement which gave birth to that Reform The history of the political emancipation of Geneva is interesting of itself liberty it has been said has never been common in the world it has not flourished in all countries or in all climates and the periods when a people struggles justly for liberty are the privileged epochs of history One such epoch occurred at the commencement of modern times but strange to say it is almost in Geneva alone that the struggles for liberty make the earlier decades of the sixteenth century a privileged time It is in this small republic that we find men remarkable for their devotion to liberty for their attachment to law for the boldness of their thoughts the firmness of their character and the strength of their energy In the sixteenth century after a repose of some hundreds of years humanity having recovered its powers like a field that had long lain fallow displayed almost everywhere the marvels of the most luxuriant vegetation Geneva is indeed the smallest theatre of this extraordinary fermentation but it was not the least in heroism and grandeur and on that ground alone it deserves attention
