Smugtown Usa:

Smugtown U. S. A. Curt Gerling, 1993 Crisis in Smugtown P. David Finks, 1979 **Modern Manors** Sanford M. Jacoby, 1997 Rather it adapted to the challenges of the 1930s and became a powerful though overlooked factor in the history of the welfare state the labor movement and the corporation *The Failure of the Neo-Liberal Approach to Poverty* Brian Caterino, 2022-09-06 This book examines the foundation and progress of the Rochester Monroe Anti Poverty Initiative RMAPI Poverty has once again become a major issue in American cities and nowhere more so than Rochester which has one of the highest rates of poverty in the nation RMAPI was established to reduce poverty yet in the five years since its formation the poverty rate is essentially unchanged Analyzing the reasons behind its failure this book argues that the very nature of the organizational framework is part of the problem and that RMAPI's project is caught up with contradictory imperatives of neo liberal welfare reforms More than just a study of local interest the book uses Rochester as a case study to illuminate the limits of the neo liberal approach to poverty It will appeal to all those interested in political science urban politics community studies welfare policy and public administration The New Medium of Print Frank Cost, 2005 Print is so familiar that it remains invisible to the average person Frank Cost associate dean of the College of Imaging Arts and Sciences at Rochester Institute of Technology and co director of the RIT Printing Industry Center has often wished for a small fun to read book to give to people who were thinking about the world of print for the first time Most of the available introductory books concentrate heavily on the technology but say little about how people actually use print let alone why The New Medium of Print is a new kind of book it provides an introduction to the underlying systems for the creation and distribution of print as well as an exploration of its many and varied contemporary uses This book is the first in the Printing Industry Center Series a co publication of RIT Cary Graphic Arts Press and RIT Printing Industry Center The End of Loyalty Rick Wartzman, 2017-05-30 Having a good stable job used to be the bedrock of the American Dream Not anymore In this richly detailed and eye opening book Rick Wartzman chronicles the erosion of the relationship between American companies and their workers Through the stories of four major employers General Motors General Electric Kodak and Coca Cola he shows how big businesses once took responsibility for providing their workers and retirees with an array of social benefits At the height of the post World War II economy these companies also believed that worker pay needed to be kept high in order to preserve morale and keep the economy humming Productivity boomed But the corporate social contract didn't last By tracing the ups and downs of these four corporate icons over seventy years Wartzman illustrates just how much has been lost job security and steadily rising pay guaranteed pensions robust health benefits and much more Charting the Golden Age of the 50s and 60s the turbulent years of the 70s and 80s and the growth of downsizing outsourcing and instability in the modern era Wartzman's narrative is a biography of the American Dream gone sideways Deeply researched and compelling The End of Loyalty will make you rethink how Americans can begin to resurrect the middle class Finalist for the Los Angeles Times

Curran, 2006-05-01 Loyal Dissent is the candid and inspiring story of a Catholic priest and theologian who despite being stripped of his right to teach as a Catholic theologian by the Vatican remains committed to the Catholic Church Over a nearly fifty year career Charles E Curran has distinguished himself as the most well known and the most controversial Catholic moral theologian in the United States On occasion he has disagreed with official church teachings on subjects such as contraception homosexuality divorce abortion moral norms and the role played by the hierarchical teaching office in moral matters Throughout however Curran has remained a committed Catholic a priest working for the reform of a pilgrim church His positions he insists are always in accord with the best understanding of Catholic theology and always dedicated to the good of the church In 1986 years of clashes with church authorities finally culminated in a decision by the Congregation for the Doctrine of the Faith headed by then Cardinal Josef Ratzinger that Curran was neither suitable nor eligible to be a

professor of Catholic theology As a result of that Vatican condemnation he was fired from his teaching position at Catholic University of America and since then no Catholic university has been willing to hire him Yet Curran continues to defend the possibility of legitimate dissent from those teachings of the Catholic faith not core or central to it that are outside the realm of infallibility In word and deed he has worked in support of more academic freedom in Catholic higher education and for a structural change in the church that would increase the role of the Catholic community from local churches and parishes to all the baptized people of God In this poignant and passionate memoir Curran recounts his remarkable story from his early years as a compliant pre Vatican II Catholic through decades of teaching and writing and a transformation that has brought him today to be recognized as a leader of progressive Catholicism throughout the world Borderland Blacks dann j Broyld,2022-05-25 Winner of the OHS Fred Landon Award In the early nineteenth century Rochester New York and St Catharines Canada West were the last stops on the Niagara branch of the Underground Railroad Both cities handled substantial fugitive slave traffic and were logical destinations for the settlement of runaways because of their progressive stance on social issues including abolition of slavery women s rights and temperance Moreover these urban centers were home to sizable free Black communities as well as an array of individuals engaged in the abolitionist movement such as Frederick Douglass Harriet Tubman Anthony Burns and Hiram Wilson dann j Broyld s Borderland Blacks explores the status and struggles of transient Blacks within this dynamic zone where the cultures and interests of the United States Canada Great Britain and the African Diaspora overlapped Blacks in the two cities shared newspapers annual celebrations religious organizations and kinship and friendship ties Too often historians have focused on the one way flow of fugitives on the Underground Railroad from America to Canada when in fact the situation on the ground was far more fluid involving two way movement and social collaborations Black residents possessed transnational identities and strategically positioned themselves near the American Canadian border where immigration and interaction occurred Borderland Blacks reveals that physical separation via formalized national barriers did not sever concepts of psychological memory or restrict social ties Broyld investigates how the times and terms of emancipation affected Blacks on each side of the border including their use of political agency to pit the United States and British Canada against one another for the best possible outcomes One Day I'll Work for Myself: The Dream and Delusion That Conquered America Benjamin C. Waterhouse,2024-01-16 From side hustlers to start ups freelancers to small business owners Americans have a special affinity for people who make it on their own But the dream has a dark side One day I ll work for myself Perhaps you ve heard some version of that phrase from friends colleagues family members perhaps you ve said it yourself If so you re not alone The spirit of entrepreneurship runs deep in American culture and history in the films we watch and the books we read in our political rhetoric and in the music piping through our speakers What makes the dream of self employment so alluring so pervasive in today s world Benjamin C Waterhouse offers a provocative argument the modern cult of the hustle is a direct consequence of economic failures bad

jobs stagnant wages and inequality since the 1970s With original research Waterhouse traces a new narrative history of business in America populated with vivid characters from the activists academics and work from home gurus who hailed business ownership as our economic salvation to the upstarts who took the plunge We meet among others a consultant who quits his job and launches a wildly popular beer company a department store saleswoman who founds a plus size bra business on the Internet and an Indian immigrant in Texas who flees the corporate world to open a motel Some flourish some squeak by Some fail As Waterhouse shows the go it alone movement that began in the 1970s laid the political and cultural groundwork for today s gig economy and its ethos everyone should be their own boss While some people find success in that world countless others are left bouncing from gig to gig exploited underpaid or conned by get rich quick scams And our politics doesn t know how to respond Accessible fast paced and eye opening *One Day I ll Work for Myself* offers a fresh insightful cultural history of the U S economy from the perspective of the people within it asking urgent questions about why we re clinging to old strategies for progress and at what cost *People Power* Aaron Schutz, Mike Miller, 2015-04-27 Saul Alinsky according to Time Magazine in 1970 was a prophet of power to the people someone who has possibly antagonized more people than any other living American *People Power* introduces the major organizers who adopted and modified Alinsky s vision across the United States Fred Ross Cesar Chavez Dolores Huerta and the Community Service Organization and National Farm Workers Association Nicholas von Hoffman and the Woodlawn Organization Tom Gaudette and the Northwest Community Organization Ed Chambers Richard Harmon and the Industrial Areas Foundation Shel Trapp Gale Cincotta and National People s Action Heather Booth Midwest Academy and Citizen Action Wade Rathke and ACORN Weaving classic texts with interviews and their own context setting commentaries the editors of *People Power* provide the first comprehensive history of Alinsky based organizing in the tumultuous period from 1955 to 1980 when the key organizing groups in the United States took form Many of these selections previously available only on untranscribed audiotapes or in difficult to read mimeograph or Xerox formats appear in print here for the first time **Sales & Celebrations** Sarah Elvins, 2004 Between the two world wars the retail world experienced tremendous changes New forms of competition expanded networks of communication and transportation and the proliferation of manufactured goods posed challenges to department store and small shopkeeper alike In western New York and in Buffalo and Rochester in particular retailers were a crucial part of urban life acting as cultural brokers and civic leaders They were also cultivators of area pride Even as they adopted the latest merchandising techniques or stocked the newest items merchants emphasized their local roots and their ability to put a local spin on national trends and innovations Regional identity became a powerful selling tool not only during the prosperity of the 1920s but also through the economic crisis of the Great Depression *Sales and Celebrations* explains how local traditions and institutions affected the evolution of American consumer culture It expands our understanding of American consumerism demonstrating that local particularities and loyalties could often coexist with and occasionally

challenge the spread of mass consumption In her award winning study Professor Sarah Elvins provides new insight into the relationship between America s largest metropolises and its smaller centers Retailers in Buffalo and Rochester did not simply imitate the practices of their counterparts in Manhattan and Chicago they highlighted their unique ability to serve the wants and needs of their particular markets By drawing attention to this persistent power of the local Sales and Celebrations illuminates a neglected aspect of the story of American culture in the interwar period **God Has a Story Too** James A.
