SNC : Engineering Beyond Frontiers Lalande, Suzanne, 1992 *Left, Right* Engler Yves Engler, 2019-10-15 The left is supposed to be opposed to colonialism and at least skeptical of nationalism However Left Right shows that for decades now this hasn't been the case in Canada Yves Engler marshals damning detail on the long surprising history of support from the New Democratic Party and labor unions for such policies and international interventions as the coup in Haiti the assassination of Patrice Lumumba the Bay of Pigs invasion the Korean War and much more The rhetoric of the mainstream left he shows has also tended to concede major points to the dominant war mongering ideology with prominent commentators such as Linda McQuaig and Stephen Lewis echoing the terminology of right wing politicians and thinkers More than simply diagnosing a problem however Left Right offers a path forward laying out ways to get us working for an ecologically sound peace promoting and non exploitative foreign policy **The Black Book of Canadian Foreign Policy** Yves Engler, 2009 This book could change how you see Canada Most of us believe this country's primary role has been as peacekeeper or honest broker in difficult to solve disputes But contrary to the mythology of Canada as a force for good in the world The Black Book of Canadian Foreign Policy sheds light on many dark corners from troops that joined the British in Sudan in 1885 to gunboat diplomacy in the Caribbean and aspirations of Central American empire to participation in the U N mission that killed Patrice Lumumba in the Congo to important support for apartheid South Africa Zionism and the U S war in Vietnam to helping overthrow Salvador Allende and supporting the Pinochet dictatorship in Chile to Haiti Iraq and Afghanistan today We bear responsibility for what governments do in the world primarily our own but secondarily those we can influence our allies in particular Yves Engler's penetrating inquiry yields a rich trove of valuable evidence about Canada's role in the world and poses a challenge for citizens who are willing to take their fundamental responsibilities seriously GoogleBooks **Québec** Alain Gagnon, 1998 This selective annotated bibliography details and evaluates over 1000 sources All aspects of the country's history geography politics way of life people and culture are covered Attention is paid to works which examine Quebec's particular situation within Canada and North America **Bibliographie du Québec**, 1992 Liste des publications qu'on trouve ou relatives au Québec tablie par la Bibliothèque nationale du Québec Restoration of Coastal Marine Ecosystems Ronald Osinga, Bernadette Pogoda, Roberto Danovaro, Alison Debney, 2024-09-23 Human health and wellbeing cannot be sustained without proper ecosystem functioning and high biodiversity is essential to maintain such functioning Worldwide unsustainable exploitation of natural resources by a growing human population has imposed serious pressures on ecosystem integrity To change the tide the United Nations declared the current decade as the UN Decade of Ecosystem Restoration with the aim of supporting and scaling up efforts to prevent halt and reverse the degradation of ecosystems worldwide Large scale active ecosystem restoration actions will be needed to achieve these ambitious aims Whereas methodologies for systemic restoration of terrestrial ecosystems have been established marine ecosystem

restoration is still a young field of science although rapidly emerging This Research Topic proposal aims to provide a platform for the growing number of marine scientists involved in marine ecosystem restoration The Research Topic will focus on coastal ecosystems such as mangrove forests salt marshes seagrass beds kelp forests shellfish reefs and coral reefs but will also welcome studies on nearshore environments such as shelf seas Mediterranean coralligenous habitats and mesophotic reefs

Constantine and the Captive Christians of Persia Kyle Smith,2019-11-12 It is widely believed that the Emperor Constantine's conversion to Christianity politicized religious allegiances dividing the

Christian Roman Empire from the Zoroastrian Sasanian Empire and leading to the persecution of Christians in Persia This account however is based on Greek ecclesiastical histories and Syriac martyrdom narratives that date to centuries after the fact In this groundbreaking study Kyle Smith analyzes diverse Greek Latin and Syriac sources to show that there was not a single history of fourth century Mesopotamia By examining the conflicting hagiographical and historical evidence Constantine and the Captive Christians of Persia presents an evocative and evolving portrait of the first Christian emperor uncovering how Syriac Christians manipulated the image of their western Christian counterparts to fashion their own political and religious identities during this century of radical change
