Snow Speaks:

The Snow Speaks Nancy White Carlstrom, 1995-09 Captures the sights and sounds of the season's first snowfall leading up to the coming of Christmas Building Fires in the Snow Martha Amore, Lucian Childs, 2016-09-15 Diversity has always been central to Alaska identity as the state's population consists of people with many different backgrounds viewpoints and life experiences This book opens a window into these diverse lives gathering stories and poems about lesbian gay bisexual transgender and queer life into a brilliant path breaking anthology In these pages we see the panoply of LGBTQ life in Alaska today from the quotidian urban adventures of a family shopping going out working to intimate encounters with Alaska's breathtaking natural beauty At a time of great change and major strides in LGBTQ civil rights Building Fires in the Snow shows us an Alaska that shatters stereotypes and reveals a side of Alaska that's been little seen until now **Michael Snow** James King, 2019-10-12 Michael Snow is rightly recognized as the greatest living Canadian artist and one of the most significant figures in Canadian art history In a productive lengthy career he has in a wide variety of genres asked and often answered some of the most vexing and important issues in the history of art Make Waves Paula Anca Farca, 2019-10-16 Water is a symbol of life wisdom fertility purity and death Water also sustains and nourishes irrigates our crops keeps us clean and healthy and contributes to our energy needs But a strain has been put on our water resources as increased energy demands combine with the effects of climate change to create a treacherous environment Individuals and communities around the globe increasingly face droughts floods water pollution water scarcity and even water wars We tend to address and solve these concerns through scientific and technological innovations but social and cultural analyses and solutions are needed as well In this edited collection contributors tackle current water issues in the era of climate change using a wide variety of recent literature and film At its core this collection demonstrates that water is an immense reservoir of artistic potential and an agent of historical and cultural exchange Creating familiar and relatable contexts for water dilemmas authors and directors of contemporary literary texts and films present compelling stories of our relationships to water water health ecosystems and conservation They also explore how global water problems affect local communities around the world and intersect with social and cultural aspects such as health citizenship class gender race and ethnicity This transformative work highlights the cultural significance of water the source of life and a powerful symbol in numerous cultures It also raises awareness about global water debates and crises Julie Snow Architects Julie Snow, Julie Snow Architects, 2005-04-07 It's an unfortunate reality that architects practicing in the great expanse between the East and West coasts all too often find themselves beyond the radar of the profession's so-called tastemakers And it's especially a shame in the case of Julie Snow a Minneapolis-based architect who has over the past decade developed one of the most inventive practices anywhere in the United States Snow's meticulously constructed work has the structural opacity and formal integrity that characterized Mies van der Rohe's architecture but with a sense of humanity and a sensitivity to the environment that seems borrowed from her

Midwestern progenitor Frank Lloyd Wright This the first monograph on Snow s work provides in depth documentation of 14 of her residential institutional corporate and public projects including the Koehler Residence in New Brunswick Canada a series of Minneapolis Light Rail Stations the Minnesota Children s Museum and the University of South Dakota School of Business Julie Snow Architect is produced in collaboration with award winning designer Andrew Blauvelt and features an introductory essay by Jan Abrams director of the Minnesota Design Institute

Criminology and Crime Prevention James Dickety,2025-02-28 This book guides policing students through the areas of Criminology and crime prevention required for their course and help them apply this knowledge into their work It uses crime prevention theory alongside current practice and evidence based policing research that students can apply in their practice It explores what criminology is its helpfulness in policing and examines key topics such as offenders and offending victims and victimology and principles and theories of crime prevention A range of models of policing which can be applied to various crime prevention scenarios are discussed with details on specific initiatives already in place The content is specifically designed to meet the requirements of the PEQF Police Education Qualifications Framework and module six in the policing curriculum on criminology and crime prevention Case studies and evidence based examples are used to provide clear links between theory and practice while critical thinking and review activities embed understanding and promote critical thinking As part of the series care has been taken into this book to make sure that it reflects challenges faced by new students linking theory to real life operational practice Part of the Professional Policing Curriculum in Practice series

The Art of Discovery Margareth

Hagen,Randi Koppen,Margery Vibe Skagen,2010-08-30 This anthology brings together scholars from literature the natural sciences and the philosophy of science to present new perspectives on the relations between literary and scientific communities Drawing on literature spanning the 19th and 20th centuries as well as Europe and the Americas the authors explore how science has been portrayed from the perspective of literature at different times and in different places as challenge or opportunity promise or scandal The disturbance of science emanates perhaps from its association with a frightening future or its ability to change the appearance of the past the scandal occurs as it recalls us to thresholds and hybrids human and non human animal and machine Science however also emerges as a source of metaphor and imaginative modelling of encodings and decodings representations and discoveries Less prominent in the collection though no less important is the view on how scientific cultures portray literature or the literary academic and how science reflects on itself

LOST CITIES & ANCIENT MYSTERIES OF THE SOUTHWEST David Hatcher Childress,2011-03-22 Popular Lost Cities author David Hatcher Childress takes to the road again in search of lost cities and ancient mysteries This time he is off to the American Southwest traversing the region s deserts mountains and forests investigating archeological mysteries and the unexplained Join David as he starts in northern Mexico and searches for the lost mines of the Aztecs He continues north to west Texas delving into the mysteries of Big Bend including mysterious Phoenician tablets discovered there and the strange lights of Marfa He continues northward into New Mexico where he stumbles upon a hollow mountain with a billion dollars of gold bars hidden deep inside it In Arizona he investigates tales of Egyptian catacombs in the Grand Canyon cruises along the Devil s Highway and tackles the century old mystery of the Superstition Mountains and the Lost Dutchman mine In Nevada and California Childress checks out the rumors of mummified giants and weird tunnels in Death Valley plus he searches the Mohave Desert for the mysterious remains of ancient dwellers alongside lakes that supposedly dried up tens of thousands of years ago It s a full tilt blast down the back roads of the Southwest in search of the weird and wondrous mysteries of the past

The Raven's Gift Jonathan Turk,2010-01-19 Noted scientist and kayak adventurer undertakes a journey of spiritual healing Jon Turk has kayaked around Cape Horn and paddled across the Pacific Ocean to retrace the voyages of ancient people But the strangest trip he ever took was the journey he made as a man of science into the realm of the spiritual In a remote Siberian village Turk met an elderly Koryak shaman named Moolynaut who invoked the help of a Spirit Raven to mend his fractured pelvis When the healing was complete he was able to walk without pain Turk finding no rational explanation sought understanding by traversing the frozen tundra where Moolynaut was born camping with bands of reindeer herders and recording stories of their lives and spirituality Framed by high adventure across the vast and forbidding Siberian landscape The Raven s Gift creates a vision of natural and spiritual realms interwoven by one man s awakening

The Wanting Way Adam Wolfond,2022-11-08 In The Wanting Way the second book in Multiverse a literary series written and curated by the neurodivergent Adam Wolfond proves more than willing to extend the choreography In fact his

entire thrust is out and toward Each poem moves out along its own underutilized pathway awakening unseen dimensions for the reader like a wooded night walk suddenly lit by fireflies And as each path elaborates itself Wolfond s guiding hand seems always to stay held out to the reader inviting them further into a shared and unprecedented unfolding The Wanting Way is actually a confluence of diverse ways rallies paths waves jams streams desire lines that converge wherever the dry verbiage of the talking world requires hydration Each poem is an invitation to bathe in the play of languaging And each poem is an invitation to a dance that s already happening called into motion by the objects and atmospheres of a more than human world Wolfond makes space for new poetics new choreographies and new possibilities toward forging a consensual felt and feeling world where we might find free disassembly and assembly together There is a neurodivergent universe within this one and Wolfond s poems continuously pull back the unnecessary veil between human and nature **American Avant-Garde**

Cinema's Philosophy of the In-Between Rebecca A. Sheehan,2020-03-09 Can films philosophize rather than simply represent philosophical ideas developed outside of the cinematic medium Taking up this crucial question for the emergent field of film philosophy American Avant Garde Cinema s Philosophy of the In Between argues that the films of the American avant garde do in fact do philosophy and illuminates the ethical stakes of their aesthetic interventions Author Rebecca A Sheehan contends that American avant garde cinema s characteristic self reflexivity is an interrogation of the modes and stakes of our engagement with the world on and beyond the screen The book demonstrates this with the theory of the in between a pervasive figure that helps clarify how avant garde cinema s reflections on the creation of images construct an ethics of perception itself a responsibility to perpetuate thought in an enduring re encounter with the world and with meaning s unfinished production The book is structured by a taxonomy of the multiple in betweens evident in American avant garde filmmaking Rather than systematically seeking reproductions of particular philosophers ideas in avant garde films Sheehan derives categories of analysis and the philosophical claims they disclose from close readings of the films themselves This methodology opposes mapping preconfigured philosophical concepts and values onto these films as too many philosophical approaches to cinema have done silencing the philosophies uniquely articulated by these films in the interest of making them ventriloquize philosophies advanced elsewhere The chapters of this book trace three modes of the in between that function philosophically in American avant garde cinema the material the dimensional and the conceptual Although the chapters are organized around discrete aesthetic and philosophical preoccupations that unify several filmmakers these three presentations of the in between cut through all the chapters allowing the subjects of each to converse over the course of the book *Calico: Children of the Shawnee* Allison Bruning,2013-06-05 Myth, Language and Tradition Wit Piętrzak,2011-05-25 How can poetry embrace morality through focusing on metaphrasts What is the relation between an allummette and the alpha rhythm How come that money has turned into a metonym of goodness And above all is it still possible to think of the human subject as a viable category in late modernity These are some of the questions that J H Prynne

s poetry deals with Levity of Design voices a critique of the present day society very much from within and demonstrates how Prynne has contrived to single handedly overcome the impasse created by the legacy of poststructuralism In a milieu of avant garde linguistic experiment developed from modernist techniques of Pound and Olson but also the early Eliot as well as Velimir Khlebnikov and against the background of the writings of Heidegger and Adorno these poems are demonstrated to seek a language in which the notion of man can be restituted **On Frost** Edwin Harrison Cady, Louis J. Budd, 1991 From 1929 to the latest issue American Literature has been the foremost journal expressing the findings of those who study our national literature The journal has published the best work of literary historians critics and bibliographers ranging from the founders of the discipline to the best current critics and researchers The longevity of this excellence lends a special distinction to the articles in American Literature Presented in order of their first appearance the articles in each volume constitute a revealing record of developing insights and important shifts of critical emphasis Each article has opened a fresh line of inquiry established a fresh perspective on a familiar topic or settled a question that engaged the interest of experts

Reading Power, Revised & Expanded Edition Adrienne Gear, 2015-10-06 Ten years ago Reading Power was launched in an elementary school in Vancouver It has since evolved into a recognized approach to comprehension instruction being implemented across Canada in the United States United Kingdom Sweden and China This ground breaking approach showed teachers how to help students think while they read connect question visualize infer and transform Since the publication of the first edition of Reading Power Adrienne Gear has continued to reflect on and refine her ideas about metacognition comprehension instruction and the Reading Power strategies This revised and expanded edition shares these new understandings and offers teachers new ideas new lessons and of course new anchor books to support the Reading Power principles An ideal resource for teachers familiar to this strategic approach to teaching reading or for those looking for new ways to connect thinking with reading **The Snow Angel** J.L. Crawford, 2013-05-30 Beautiful Helena loves the snow more than anything else but after devastating snows and a fatal avalanche take the life of her parents and fellow townsfolk citizens of her small farming community conspire to prevent snow from ever falling again Learning that she can actually speak with the snow Helena and her younger sister Barbara work tirelessly to convince the snow to return but only after dire lessons are learned hardships are experienced and non believers are finally convinced of the real value of snow to all of life **Ice Crusaders** Thomas Wolf, 1999-01-01 A blend of memoir and history detailing the story of soldier athletes who comprised the 10th Mountain Division during World War II Displacing the Divine Douglas Alan Walrath, 2010-05-12 For more than forty years Douglas Alan Walrath has tracked changing patterns of belief and church participation in American society and his research has revealed a particularly fascinating trend portrayals of ministers in American fiction mirror changing perceptions of the Protestant church and a Protestant God from publisher description
