A Century of the Media in Italian-Albanian Cultural Relationships Vito Saracino, 2024-11-23 This book delves into the complex historical cultural and educational ties between Italy and Albania within the realm of media studies examining various mediums such as press radio television cinema and the web Beginning in the late nineteenth century with the inception of the first Albanian language newspapers in Italy the analysis progresses to explore the evolving relationship between Albanians and radio initially focusing on Italian broadcasts before transitioning to national channels Rapidly Italian radio becomes a tool for fascist soft power facilitating fascist Italy's occupation of Albania in 1939 The second section delves into the communist propaganda apparatus encompassing radio television cinema and music It offers a comprehensive exploration of television's evolution from its tentative beginnings in the 1960s to the proliferation of private broadcasters in the post communist era Concluding with the emergence of the internet the book highlights the significant decline of Italian soft power in Albania and the Southern Balkans over the past 15 years Instead these regions increasingly look towards the Anglo Saxon and Turkish spheres as models not only in media but also in terms of migration and development

Socialist Albania since 1944 Peter R. Prifti, 1976 ***Albania at War, 1939-1945*** Bernd Jürgen Fischer, 1999 The Second World War in Europe has generated more literature than perhaps any other event in modern history Much of the interest has focused on military history occupation policy puppet governments and resistance movements in Europe's principal states Often ignored in this flood of material however are the small nations of southeastern Europe Yet in the small states the human suffering was no less profound the destruction no less devastating the heroism no less laudable the treachery no less despicable and the impact no less profound Albania at War reviews the most important developments in Albania from the Italian invasion of the country in 1939 to the accession to power of the Albanian Communist Party and the establishment of a people's democracy in 1946 Fischer analyzes in great detail Italian goals and objectives in Albania and explains the eventual failure of Rome's policy the subsequent German invasion of the country against the Axis Powers This unique path breaking book provides a vigorous and thought provoking analysis of competing external interests in Albania and explores the great

obstacles that the Albanians faced in regaining their independence at the end of the war Albania at War 1939-1945 thoroughly covers the developments in Albania during that turbulent period. It is essential reading for all students of Albanian history.

The Albanians Miranda Vickers, 2011-01-28 This is the first full account of a country that following decades of isolation has undergone unprecedented changes to its political system: the collapse of communism, the progression to multi-party elections and the upheaval that followed the March 1997 uprising. Miranda Vickers traces the history of the Albanian people from the Ottoman period to the formation of the Albanian Communist Party. She considers the charismatic leadership of Enver Hoxha, Albania's relationship with Tito and the alliance with the Soviet Union and then China and the long period of isolation. Newly revised for this paperback edition, *The Albanians* considers the gradual process of reform and the fragility of the Albanian experiment with democracy and includes a dramatic account of the days leading up to Sali Berisha's resignation of the presidency. It has now been updated to cover the crisis in Kosovo that has led to the first Western war in Europe since 1945.

Albania's Economy in Transition and Turmoil 1990-97 Anthony Clunies-Ross, Petar Sudar, 2019-01-15 First published in 1998, the contents of this book are the result of a series of studies by several Albanian scholars in cooperation with contributors of differing nationalities on various aspects of the Albanian economy during its transition to market. This study's multiple aim is to provide an accessible body of information for outsiders interested in Albania, to provide locally based teaching material for Albanian economics students and to also clarify policy issues.

The Balkans Robert Bideleux, Ian Jeffries, 2007-01-24 An excellent companion volume to the successful *A History of Eastern Europe*, this is a country-by-country treatment of the contemporary history of each of the Balkan states: Albania, Bulgaria, Romania, Croatia, Serbia, Bosnia and Herzegovina, Macedonia, Montenegro and Kosovo. With a distinctive conceptual framework for explaining divergent patterns of historical change, the book shifts the emphasis away from traditional cultural explanations and concentrates on the pervasive influence of strongly entrenched vertical power structures and power relations. Focusing on political and economic continuities and changes since the 1980s, *The Balkans* includes brief overviews of the history of each state prior to the 1980s to provide the background to enable all students of Eastern European history to make sense of the more recent developments.

Central and Eastern Europe Handbook Patrick Heenan, Monique Lamontagne, 2014-05-12 The *Regional Handbooks of Economic Development* series provides accessible overviews of countries within their larger domestic and international contexts, focusing on the relations among regions as they meet the challenges of the twenty-first century. The series allows the non-specialist student to explore a wide range of complex factors: social and political as well as economic, that affect the growth of developing regions in Asia, Europe and South America. Each Handbook provides an overview chapter discussing the region's economic conditions within an historical and political context, as well as 20 or more chapter-length essays written by recognized experts which analyze the key issues affecting a region's economy, its population, natural resources, foreign trade, labor problems and economic inequalities and other vital factors. In addition, the volumes offer useful support materials.

including a series of appendices that include a detailed chronology of events in the region a glossary of terms biographical entries on key personalities an annotated bibliography of further reading and a comprehensive analytical index

Blue-Collar Workers in Eastern Europe Jan F Triska, Charles Gati, 2025-03-03 First published in 1981 Blue Collar Workers in Eastern Europe deals with the attitudes and political disposition of the East European working class In particular it provides the first analysis of the growing assertiveness of the industrial proletariat from which East European governments claim to derive their legitimacy and on whose behalf they profess to rule These governments are increasingly hesitant in the use of force yet they lack the economic means of meeting their workers demands The chapters that make up the book fall into three main categories About one third are issue oriented and analytical dealing with the role economic condition attitudes social and demographic characteristics and political involvement of the workers These are followed by case studies of workers in several countries Finally two chapters explore the policy implications of the workers new found assertiveness and assess the international policy options and dilemmas of both the Soviet Union and the West This book covers all the major issues which brought about the widely publicised workers rebellion in Poland in the summer of 1980 and includes an assessment of that crisis and its sequels It will attract a wide readership among students of the history and politics of Eastern Europe especially those interested in labour unions socialist management and comparative communism

Congressional Record United States. Congress, 1991 The Congressional

Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in *The Debates and Proceedings in the Congress of the United States* 1789-1824, the *Register of Debates in Congress* 1824-1837, and the *Congressional Globe* 1833-1873. [The Balkans and the West](#) Andrew Hammond, 2017-03-02. This collection of essays locates, investigates, and challenges the manner in which the Balkans and the West have constructed each other since 1945. Scholars from the two sections of the continent explore a wide range of fiction, film, journalism, travel writing, and diplomatic records both to analyse Western European balkanism and to study Balkan representations of the West over the last fifty years. The first section looks back to the Cold War, examining the divergent, often favourable images of the Balkans that existed in Western culture, as well as the variety of responses that appeared in South East European writings on the West. The second section analyses the transitions that took place in representation during the 1990s. Here contributors explore both the harsh denigration of the Balkans which came to dominate western discourse after the initial euphoria of 1989, and the emerging tradition of contesting Western balkanism in South East European cultural production. Through this dual emphasis, the volume exposes the representational practices that help to maintain a deeply divided Europe and challenges the economic and political injustices that result. Despite the rise to prominence of postcolonial theory with its awareness of global inequality, the current crises in many parts of South East Europe have received scant attention in literary and cultural studies. *The Balkans and the West* addresses this deficiency. Ranging in focus from Serbian cinema to Romanian travel literature, from Western economic writings to Yugoslav fiction, and from public discourse in Albania to NATO's vast propaganda machine, the essays offer wide insight into representation and power in the contemporary European context.

Greek-Albanian Entanglements since the Nineteenth Century Alexis Heraclides, Ylli Kromidha, 2023-09-28. This book is a comprehensive study of more than 200 years of the shared and interconnected histories of Greek-Albanian relations, a field of inquiry that has not attracted the international scholarly attention it deserves. The book presents and analyses in detail topics including the contested borderland 1800-1912, the Greek Revolution 1821-1830, and Greek-Albanian entanglements during the Greek Revolution, Greek nationalism, identity and narrative, the Albanians' pre-modernism, belated nationalism, origin, the rise of Albanian nationalism, Albanian national identity and historical narrative, Greek-Albanian relations from the League of Prizren 1878 until Albania's declaration of independence 1912, Greek irredentism, the Northern Epirus Question 1912-1920, and Albania's precarious independence, Greek irredentism and Greek-Albanian relations, the Northern Epirus Question 1940-1971, the Greek minority in Albania, the Cham-Muslim-Albanian issue, the turbulent first part of the 1990s, the pending Greek-Albanian issues and public opinion. It concludes with a road map for an eventual Albanian-Greek reconciliation. This volume will interest scholars and students of Southeastern Europe, Balkans, international relations, and history, political science, and sociology. It will also be a valuable resource for diplomats, journalists, think tanks, and other
