Talking Dollars And Making Sense A Wealth Building Guide For African Americans:

Talking Dollars and Making Sense Brooke M. Stephens, 1997 How to hold onto hard earned prosperity *Ebony*, 1996-12 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine Financial Empowerment in the African American Church Rev. Dr. Donna Taylor, 2018-01-17 This work captures the historical and cultural context for financial literacy in the twenty first century in view of the Great Recession of 2008 to 2009 **The Socialization of the African American Child** Sekou Clincy, 2010-08 Today we have occurrences that are unprecedented in the history of America a vast divide between the rich and poor irreversible environmental damage over half of African American children living in single parent households and high incarceration rates among African American young people When oppressed folk are driven into desperate channels criminal activity is likely to follow Thus it is imperative to take a good look at what black people are doing and not doing as parents or immediate caregivers which ultimately will determine the future of the black race It is equally imperative to study the past Indeed when a people don't know who they are their history they perish This fact should motivate us to move in unparalleled directions toward survival Back cover Our Black Year Maggie Anderson, 2012-02-14 Maggie and John Anderson were successful African American professionals raising two daughters in a tony suburb of Chicago But they felt uneasy over their good fortune Most African Americans live in economically starved neighborhoods Black wealth is about one tenth of white wealth and black businesses lag behind businesses of all other racial groups in every measure of success One problem is that black consumers unlike consumers of other ethnicities choose not to support black owned businesses At the same time most of the businesses in their communities are owned by outsiders On January 1 2009 the Andersons embarked on a year long public pledge to buy black They thought that by taking a stand the black community would be mobilized to exert its economic might They thought that by exposing the issues Americans of all races would see that economically empowering black neighborhoods benefits society as a whole Instead blacks refused to support their own and others condemned their experiment Drawing on economic research and social history as well as her personal story Maggie Anderson shows why the black economy continues to suffer and issues a call to action to all of us to do our part to reverse this trend *Crack 'Da Code* Sanyika Calloway Boyce, 2003 Easy to Read and Understand a simple guide for students that is short and to the point includes unique strategies and tips that instantly teach students the importance of money credit and debt Written by a former debt strapped student who speaks the language that relates to students **From the Curse of Willie Lynch to the New African American Generation** James C. Rollins, 2013-05 Each chapter of this title focuses on a different aspect of African American culture and how the current system prevents widespread development of that necessity Criticisms and proposals are laid out against the family dynamic the school system social welfare programs reckless spending and even the American political system Back cover **Black Enterprise**, 1998-07 BLACK ENTERPRISE is the ultimate

source for wealth creation for African American professionals entrepreneurs and corporate executives Every month BLACK ENTERPRISE delivers timely useful information on careers small business and personal finance **Prime Time** Marilyn Hughes Gaston, Gayle K. Porter, 2003 Today seven million African American women are living in their prime experiencing the joys and challenges of middle age Now at last here is the book that addresses our total health needs physical emotional and spiritual Written by a distinguished physician and a clinical psychologist Prime Time is the first complete guide that empowers us to take charge of our lives and attain the well being we deserve In many ways it's true that we are better off today than our foremothers were We earn more money command more respect Yet in spite of these advances we still experience more chronic health problems endure more stress and live shorter lives than women of other races That's why Prime Time is both urgent and essential This groundbreaking book not only lays out a detailed practical plan for overall healing and for maintaining wellness it also addresses the underlying attitudes and assumptions that lead so many of us to neglect ourselves and undermine our own health Prime Time will help you Reframe priorities to put yourself and your own health needs first Interpret the latest medical findings on the Big Four killers and how they affect black women in middle age Profile your current health with worksheets quizzes and assessment tools Renew sex at midlife by eliminating restricting myths and taboos and finding new paths to pleasure Reduce anger and attitude that block you from attaining good health Identify the nontraditional signs of depression and anxiety common to African American women Comprehensive straight talking and grounded in science and spiritual truth Prime Time is at once a guide to total health in middle age and a celebration of the strength wisdom and beauty of African American women in their second half of life Black Enterprise, 1997-09 BLACK ENTERPRISE is the ultimate source for wealth creation for African American professionals entrepreneurs and corporate executives Every month BLACK ENTERPRISE delivers timely useful information on careers small business and personal finance **From Moses to the Joshua Generation** James C. Rollins, Brandy M. Hicks, 2011 **Men We Cherish** Brooke Stephens, 2012-02-01 One evening in 1994 writer Brooke Stephens was listening to the news while working on a tribute to her grandfather for an upcoming family reunion The evening's newscast began with three negative reports about black men as rapists muggers and murderers The contrast between the black men on the news and the black man she was writing about suddenly seemed enormous Where were the black men she knew Stephens wondered Why were they never featured on the evening news Never publicly discussed or shown From these questions the idea for Men We Cherish was born Waiting to Exhale and the Million Man March to the contrary good black men are neither fantasy nor unanswered prayer In Men We Cherish thirty African American women celebrate these everyday heroes fathers and grandfathers brothers and best friends sons and husbands These essays memoirs and love letters offer moving portraits of the three out of four black men who never make the headlines The men in the lives of established black women writers including Bebe Moore Campbell Gloria Wade Gayles Charlayne Hunter Gault and the Delany sisters reflect the diversity honesty generosity and
