Talking Up A Storm Voices Of The New West:

Talking Up a Storm Gregory Lynn Morris, 2016-07 In interviews with fifteen contemporary writers of the American West Gregory L Morris demonstrates what these widely divergent talents have in common they all redefine what it is to be a western writer No longer enthralled though sometimes inspired by the literary traditions of openness place and rugged individualism each of the writers has remained true to the demand for clarity strength and honesty virtues sustained in their conversations Morris talks with Ralph Beer Mary Clearman Blew Elizabeth Cook Lynn James Crumley Ivan Doig Gretel Ehrlich Richard Ford Molly Gloss Ron Hansen John Keeble William Kittredge David Long Thomas McGuane Amy Tan and Douglas Unger Their lives and fiction stretch from Montana to Texas from ranches to universities from sea level to mountain slopes

Lost in the New West Mark Asquith, 2021-10-07 *Lost in the New West* investigates a group of writers John Williams Cormac McCarthy Annie Proulx and Thomas McGuane who have sought to explore the tensions inherent to the Western where the distinctions between old and new myth and reality authenticity and sentimentality are frequently blurred Collectively these authors demonstrate a deep seated attachment to the landscape people and values of the West and offer a critical appraisal of the dialogue between the contemporary West and its legacy Mark Asquith draws attention to the idealistic young men at the center of such works as Williams's *Butcher's Crossing* 1960 McCarthy's *Blood Meridian* 1985 and *Border Trilogy* Proulx's *Wyoming stories* and McGuane's *Deadrock* novels For each writer these characters struggle to come to terms with the difference between the suspect mythology of the West that shapes their identity and the reality that surrounds them They are in short lost in the new West

Bone Deep in Landscape Mary Clearman Blew, 2000-09-01 Blew's reflections on a woman's life in the Rocky Mountain West immerse readers in the landscape of mountains and prairies and of blizzards and scorching sun Blew again demonstrates her artistry and strong connection to the Western terrain of her past and present homes in Montana and Idaho Publishers Weekly 9 illustrations

The Lost Frontier Mark Asquith, 2014-06-19 Annie Proulx is one of the most provocative and stylistically innovative writers in America today She is at her best in the short story format and the best of these are to be found in her Wyoming trilogy in which she turns her eye on America's West both past and present Yet despite the vast amount of print expended reviewing her books there has been nothing published on the *Wyoming Stories* *The Lost Frontier* fills this critical void by offering a detailed examination of the key stories in the trilogy *Close Range* 1999 *Bad Dirt* 2004 *Fine Just the Way it Is* 2008 The chapters are arranged according to western archetypes the Pioneer Rancher Cowboy Indian and arguably the most important character of them all in Proulx's fiction *Landscape* *The Lost Frontier* offers students a clear sense of the novelist's early life and work her stylistic influences and the characteristics of her fiction and an understanding of where the *Wyoming Stories* and Annie Proulx's work as a whole fits into traditional and contemporary writing about the American West

A Sense of Place: Regional American Literature ,

Imagining the Nation David Leiwei Li, 1998 This book identifies the forces behind the explosive growth in Asian American

literature It charts its emergence and explores both the unique place of Asian Americans in American culture and what that place says about the way Americanness is defined Postwestern Cultures Susan Kollin, 2007-01-01 Synthesizes topics of contemporary scholarship of the American West This work examines subjects ranging from the use of frontier rhetoric in Japanese American internment camp narratives to the emergence of agricultural tourism in the New West to the application of geographer J B Jackson's theories to vernacular or abandoned western landscapes **Conversations with Thomas McGuane** Thomas McGuane, 2007 Collected interviews with the author of *Ninety two in the Shade* *The Sporting Club* and other novels Constructing the Self Carmen Rueda-Ramos, Susana Jiménez Placer, 2018-06-15 This volume aims to show how southerners have faced their past and constructed a self The essays in this volume explore the different personal narratives and strategies southern authors have employed to channel the autobiographical impulse and give artistic expression to their anxieties traumas and revelations as well as their relationship with the region With the discussion of different types of memoirs this volume reflects not only the transformation that this sub genre has undergone since the 1990s boom but also its flexibility as a popular form of life writing *All Our Stories Are Here* Brady Harrison, 2009-01-01 This wide ranging collection of essays addresses a diverse and expanded vision of Montana literature offering new readings of both canonical and overlooked texts Although a handful of Montana writers such as Richard Hugo A B Guthrie Jr D Arcy McNickle and James Welch have received considerable critical attention sizable gaps remain in the analysis of the state's ever growing and ever evolving canon The twelve essays in *All Our Stories Are Here* not only build on the exemplary foundational work of other writers but also open further interpretative and critical conversations Expanding on the critical paradigms of the past and bringing to bear some of the latest developments in literary and cultural studies the contributors engage issues such as queer ambivalence in Montana writing representations of the state in popular romances and the importance of the University of Montana's creative writing program in fostering the state's literary corpus The contributors also explore the work of writers who have not yet received their critical due take new looks at old friends and offer some of the first explorations of recent works by well established artists *All Our Stories Are Here* conveys a sense of continuity in the field of Western literary criticism while at the same time challenging conventional approaches to regional literature

Updating the Literary West, 1997 Western writers says Thomas J Lyon in his epilogue to *Updating the Literary West* have grown up with the frontier myth but now find themselves in the early stages of creating a new western myth The editors of the *Literary History of the American West* TCU Press 1987 hoped that the first volume would begin not conclude their exploration of the West's literary heritage Out of this hope comes *Updating the Literary West* a comprehensive reference anthology including essays by over one hundred scholars A selected bibliography is included with each piece In the ten years since publication of *LHAW* western writing has developed a significantly larger presence in the national literary stream A variety of cultural viewpoints have developed along with new tactics for literary study New authors have risen to prominence

and the range of subjects has changed and widened Updating the Literary West looks at topics ranging from western classics to cowboys and Cadillacs and considers children s literature ethnicity environmental writing gender issues and other topics in which change has been rapid since publication of LHAW This volume again affirms the West s literary legitimacy status hard earned by the Western Literary Association and the lasting place of popular western writing as part of the growing and changing literary and American experience An excellent reference for a wide range of readers and an invaluable resource for scholars and libraries Selected list of contributors James Maguire Fred Erisman Susan J Rosowski Gerald Haslam Tom Pilkington A Carl Bredahl Richard Slotkin John G Cawelti Robert F Gish Ann Ronald Mick McAllister Westerns John White,2010-11-30 In this guidebook John White discusses the evolution of the Western through history looking at theoretical and critical approaches to the genre *Unsettling the Literary West* Nathaniel Lewis,2003-01-01 The test of western literature has invariably been Is it real Is it accurate Authentic The result is a standard anything but literary as Nathaniel Lewis observes in this ambitious work a wholesale rethinking of the critical terms and contexts and thus of the very nature of western writing Why is western writing virtually missing from the American literary canon but a frequent success in the marketplace The skewed status of western literature Lewis contends can be directly attributed to the strategies of the region s writers and these strategies depend consistently on the claim of authenticity A perusal of western American authorship reveals how these writers effectively present themselves as accurate and reliable recorders of real places histories and cultures but not as stylists or inventors The imaginative qualities of this literature are thus obscured in the name of authentic reproduction Through a study of a set of western authors and their relationships to literary and cultural history Lewis offers a reconsideration of the deceptive and often undervalued history of western American literature With unequivocal admiration for the literature under scrutiny Lewis exposes the potential for startling new readings once western writing is freed from its insistence on a questionable authenticity His book sets out a broader system of inquiry that points writers and critics of western literature in the direction of a new and truly sustaining literary tradition **Country Roads: How Country Came to Nashville** Brian Hinton,2012-06-26 Hinton s latest book takes readers on an enthralling journey to explain the diverse music that has come to be known as country starting with Celtic myth and mystery traveling to the Appalachian mountains and taking a few unexpected turns along the way with such disparate personalities as Bob Dylan Hank Williams and Elvis Presley Encyclopedia of the American Novel Abby H. P. Werlock,2015-04-22 Praise for the print edition no other reference work on American fiction brings together such an array of authors and texts as this *A Great Plains Reader* Diane Dufva Quantic,P. Jane Hafen,2003-01-01 The Great Plains are as rich and integral a part of American literature as they are of the North American landscape In this volume the stories poems and essays that have defined the region evoke the world of the American prairie from the days of Native history to the realities of life on a present day reservation **Science Fiction Authors** Maura Heaphy,2008-11-30 For students scholars readers advisors and curious SF readers and fans this

Critical Perspectives on the Western Lee Broughton, 2016-09-19. For decades the Western film has been considered a dying breed of cinema, yet filmmakers from Quentin Tarantino to Ethan and Joel Coen find new ways to reinvigorate the genre. As Westerns continue to be produced for contemporary audiences, scholars have taken a renewed interest in the relevance of this enduring genre. In *Critical Perspectives on the Western: From A Fistful of Dollars to Django Unchained*, Lee Broughton has compiled a wide-ranging collection of essays that look at various forms of the genre on both the large and small screen. Contributors to this volume consider themes and subgenres, celebrities and authors' recent idiosyncratic engagements with the genre, and the international Western. These essays also explore issues of race and gender in the various films discussed, as well as within the film genre as a whole. Among the films and television programs discussed in this volume are *The Assassination of Jesse James by the Coward Robert Ford*, *Django Kill*, *Justified*, *Meek's Cutoff*, *Tears of the Black Tiger*, *Appaloosa*, *The Frozen Limits*, and *Red Harvest*. Featuring a diverse selection of chapters that represent current thinking on the Western, *Critical Perspectives on the Western* will appeal to fans of the genre, film students, and scholars alike.
