Talking Heads Hemant Bansal, 2022-02-22

Talking Heads is an anthology based on monologue theme. Monologue: A monologue is a speech presented by a single character, most often to express their mental thoughts aloud, though sometimes also to directly address another character or the audience. Monologues are common across the range of dramatic media: plays, films, etc., as well as in non-dramatic media such as poetry.

2. Monologues share much in common with several other literary devices, including soliloquies, apostrophes, and asides. This pandemic and through out the life of a person, there's always a other side to the head we often ignore or hide beneath of facade. Monologue writing helped writers to release their stress out in the form of writings presented in this book. *Talking Heads* has 60 writers who scribbled their monologues based on the topics given by the mentor.

the Silence Laine A. Berman,1998-10-08 Uncovering the structures and functions of conversational narratives uttered within natural social networks Laine Berman shows how working class Javanese women discursively construct identity and meaning within the rigid constraints of an hierarchical social order She does this by identifying the silences the unsaid and by revealing both the structure and function of silence in terms of its indexical reference to local meaning It is here that the force of the Javanese language as used in everyday interaction shows itself to be an extremely potent philosophical entity as well as a means of social control Thus at least in regard to the urban poor the book boldly questions the difference between traditional definitions of Javanese elegance and oppression This study will contribute to our understanding of the social consequences of language use to the linguistic knowledge of Indonesia and Java and to such basic linguistic issues as narrative structure and function speech levels and styles and indexicality features **Scary Stories to Tell in the Dark**
