London and the South-East David Szalay, 2017-10-03 Never before published in the United States the debut novel by the wildly talented author of Booker Prize Finalist *All That Man Is* That clattering noise you hear is the sound of critics and readers racing to find David Szalay's earlier books an activity worth the effort wrote Dwight Garner in his New York Times review of Szalay's *All That Man Is* And now American readers finally have their chance with his debut novel *London and the South East* Paul Rainey the hapless antihero at the center of this compulsively readable *Independent on Sunday* story works miserably in ad sales He sells space in magazines that hardly exist and through a fog of booze and drugs dimly perceives that he is dissatisfied with his life professionally sexually recreationally the whole nine yards If only there were something he could do about it and something seems to fall into his lap when a meeting with an old friend and fellow salesman Eddy Jaw leads to the offer of a new job But when that offer turns out to be as misleading as Paul's own sales patter his life is transformed in ways very much more peculiar than he ever thought possible *London and the South East* which won the Betty Trask Prize and the Geoffrey Faber Memorial Prize is both a gloriously told shaggy dog story about the compromising inanities of office life and consumer culture and the perfect introduction to one of the best writers at work today
