Tallis Oxford Studies Of Composers:

Tallis Paul Doe,1970 **Historical Dictionary of Choral Music** Melvin P. Unger,2023-08-14 A Library Journal Starred Review March 2024 praises the book as a remarkable resource that will please both musical professionals and amateurs along with teachers and their students and conductors and singers Throughout the ages people have wanted to sing in a communal context This desire apparently stems from a deeply rooted human instinct Consequently choral performance historically has often been related to human rituals and ceremonies especially rites of a religious nature Historical Dictionary of Choral Music Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 1 300 cross referenced entries on composers conductors choral ensembles choral genres and choral repertoire This book is an excellent resource for students researchers and anyone wanting to know more about choral music *The Oxford Dictionary of the Christian Church* Frank Leslie Cross,Elizabeth A. Livingstone,2005 Uniquely authoritative and wide ranging in its scope The Oxford Dictionary of the Christian Church is the indispensable one volume reference work on all aspects of the Christian Church It contains over 6 000 cross referenced A Z entries and offers unrivalled coverage of all aspects of this vast and often complex subject including theology churches and denominations patristic scholarship the bible the church calendar and its organization popes archbishops saints and mystics In this revision innumerable small changes have been made to take into account shifts in scholarly opinion recent developments such as the Church of England's new prayer book Common Worship RC canonizations ecumenical advances and mergers and where possible statistics A number of existing articles have been rewritten to reflect new evidence or understanding for example the Holy Sepulchre entry and there are a few new articles Perhaps most significantly a great number of the bibliographies have been updated Established since its first appearance in 1957 as an essential resource for ordinands clergy and members of religious orders ODCC is an invaluable tool for academics teachers and students of church history and theology as well as for the general reader *The Oxford Dictionary of the Christian Church* Andrew Louth,2022-02-17 Uniquely authoritative and wide ranging in its scope The Oxford Dictionary of the Christian Church is the indispensable reference work on all aspects of the Christian Church It contains over 6 500 cross referenced A Z entries and offers unrivalled coverage of all aspects of this vast and often complex subject from theology churches and denominations patristic scholarship and the bible to the church calendar and its organization popes archbishops other church leaders saints and mystics In this new edition great efforts have been made to increase and strengthen coverage of non Anglican denominations for example non Western European Christianity as well as broadening the focus on Christianity and the history of churches in areas beyond Western Europe In particular there have been extensive additions with regards to the Christian Church in Asia Africa Latin America North America and Australasia Significant updates have also been included on topics such as liturgy Canon Law recent international developments non Anglican missionary activity and the increasingly important area of moral and pastoral theology among many others Since its

first appearance in 1957 the ODCC has established itself as an essential resource for ordinands clergy and members of religious orders and an invaluable tool for academics teachers and students of church history and theology as well as for the general reader

Hexachords in Late-Renaissance Music Lionel Pike, 2019-05-23 First published in 1998 this broad survey includes a large number of musical illustrations and provides an indispensable guide for both students and teachers Hexachords and solmization syllables formed the foundations of musical language during the sixteenth century Yet owing to changes over time in music education and style there no longer exists widespread general knowledge of hexachords Without this awareness it is impossible to appreciate fully the music of the most important composers of the Renaissance such as Palestrina Lasso and Monteverdi This book is the first attempt to fill such a gap in our understanding of hexachords and how they were employed in late Renaissance music Lionel Pike's research covers the period from Willaert to Dowland c 1530 1600 and examines the ways in which the uses of hexachords developed in the hands of different composers The book concludes with an investigation of English examples of hexachords in vocal and instrumental music

The A to Z of Sacred Music Joseph P. Swain, 2010-04-09 Nearly all religious traditions have reserved a special place for sacred music Whether it is music accompanying a ritual or purely for devotional purposes music composed for entire congregations or for the trained soloist or music set to holy words or purely instrumental in some form or another music is present In fact in some traditions the relation between the music and the ritual is so intimate that to distinguish between them would be inaccurate The A to Z of Sacred Music covers the most important aspects of the sacred music of Buddhism Christianity Confucianism Hinduism Islam Judaism and other smaller religious groups It provides useful information on all the significant traditions of this music through the use of a chronology an introductory essay a bibliography appendixes and hundreds of cross referenced dictionary entries on major types of music composers key religious figures specialized positions genres of composition technical terms instruments fundamental documents and sources significant places and important musical compositions

Music from the Age of Shakespeare Suzanne Lord, 2003-09-30 This book introduces every important aspect of the Elizabethan music world In ten scrupulously researched yet accessible chapters Lord examines the lives of composers the evolution of musical instruments the Elizabethan system of musical notation and the many textures and traditions of Elizabethan music Biographical entries introduce the most significant and prolific composers as well as the members of royal society who influenced Elizabethan musical culture Both familiar and obscure instruments of the era are described with focus on their musical and social contexts Various types of music are defined and illustrated along with an explanation of the musical notation used during this era Chapter bibliographies glossaries and an index provide additional tools for both the novice and the experienced student of music and music history When Elizabeth ascended to the throne in 1558 England was undergoing tremendous upheaval Power struggles between Protestants and Catholics shaped the English music world as musicians livelihoods were directly linked to their religious allegiances Music became a form of strategy within court politics and

secular music evolved through the musical and poetic influences of the Italian Renaissance Events of the day were told and retold through music class and social differences were sung with relish and rituals of love and life were set to story and song When England defeated the vaunted Spanish Armada in 1588 a victorious nation expressed its jubilation through music

Research Materials in Music Phillip R. Rehfeldt,1990-01-01 This text was developed for use in a standard college level introduction to graduate studies course in musicology that I taught for thirty three years at the University of Redlands

Music History During the Renaissance Period, 1520-1550 Blanche M. Gangwere,2004-10-30 This annotated chronology of western music is the third in a series of outlines on the history of music in western civilization It contains a 120 page annotated bibliography followed by a detailed documented outline that is divided into ten chapters Each chapter is written in chronological order with every line being documented by means of abbreviations that refer to the annotated bibliography There are short biographies of the theorists and detailed discussions of their works The information on music is organized by classes of music rather than by composer Also included are lists of manuscripts with descriptions of their contents and notations as to where they may be found The material for the outline has been taken from primary and secondary sources along with articles from periodicals Like the other two volumes in this series *Music History from the Late Roman through the Gothic Periods 313 1425* and *Music History During the Renaissance Period 1425 1520* this volume will be an important research tool for anyone interested in music history *Historical Dictionary of Sacred Music* Joseph P.

Swain,2016-10-11 Sacred music is a universal phenomenon of humanity Where there is faith there is music to express it Every major religious tradition and most minor ones have music and have it in abundance and variety There is music to accompany ritual and music purely for devotion music for large congregations and music for trained soloists music that sets holy words and music without words at all In some traditions Islamic and many Native American to name just two the relation between music and religious ritual is so intimate that it is inaccurate to speak of the music accompanying the ritual Rather to perform the ritual is to sing and to sing the ritual is to perform it This second edition of *Historical Dictionary of Sacred Music* contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 800 cross referenced entries on major types of music composers key religious figures specialized positions genres of composition technical terms instruments fundamental documents and sources significant places and important musical compositions This book is an excellent access point for students researchers and anyone wanting to know more about sacred music *The Musical Times* ,1920 **Lamentations Through the Centuries** Paul M. Joyce,Diana Lipton,2020-06-22 I

thoroughly enjoyed this book It is informative thought provoking and despite being a commentary holds the reader s attention It made me appreciate Lamentations in a new way To be recommended *The Swedish Exegetical Yearbook* 2014 1 October 2014 One of the shortest books in the Bible Lamentations exercises a disproportionately powerful cultural influence As an unflinching account of the devastation wreaked by war it has been called upon again and again by Jews Christians and

others in their responses to catastrophes as varied as the destruction of the Jerusalem temple the Great Fire of London the Holocaust and 9 11 Covering two and a half millennia of liturgy and literature theology and psychology art music and film this volume explores the astonishing variety of cultural and religious responses to Lamentations taking in the New Testament and the Dead Sea Scrolls Yehudah Halevy John Calvin and Thomas Tallis as well as the startling interpretations of Marc Chagall Cynthia Ozick Alice Miller and Zimbabwean junk sculpture Viewed through this kaleidoscope of sources the ancient biblical text acquires a vital and resonant new life Lamentations Through the Centuries is published within the Wiley Blackwell Bible Commentaries series Further information about this innovative reception history series is available at www.bbibcomm.info

Early English Composers and the Credo Wendy J Porter, 2022-03-23 This book develops an innovative approach for understanding the relationship between music and words in the works of five major composers of the English Renaissance John Taverner Christopher Tye John Sheppard Thomas Tallis and William Byrd Focusing on these composers settings of the Latin Credo the author shows how musical and linguistic emphasis can be used to understand the composers theological interpretations of the text By combining markedness theory with style analysis this study demonstrates that the composers used their musical skills to not only create beautiful music but also raise certain elements of the text to the foreground of perception and relegate others to supporting roles inviting listeners to experience the familiar words of the liturgy in unique ways Providing new insights into the changing musical and religious world of the sixteenth century this book is relevant to anyone researching music or religion in early modern England while offering a flexible and widely adaptable tool for the analysis of musical textual relationships

William Byrd John Harley, 2017-07-05 This is the first comprehensive study of William Byrds life 1540 1623 and works to appear for sixty years and fully takes into consideration recent scholarship The biographical section includes many newly discovered facts about Byrd and his family while in the chapters dealing with his music an attempt is made for the first time to outline the chronology of all his compositions The book begins with a detailed account of Byrd s life based on a completely fresh examination of original documents which are quoted extensively Several previously known documents have now been identified as being in Byrds hand and some fresh holographs have been discovered A number of questions such as his parentage and date of birth have been conclusively settled The book continues with a survey of Byrds music which pays particular attention to its chronological development and links it where possible to the events and background of his life A series of appendices includes additional texts of important documents and a summary catalogue of works A bibliography and index complete the book Besides musical illustrations there is a series of plates illustrating documents and places associated with Byrd

Schirmer History of Music Léonie Rosenstiel, 1982

Year's Work in English Studies Geoffrey Harlow, James Redmond, English Association Staff, 1970

Sundry Sorts of Music Books Chris A. Banks, Arthur Searle, Malcolm Turner, 1993 Sundry Sorts of Music Books collects essays by leading musicologists from Europe and North America celebrating the richness and diversity of the British Library

s collections of manuscripts and printed music The contributions range from the 14th to the 20th century and include music analysis and composer biography as well as articles on bibliographic sources Reflecting the interests of O W Neighbour to whom the book is dedicated the emphasis is on 16th 17th and 20th century studies but among the subjects from other periods are the music of Handel and Mozart two figures particularly well represented in the Library s holdings *Journal of Renaissance and Baroque Music* Armen Carapetyan,1978 **British Book News** ,1968 **Byrd Studies in the Twenty-First Century** Samantha Bassler,Katie Bank,Katherine Butler,2023-11-15 2023 marks 400 years since the death of English renaissance composer William Byrd Byrd s rich musical oeuvre and storied career has long captured the attention of audiences and scholars alike This all new collected edition marks his anniversary with thirteen brand new essays from leading scholars on Byrd s musical life and legacy
