Tamarisk Tree My Quest For Liberty And Love:

The Tamarisk Tree Dora Russell,1975 The autobiography of the second wife of Bertrand Russell herself a brilliant academic and spirited champion of the cause of women *The Tamarisk Tree* Dora Russell,1975 **The Tamarisk Tree** Dora Russell,1975 *The Auto/biographical I* Liz Stanley,1992 This feminist literary study discusses postmodern ideas about the self particularly about the way in which selves are constructed by biography and autobiography The author particularly examines the manner in which women write about themselves The Women and Men of 1926 Sue Bruley,2010-03-15 Work on the miners Lock Out of 1926 tends to focus on the perspective of the National Union of Mineworkers while nothing has been written which attempts to examine for example how miner s wives coped for six months without pay This book investigates the Lock Out from the perspective of gender relations **Essays and Reviews** Bernard Williams,2015-10-13 The first collection of popular reviews and essays from distinguished philosopher Bernard Williams Bernard Williams was one of the most important philosophers of the past fifty years but he was also a distinguished critic and essayist with an elegant style and a rare ability to communicate complex ideas to a wide public This is the first collection of Williams s popular essays and reviews Williams writes about a broad range of subjects from philosophy to science the humanities economics feminism and pornography Included are reviews of major books such as John Rawls s Theory of Justice Richard Rorty s Consequences of Pragmatism and Martha Nussbaum s Therapy of Desire But many of these essays extend beyond philosophy providing an intellectual tour through the past half century from C S Lewis to Noam Chomsky No matter the subject readers see a first class mind grappling with landmark books in real time before critical consensus had formed and ossified **Growing Up Communist and Jewish in Bondi Volume 1** John Docker,2020-10-15 Ted Docker was an Australian of Irish descent who as a young man wanted to change the world joining first the Industrial Workers of the World and then helping form the Communist Party of Australia He was steadfastly loyal to the Soviet Union and by historical record a stern hard liner This is not the whole story *Women And The Popular Imagination In The Twenties* Billie Melman,1988-04-12 **C.K. Ogden** W. Terrence Gordon,1990 an extensive bibliography of Ogden s writings and commentaries on them which will prove useful not only to scholars of Ogden but to anyone interested in that productive period of intellectual inquiry following World War I a comprehensive book on a fascinating and neglected figure in British modernist intellectual life The Life and Turbulent Times of Clara Dorothea Rackham Maroula Joannou,2022-10-18 This is the first critical study of Clara Dorothea Rackham nee Tabor 1875 1966 a towering figure in the suffrage labour co operative peace and adult education movements but virtually forgotten today This clearly written and engaging study is based on unpublished primary sources including Rackham s unpublished speeches letters diaries and contemporary media coverage of her work in local and national archives It reassesses this remarkable woman not only as a politician who changed the face of Cambridge the university city in which she lived and worked but also as a public intellectual whose feminist advocacy of a fair just and equal society helped pave the

way to Britain's postwar settlement and Welfare State Rackham came to prominence as Chairman of the National Union of Women's Suffrage Societies as a government factory inspector and championing the rights of unemployed women in the 1930s An early broadcaster on BBC radio and among the first women appointed magistrates and councillors her name became synonymous with enlightened local government The transformation of women's lives in Victorian and twentieth century Britain is crucial to understanding Rackham's ideals intellectual formation and priorities as a Labour Party politician This book will be of interest to historians and students of gender history and women's lives

Reforming Sex

Atina Grossmann, 1995 Reforming Sex takes on questions of international context and comparison as well as continuity and

discontinuity in twentieth century German history in a manner that other studies have not The book follows Weimar sex reformers into the Third Reich to exile around the world and into both the Eastern and Western zones of postwar Germany It demonstrates how deeply rooted eugenics ideology and American and Bolshevik models of modernity were in the Weimar movement It also examines the drastic rupture between sex reform notions of social health and National Socialist population policy The story of German sex reform provides a new perspective on post World War II family planning programs it sheds light on the long and lively background to current controversies about abortion the role of doctors and the state in determining women s right to control their own bodies and the possibilities for reforming and transforming sexual relations between men and women The Transnational World of the Cominternians B. Studer,2015-04-07 The Cominternians who staffed the Communist International in Moscow from its establishment in 1919 to its dissolution in 1943 led transnational lives and formed a cosmopolitan but closed and privileged world The book tells of their experience in the Soviet Union through the decades of hope and terror **Medieval Women** Eileen Power,1997-09-18 A vivid portrayal of women in the Middle Ages with an engaging essay on Eileen Power by Maxine Berg **Abortion in England 1900-1967** Barbara Brookes,2012-12-12 Over the decades from 1900 to 1967 abortion was transformed from an important female centred form of fertility control into a medical event closely monitored by the State This transition the author argues here took place against a background of debate over fertility control and its implications for women s maternal role The book originally published in 1988 suggests that the inter war years saw a crucial mapping of boundaries in the debates over abortion The distinction between methods of fertility control used before and after conception was more sharply drawn The abortion law was difficult to enforce and in 1936 the Abortion Law Reform Association was founded by feminists to call for safe legal abortion as a woman s right Resort to criminal abortion continued in the post war years and the number of therapeutic abortions also began to increase The medical profession s attempt to create a distinction between worthy medical and spurious social reasons for fertility control gave way in the face of women s demands for safe and effective means to plan when and if they would have children After a hard fought battle the abortion law was reformed in 1967 The abortion decision however remained firmly in the hands of the medical profession **Snapshots of Bloomsbury** Maggie Humm,2006 Photographs some barely known on the domestic lives of Virginia Woolf 1882 1941 and Vanessa Bell 1879 1961 and the historical cultural and artistic milieu of their circle in Bloomsbury including Vivienne Eliot Vita Sackville West Lady Ottoline Morrell and Dora Carrington **Women's University Narratives, 1890-1945, Part I Vol 2** Anna Bogen,2024-08-01 From the late nineteenth century women began to enter British universities Their numbers were small and their gains hard won and fiercely contested yet they inspired a whole new genre of fiction This collection of largely forgotten and rare texts forms a valuable primary resource for scholars of literature social history and women s education **Women's University Fiction, 1880-1945** Anna Bogen,2015-10-06 The rise of the middle classes brought a sharp increase in the number of young

men and women able to attend university Developing in the wake of this increase the university novel often centred on male undergraduates at either Oxford or Cambridge Bogen argues that an analysis of the lesser known female narratives can provide new insights The Prospects of Industrial Civilisation Bertrand Russell,Dora Russell,2014-06-03 The Prospects of Industrial Civilization provides a rare glimpse into areas of Russell s political thought which are often ignored Written with Dora Black who became Russell s second wife on a trip to China in 1920 it is revealing both as a period piece and as a book for our times Russell criticises his own age and demonstrates how humanity perpetually struggles against the centralising forces of industrialism and nationalism He views industrialism as a threat to human freedom as it creates large populations which have to be subject to controls and he likens Bolshevik Russia to Cromwell s England asserting that both were dictatorships designed to force an essentially feudal society to adopt industrialism He sees industrialism and nationalism as fundamentally linked and proposes one government for the whole world as a solution Russell is not blind to the positive side of industrialism without machines an economy of subsistence would be the best for which society could hope but argues that the global village and prevailing political democracy should be its eventual results
