Mediterranean Muscapes in Contemporary Spain Kiko Mora, 2024-09-05 This volume focuses on the muscapes that contest critique and rethink Mediterraneanness in Contemporary Spain and understands it as a fluid and elusive sociological cultural and artistic category The volume argues that since the 1990s we have witnessed a shift in which the mythical image of Mediterranean harmony has been superseded by the net a figure that represents the linking of urban nodes and trans governmental networks migratory movements and cultural fluidity Further this book assesses how Mediterranean became within the realm of music the site and sign of a diverse array of social issues such as the formulation of Catalan Valencian Andalusian and Mallorcan national identities with the 2017 Catalan Independence process taking center stage Using diverse methodologies data driven sociological approaches ethnographic and anthropological tools feminist and gender theories the authors also address the rapidly changing social landscape that started in the 1980s due to global migrations as well as the dismantling of traditional gender dynamics **Following Franco** Duncan

Wheeler, 2020-10-15 The transition to democracy that followed the death of Spanish dictator Francisco Franco in 1975 was once hailed as a model of political transformation But since the 2008 financial crisis it has come under intense scrutiny Today a growing divide exists between advocates of the Transition and those who see it as the source of Spain's current socio political bankruptcy This book revisits the crucial period from 1962 to 1992 exposing the networks of art media and power that drove the Transition and continue to underpin Spanish politics in the present Drawing on rare archival materials and over three hundred interviews with politicians artists journalists and ordinary Spaniards including former prime minister Felipe Gonzalez 1982-96 **Following Franco** unlocks the complex and often contradictory narratives surrounding the foundation of contemporary Spain *The Rise of Ethnic Politics in Latin America* Raúl L. Madrid, 2012-03-26 The Rise of Ethnic Politics in Latin America explores why indigenous movements have recently won elections for the first time in the history of the region Raúl L. Madrid argues that some indigenous parties have won by using inclusive populist appeals to reach out to whites and mestizos Indigenous parties have managed to win support across ethnic lines because the long history of racial mixing in Latin America blurred ethnic boundaries and reduced ethnic polarization The appeals of the indigenous parties have especially resonated in the Andean countries because of widespread disenchantment with the region

s traditional parties The book contains up to date qualitative and quantitative analyses of parties in seven countries including detailed case studies of Bolivia Ecuador and Peru

Contesting Spain? The Dynamics of Nationalist Movements in Catalonia and the Basque Country Richard Gillespie, Caroline Gray, 2015-06-26 Contesting Spain The Dynamics of Nationalist Movements in Catalonia and the Basque Country offers an exploration of the dynamics behind contemporary shifts in the orientation of nationalist parties and movements with reference to Catalonia and the Basque country in Spain The chapters were originally papers presented at a workshop held at the Barcelona Centre for International Affairs CIDOB in September 2014 as part of a research project on The Dynamics of Nationalist Evolution in Contemporary Spain whose purpose was to gain a better understanding of why regionally based nationalist movements have experienced shifting relationships with the Spanish state over time in some periods appearing content with accommodation between central and regional government and at other times pushing to go beyond autonomist demands to seek sovereignty or even attain full independence The volume is one of the first to focus comparatively on the rise of pro sovereignty politics in mainstream nationalist parties whose evolution has also featured more traditional impulses towards territorial accommodation within the wider state Using the exceptionally rich laboratory provided by Spain the book explores the dynamics behind shifts in the orientation of nationalist parties and movements once they have established themselves as electorally successful at regional level Dimensions to the analysis include the interaction of nationalist parties with central government pressures from their support bases competition between parties within the home region and international influences This title is innovative in bringing together experts with a range of disciplinary approaches primarily political scientists but also historians and scholars located at the cusp between social sciences and humanities

Lawyers in 21st-Century Societies Richard L Abel, Ole Hammerslev, Hilary Sommerlad, Ulrike Schultz, 2020-04-02 The world's legal professions have undergone dramatic changes in the 30 years since publication of the landmark three volume *Lawyers in Society* which launched comparative sociological studies of lawyers This is the first of two volumes in which scholars from a wide range of disciplines countries and cultures document and analyse those changes The present volume presents reports on 46 countries with broad coverage of North America Western Europe Latin America Asia Australia North Africa and the Middle East sub Saharan Africa and former communist countries These national reports address the impact of globalisation and neoliberalism on national legal professions the relationship of lawyers and their professional associations to the state and tensions between state and citizenship changes in lawyer demography rapidly growing numbers and the profession's efforts to retain control the entry of women and obstacles to full gender equality ethnic diversity legal education the proliferation of institutions and pedagogic innovation the regulation of lawyers structures of production especially the growth of large firms and the impact of technology and paraprofessionals the distribution of lawyers across roles and access to justice state funded legal aid and pro bono services The juxtaposition of the reports reveals the dramatic transformations of professional rationales labour markets

and working practices and the multiple contingencies of the role of lawyers in societies experiencing increasing juridification within a new geopolitical order

A Companion to Calderón de la Barca Roy Norton, Jonathan Thacker, 2021 The first comprehensive study of Calderón in English Pedro Calderón de la Barca 1600-1681 is one of the most important dramatists many would say the single most important dramatist of the Spanish Golden Age Spain's dominant and most prestigious playwright for much of the seventeenth century his work is still regularly staged and translated influential in more recent times on writers as diverse as Schiller Shelley and Lorca The author of around 120 plays not counting his numerous Corpus Christi autos in a variety of styles Calderón is most famous for his stirring dramas characterized by rhetorically powerful poetry dramatic structures carefully calibrated to produce poignant echoes and the fizzing intellectual energy they apply to the age's ontological eschatological and political preoccupations His plays succeed in combining these perennial concerns with compelling plots subtle enough to defy definitive interpretation As this volume seeks to show however Calderón's comedies deserve equal recognition Too long stereotyped as a dour cerebral conservative this playwright's comic works are as amusing as they are clever This Companion is the first comprehensive study of Calderón in English It provides a rigorous but readable introduction to the man his work and its legacy Its chapters written by leading international comedia specialists provide an overview of his life explain his intellectual social moral and literary contexts and examine his stagecraft his corpus and his reception both within and without the Hispanic world up to the twenty-first century Specific chapters are devoted to *La vida es sueño* his most famous work which appears on many a university syllabus and to his infamous wife murder plays

Enhancing Democracy Gonzalo Delamaza, 2014-11-01 Since the end of the Pinochet regime Chilean public policy has sought to rebuild democratic governance in the country This book examines the links between the state and civil society in Chile and the ways social policies have sought to ensure the inclusion of the poor in society and democracy Although Chile has gained political stability and grown economically the ability of social policies to expand democratic governance and participation has proved limited and in fact such policies have become subordinate to an elitist model of democracy and resulted in a restrictive form of citizen participation

The Contemporary Spanish-American Novel Will H. Corral, Juan E. De Castro, Nicholas Birns, 2013-09-26 The Contemporary Spanish American Novel provides an accessible introduction to an important World literature While many of the authors covered Aira Bolaño Castellanos Moya Viquez are gaining an increasing readership in English and are frequently taught there is sparse criticism in English beyond book reviews This book provides the guidance necessary for a more sophisticated and contextualized understanding of these authors and their works Underestimated or unfamiliar Spanish American novels and novelists are introduced through conceptually rigorous essays Sections on each writer include the author's reception in their native country Spanish America and Spain biographical history a critical examination of their work including key themes and conceptual concerns translation history scholarly reception The Contemporary Spanish American Novel offers an authoritative guide to a rich and varied novelistic tradition It

covers all demographic areas including United States Latino authors in exploring the diversity of this literature and its major themes such as exile migration and gender representation

Tan Lejos Tan Cerca Introduction

In today's digital age, the availability of Tan Lejos Tan Cerca books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Tan Lejos Tan Cerca books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Tan Lejos Tan Cerca books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Tan Lejos Tan Cerca versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Tan Lejos Tan Cerca books and manuals for download are incredibly convenient. With just

a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Tan Lejos Tan Cerca books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Tan Lejos Tan Cerca books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Tan Lejos Tan Cerca books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Tan Lejos Tan Cerca books and manuals for download and embark on your journey of knowledge?
