## **Tanzania's Human Revolution:**

Tanzania's Human Revolution James N. Kariuki, 1979 In Tanzania this book argues the centrality of mankind is not a mere abstract ideal it is embedded in the philosophy policies and programs of the nation A major role of Tanzania's political leaders especially Julius Nyerere is to guarantee that the society and the state maintain a humane commitment Tanzania's Human Revolution concludes that developments in this young African nation whether social political or economic are understandable only in the context of its value system The author thus takes issue with previous studies particularly those focusing on mechanics and processes while overlooking a pervasive humanism Tanzania's brand of democratic socialism emphasizes cooperative agricultural villages and mass education Although foreign investments are permitted in Tanzania in a limited way urbanization and heavy industry are discouraged until the achievement of Self Reliance the watchword of the country's one party the Tanganyika African National Union Schooling combines the practical with the liberal and graduates of colleges or terminal secondary schools are required to work for two years in the rural areas Political decisions often benefit from village and neighborhood deliberations before becoming regional and national policies Tanzanian citizenship is open to all races and both English and Kiswahili are official languages About one third of the population is Christian the rest espousing either Islam or one of the indigenous religions Nyerere epitomizes Tanzania's heterogeneity the son of a tribal chief he holds an Edinburgh MA is a converted Roman Catholic and takes pride in being a lifelong patriot By its steadfast opposition to all forms of inhumanity including racism together with its correct yet independent relations with all other countries including the United States and China Tanzania has become a moral force in Africa and the world *Tanzania* Andrew Coulson, 2013-07-25 Tanzania in the 1970s was at the forefront of policy innovation Near universal primary education access to health services and supplies of clean water subsequently became mainstream ambitions in Africa and elsewhere But its policies towards agricultural and industrial production failed and left the country in a particularly weak position when it faced the demands of structural adjustment in the 1980s This book originally published in 1982 has been reissued with a new introduction which brings its themes up to the present when income from gold mining and natural gas is making Tanzania one of the most dynamic economies in Africa today The author first an economic civil servant in Tanzania later an academic at the University of Dar es Salaam was in a unique position to write it drawing on his own experiences as well as the plethora of ideas and debates in Dar es Salaam in the 1970s The book has stood the test of time not only because of the range of material it covers but more profoundly because of the approach it takes to the work of Tanzania's founding president Julius Nyerere sympathetic to his ideas deeply critical of failures in implementation 25 short easily read chapters take the story of Tanzania from pre colonial times to the present and show how Nyerere was hemmed in by what he inherited from the German and British colonialists who ran the country up to Independence in 1961 It provides an invaluable introduction to anyone coming to the country for the first time and offers a profound assessment of the theoretical debates

that have made Tanzania of such interest to students of development      *Visions for an African Valley* DR JONATHAN M. JACKSON,2025-03-11 What was the effect of the numerous albeit often unsatisfied plans for development on the land and communities of the Kilombero valley throughout the colonial period and into the first decades of independence This book traces histories of development in and crucially visions of development for the Kilombero valley of south central Tanzania Taking the notion of development planning as a form of future making the book examines the many visions or past futures projected onto Kilombero by colonial and national governments by international organisations syndicates and individuals It examines how such plans were conceived evaluates their successes and analyses their shortcomings against changing political and economic landscapes Four key themes agricultural intensification ecology control infrastructure and re settlement are shown to persistently surface and continue to shape the valleyscape today By considering past future visions for the reorganisation of rural life in Tanzania the book reveals how even recent initiatives have suffered through their failure to learn from this history Offering fresh insights and approaches to the historiography of development *Visions for an African Valley* shows Kilombero to be a prism which refracts broader phenomena across more than a century      **Tanzania and the Liberation Struggle in Southern Africa, 1958-1975** Azaria Mbughuni.,2006      **Tanganyika Under International Mandate, 1919-1946** Peter A. Dumbuya,1995 To find more information on Rowman Littlefield titles please visit us at [www.rowmanlittlefield.com](http://www.rowmanlittlefield.com)      **Jah Kingdom** Monique A. Bedasse,2017-08-11 From its beginnings in 1930s Jamaica the Rastafarian movement has become a global presence While the existing studies of the Rastafarian movement have primarily focused on its cultural expression through reggae music art and iconography Monique A Bedasse argues that repatriation to Africa represents the most important vehicle of Rastafari s international growth Shifting the scholarship on repatriation from Ethiopia to Tanzania Bedasse foregrounds Rastafari s enduring connection to black radical politics and establishes Tanzania as a critical site to explore gender religion race citizenship socialism and nation Beyond her engagement with how the Rastafarian idea of Africa translated into a lived reality she demonstrates how Tanzanian state and nonstate actors not only validated the Rastafarian idea of diaspora but were also crucial to defining the parameters of Pan Africanism Based on previously undiscovered oral and written sources from Tanzania Jamaica England the United States and Trinidad Bedasse uncovers a vast and varied transnational network including Julius Nyerere Michael Manley and C L R James revealing Rastafari s entrenchment in the making of Pan Africanism in the postindependence period      *Africa Air University (U.S.). Library*,1980      **Displaced Mozambicans in Postcolonial Tanzania** Joanna T. Tague,2018-12-21 This book is the first study of displaced Mozambican men women and children from refugees and asylum seekers to liberation leaders students and migrant workers during the war for independence from Portugal 1964 1974 Throughout the war two distinct communities of Mozambicans emerged On the one hand a minority of students and liberation leaders congregated in Dar es Salaam and on the other the majority of Mozambicans who settled in refugee camps Joanna T Tague attends to both these

groups by juxtaposing the experiences of the two Using a diverse range of archival materials and oral interviews she argues that during decolonization the displaced acted as their own agents and strategized their own trajectories in exile Compelling scholars to reconsider how governments aid agencies local citizens and the displaced themselves defined debated and reconstituted what it meant to be a refugee in Africa during decolonization this book ultimately shows how the state of being a refugee could be generative and productive rather than simply debilitating and destructive Displaced Mozambicans in Postcolonial Tanzania will be invaluable for students and scholars of African and world contemporary history

**Serving the Common Good** Kiluba L. Nkulu, 2005 *Serving the Common Good* combines critical analysis and interpretation of theory and practice for higher education in Africa and in the West It demonstrates the current urgent need to articulate an educational ideal relevant to the cultural economic political and social problems of the twenty first century Utilizing Julius K Nyerere's vision of education for the common good a pragmatically balanced articulation of a postcolonial African perspective on higher education Kiluba L Nkulu emphasizes a human centered approach to community and national development *Serving the Common Good* offers a provocative and unique perspective on the state of higher education in Africa and will be useful in courses on African Studies Education and Society Educational Foundations and Inquiry Higher Education and Leadership Political Economy and Sociology

*Race, Revolution, and the Struggle for Human Rights in Zanzibar* G. Thomas Burgess, Ali Sultan Issa, Seif Sharif Hamad, 2009 Zanzibar has had the most turbulent postcolonial history of any part of the United Republic of Tanzania yet few sources explain the reasons why The current political impasse in the islands is a contest over the question of whether to revere and sustain the Zanzibari Revolution of 1964 in which thousands of islanders mostly Arab lost their lives It is also about whether Zanzibar's union with the Tanzanian mainland cemented only a few months after the revolution should be strengthened reformed or dissolved Defenders of the revolution claim it was necessary to right a century of wrongs They speak the language of African nationalism and aspire to unify the majority of Zanzibaris through the politics of race Their opponents instead deplore the violence of the revolution espouse the language of human rights and claim the revolution reversed a century of social and economic development They reject the politics of race regarding Islam as a more worthy basis for cultural and political unity From a series of personal interviews conducted over several years Thomas Burgess has produced two highly readable first person narratives in which two nationalists in Africa describe their conflicts achievements failures and tragedies Their life stories represent two opposing arguments for and against the revolution Ali Sultan Issa traveled widely in the 1950s and helped introduce socialism into the islands As a minister in the first revolutionary government he became one of Zanzibar's most controversial figures responsible for some of the government's most radical policies After years of imprisonment he reemerged in the 1990s as one of Zanzibar's most successful hotel entrepreneurs Seif Sharif Hamad came of age during the revolution and became disenchanted with its broken promises and excesses In the 1980s he emerged as a reformist minister seeking to roll back socialism and

authoritarian rule After his imprisonment he has ever since served as a leading figure in what has become Tanzania's largest opposition party As Burgess demonstrates in his introduction both memoirs trace Zanzibar's postindependence trajectory and reveal how Zanzibaris continue to dispute their revolutionary heritage and remain divided over issues of memory identity and whether to remain a part of Tanzania The memoirs explain how conflicts in the islands have become issues of national importance in Tanzania testing that state's commitment to democratic pluralism They engage our most basic assumptions about social justice and human rights and shed light on a host of themes key to understanding Zanzibari history that are also of universal relevance including the legacies of slavery and colonialism and the origins of racial violence poverty and underdevelopment They also show how a cosmopolitan island society negotiates cultural influences from Africa the Middle East Asia and Europe

**Land as a Human Right** Abdon Rwegasira, 2012-09-05 Wherever there is a persons right there is a corresponding duty imposed upon that person to respect the rights of others This co existence of rights and duties may be explained better by the principle of reciprocity of rights and duties Such is the basis of Land as a Human Right A History of Land Law and Practice in Tanzania The esteemed author documents Tanzanian land law along its line of historical development pre and post independence whereby the thorny issues about rights and duties of the landed landless and the intermediaries are elucidated This volume is not limited to events in Tanzania but includes jurisprudence of land law of other countries in order to tap some interpretative devices of our own by way of analogies Various case types reported and unreported local and foreign provide a tangible content to what would otherwise be pure theory He also makes references to local newspapers as a way of tapping the public responses about land related matters His survey of such cases in and outside Tanzania led automatically to judgments touching on womens right to matrimonial property and inheritance individual and collective rights to land and the right to land of the indigenous peoples It is the authors view that land law has remained poorly documented in Tanzania There is plenty of literature about Land Law yet these sources are not easily available or even accessible to every interested person Equally some of the available literature is so old that it may not always depict land law and or practice as we tend to understand it today This volume is a comprehensive text on land law in which all the necessary land law principles are highlighted with great precision Advocate Rwegasira does this with a human rights approach believing that it is through this approach that a persons right to land whether individual or collective can best be explained especially in this era when

conflict over land is unabatedly becoming central in family communal and societal relations The language of human rights is for all of us to speak It follows therefore that practitioners both of the bar and the bench will also find it useful for quick reference much as will do policy makers law reformers and the general public in and outside Tanzania      **Reel Pleasures** Laura Fair,2018-01-16 Reel Pleasures brings the world of African moviehouses and the publics they engendered to life revealing how local fans creatively reworked global media from Indian melodrama to Italian westerns kung fu and blaxploitation films to speak to local dreams and desires In it Laura Fair zeroes in on Tanzanians extraordinarily dynamic media cultures to demonstrate how the public and private worlds of film reception brought communities together and contributed to the construction of genders generations and urban citizenship over time Radically reframing the literatures on media exhibition distribution and reception Reel Pleasures demonstrates how local entrepreneurs and fans worked together to forge the most successful cinema industry in colonial sub Saharan Africa The result is a major contribution to the literature on transnational commodity cultures      **An Assessment of 'Ujamaa' Nationalization and Villagization Policies in Tanzania** Shahla Mokhtarzada,1984
