Within Taoist systems cultivating feminine energy has always been seen as the key to gaining balance and wholeness. *Healing Light of the Tao* presents the more advanced methods of chi cultivation in the Microcosmic Orbit offering a full understanding of Taoist spiritual theory through its comprehensive overview of the complete Taoist body mind spirit system. The book also includes more advanced meditation methods for absorbing the higher frequencies of Earth Force Cosmic Force and Universal Force Heavenly chi into the basic orbit. It establishes a spiritual science that not only emphasizes practical benefits to health sexual vitality and emotional balance but also shows how changes made in the energy body can lead to physical rejuvenation that the Taoists called immortality. *The Art of Cosmic Vision* Mantak Chia, Robert T. Eye problems reflect problems with the internal organs most specifically the liver and kidneys. *The Art of Cosmic Vision* offers Taoist healing sound exercises for strengthening the liver and kidneys as well as seven internal Chi Kung exercises and Dao Yin self massage practices for toning the organ meridians. It also provides extensive dietary recommendations including a complete Ayurvedic analysis of the three main nutritional body types. The wide variety of eye strengthening exercises in *The Art of Cosmic Vision* includes the Egyptian Black Dot technique the Taoist Long Swing technique the Tai Chi Rocker Eye technique and relaxing Yoga Eye Palming techniques. Rather than viewing the ciliary muscle within the eye as the only muscle responsible for focus these exercises improve focus by training all of the muscles surrounding the eyes. With attention to improved diet physical exercise and these proven eye training techniques readers can restore their vision to vibrant health. **Cosmic Detox** Mantak Chia, William U.
