## **Tao And Mother Goose:**

**The Tao and Mother Goose** Robert Carter, 2015-04-16 Art instructor Robert Carter's illustrated book is both enjoyable and informative written in an engaging style. Rhymes of Mother Goose he suggests frequently are spiritual parables. He compares many of the famous aphorisms from Lao Tzu's Tao Te Ching noting similarities of viewpoints. Carter feels that teaching of the Chinese philosopher and even Mother Goose nursery rhymes are addresses to some deeper level within each one of us. Consequently a simple word phrase or idea in this meditative picture book might spark something deep within the reader.

**The Tao and Mother Goose** Robert Carter, 1988      **The Tao Te Ching** Jerry O'Dalton, 1998-11 A practical guide to the mystical and a mystical guide to the practical this book results from a painstaking comparison of thirty editions of the Tao Te Ching. The chapters of the ancient original work synthesized from the author's comparisons are each followed by detailed paraphrases. These explain the Tao more clearly yet retain the shrouded truth of the original.

**The Board Game on the Phaistos Disk** H. Peter Aleff, 2002-11 ebook      **The Quest**, 1990      *The Chinese Recorder and Missionary Journal*, 1900      *You Are Your Child's First Teacher, Third Edition* Rahima Baldwin Dancy, 2012-08-14 The first book in America to popularize the insights of Rudolf Steiner founder of the Waldorf schools regarding the developmental needs of young children this revised and updated edition offers new ways for parents and educators to enrich the lives of children from birth to age six. Today's society often pressures us into overstimulating young children with flashcards, workbooks, videos and electronic gadgets in a well meaning attempt to give them a head start. But children are not little adults they learn and grow in radically different ways at different ages and what we do to help could actually hurt instead. Some of the most important learning years happen before your child reaches school. In *You Are Your Child's First Teacher* respected Waldorf educator Rahima Baldwin Dancy explains the different stages of learning that children go through from birth to age six giving you the wisdom and understanding to enrich your child's natural development in the right way at the right time. A trusted classic for over twenty years this newly revised edition contains updated resources and additional information on discipline, early childhood programs, toilet training, using home life as curriculum and more. From language and cognitive development to appropriate toys and nourishing your child's artistic abilities Dancy speaks up for a rational approach to child rearing one that helps children be children while we fulfill our important role as parents and first teachers.

**You Are Your Child's First Teacher** Rahima Baldwin Dancy, Rahima Baldwin, 2011-03-16 Nowadays parents are bombarded by any number of approaches about how to be with their children. *YOU ARE YOUR CHILD'S FIRST TEACHER* introduces a new way of understanding the human being so that parents can be best equipped to serve as their own children's best teachers.
