James P. Duffy

Target Hitler The Plots To Kill Adolf Hitler:

Target Hitler James P. Duffy, Vincent L. Ricci, 1992-08-24 The infamous reign of Adolf Hitler occurred half a century ago but how he managed to escape so many attempts on his life remains a mystery Target Hitler addresses the subject anew and is the only book for general audiences which recounts this fascinating topic in depth Duffy and Ricci have pulled together the known and hitherto unknown facts about the German resistance to create an absorbing tale Although many Germans harbored deep hatred for the Nazis and risked their lives trying to topple the regime most of these would be assassins were forgotten or slighted in the history of that period The authors wish to right that wrong This eminently readable narrative concentrates on the efforts of a group of conspirators within the German army who first began to plot against Hitler in the fall of 1938 and whose story culminates in the famous July 1944 bombing Bound together by their religious beliefs and a determination to rid their homeland of the Nazi scourge some of these men were generals one a field marshal It is intriguing to think how the course of world history would have been altered had these men accomplished their mission That fate denied such an outcome is tragic But now at least the bravery of those who tried to rid the world of the horror Hitler inflicted will be remembered as the heroes they are

The Hitler Assassination Attempts John Grehan, 2022-04-21 Throughout his political life Adolf Hitler was the subject of numerous assassination plots some of which were attempted all of which failed While a few of these have become well known particularly the bomb explosions at the Beer Garden in Munich in 1939 and the Stauffenberg Valkyrie attempt carried out at the Wolfsschanze on 20 July 1944 many others have received far less attention until now In this book John Grehan has examined the known planned or proposed assassination attempts on Hitler from Chicago to London and from Sweden to the Ukraine some of which have not previously been presented to the general public by historians All manner of methods were proposed by those willing to bring Hitler's life to a premature and sticky end and Hitler was well aware of the danger which lurked potentially around every corner of every road railway track every building and even every individual As a result an immense multi layered security apparatus surrounded the Führer day and night Despite this and knowing the risks they faced many people sought to kill the German leader and some very nearly did Yet Hitler survived often by just a minute or a millimetre to die ultimately of his own hand These plots and conspiracies are detailed in this book along with a unique collection of photographs of many of the proposed or actual assassination locations All will be revealed in this fascinating compilation of the obscure the fanciful and the carefully considered attempts to assassinate Hitler

What Really Happened: The Death of Hitler Robert J. Hutchinson, 2020-08-04 Think You Know Everything about the death of Hitler Think Again After World War II 50 percent of Americans polled said they didn't believe Adolf Hitler and Eva Braun had committed suicide in their bunker in 1945 as captured Nazi officials claimed Instead they believed the dictator faked his death and escaped perhaps to Argentina This wasn't a crazy opinion Joseph Stalin told Allied leaders that Soviet forces never discovered Hitler's body and that he personally believed the Nazi leader had escaped justice

At least two German submarines crossed the Atlantic and landed on the coast of Argentina in July 1945 Plus there were numerous reports of top Nazi officials successfully fleeing to South America where there was a large German colony Incredible as it sounds the mystery surrounding Adolf Hitler's final days only deepened in 2009 when a U S forensic team announced that a piece of Hitler's skull held in Soviet archives was not actually Hitler's International interest increased further in 2014 when the FBI released previously classified files detailing investigations surrounding Hitler's possible escape And the following year The History Channel launched a three year reality TV series investigating if it was possible Hitler did somehow survive So what really happened Popular history writer Robert J Hutchinson author of What Really Happened The Lincoln Assassination takes a fresh look at the evidence and discovers once and for all the truth about Hitler's last week in Berlin Among the questions the book explores are What did surviving Nazi eyewitnesses really say about the Führer's final days in the bunker and could they have been lying to aid Hitler's escape If Hitler didn't escape why did the Allies not find his body What about Hitler's proven use of body doubles Could Hitler have used a body double in the bunker while he and Eva Braun flew to safety in a long range aircraft that took off from a runway in Berlin's Tiergarten Why did the FBI continue to investigate reports of Hitler's survival for more than a decade after World War II reports that were only declassified in 2014 What about sensational claims in books such as The Grey Wolf that Hitler and Eva Braun lived in an isolated chalet in the Andes and that Hitler died in 1962 Why were forensic tests on crucial physical evidence only conducted in 2016 more than 70 years after World War II ended And lots MORE

The Dictators: Hitler's Germany, Stalin's Russia Richard Overy, 2006-01-17 A book of great importance it surpasses all others in breadth and depth Commentary If the past century will be remembered for its tragic pairing of civilized achievement and organized destruction at the heart of darkness may be found Hitler Stalin and the systems of domination they forged Their lethal regimes murdered millions and fought a massive deadly war Yet their dictatorships took shape within formal constitutional structures and drew the support of the German and Russian people In the first major historical work to analyze the two dictatorships together in depth Richard Overy gives us an absorbing study of Hitler and Stalin ranging from their private and public selves their ascents to power and consolidation of absolute rule to their waging of massive war and creation of far flung empires of camps and prisons The Nazi extermination camps and the vast Soviet Gulag represent the two dictatorships in their most inhuman form Overy shows us the human and historical roots of these evils

Hitler's Wolfsschanze John Grehan, 2021-12-08 This detailed guide to Hitler's secret Prussian headquarters is fully illustrated with historic photos and rare color images of how it appears today Set deep in the Masurian woods of northern Poland formally East Prussia lies a vast complex of ruined bunkers known as the Wolfsschanze or Wolf's Lair This was Hitler's headquarters for the German attack on the Soviet Union in 1941 It is also where Colonel von Stauffenberg almost killed Hitler in the summer of 1944 Built in under total secrecy the Wolfsschanze was camouflaged with artificial grass and trees Drawing on a unique collection of color photographs Hitler's Wolfsschanze

presents a detailed tour of the 2.5 square mile campus as it appears today with each building and its purpose identified. Laced with personal accounts of the installation and Hitler's routines, the Wolfsschanze is brought to life once more. Yet the Wolfsschanze was not the only German military complex in this small part of the Eastern Front. This comprehensive volume also shows and describes the German Army's headquarters at Mauerwald, the Luftwaffe's headquarters near the current Russian border, and those of the SS and the Reich Chancellery, both situated near the Wolfsschanze. Target: America James Duffy, 2011-11-08. Detailed here for the first time are the Third Reich's plans for a projected series of worldwide offensives using the new secret weapons emerging from wartime research. Killing Hitler Roger Moorhouse, 2007-03-27. For the first time in one enthralling book here is the incredible true story of the numerous attempts to assassinate Adolf Hitler and change the course of history. Disraeli once declared that assassination never changed anything, and yet the idea that World War II and the horrors of the Holocaust might have been averted with a single bullet or bomb has remained a tantalizing one for half a century. What historian Roger Moorhouse reveals in Killing Hitler is just how close and how often history came to taking a radically different path between Adolf Hitler's rise to power and his ignominious suicide. Few leaders in any century can have been the target of so many assassination attempts with such momentous consequences in the balance. Hitler's almost fifty would-be assassins ranged from simple craftsmen to high-ranking soldiers, from the apolitical to the ideologically obsessed, from Polish Resistance fighters to patriotic Wehrmacht officers, and from enemy agents to his closest associates. And yet up to now their exploits have remained virtually unknown, buried in dusty official archives and obscure memoirs. This then for the first time in a single volume is their story. A story of courage and ingenuity and ultimately failure, ranging from spectacular train derailments to the world's first known suicide bomber, explaining along the way why the British at one time declared that assassinating Hitler would be unsporting, and why the ruthless murderer Joseph Stalin was unwilling to order his death. It is also the remarkable, terrible story of the survival of a tyrant against all the odds, an evil dictator whose repeated escapes from almost certain death convinced him that he was literally invincible, a conviction that had appalling consequences for millions. **A Brief History of The Third Reich** Martyn Whittock, 2011-06-23. The abuse of power, genocide, the destruction of total war, unimaginable cruelty, and the suffering of millions were all central features of Hitler's Nazi regime. Yet the Nazis were also highly successful in manipulating images and information; they mobilized and engaged vast numbers of people, caught the imagination of the young, and appeared remarkably modern to many contemporary observers. Was the Third Reich a throwback to a mythical past, or a brutally modern and technologically advanced state? Was Hitler a strong dictator who achieved his clear goals, or was his chaotic style of government symptomatic of a weak dictator unable to control the complex and contradictory forces that he had unleashed? Was the Third Reich ruled by terror, or largely supported by a compliant German population? Was the genocide against the Jews a peculiarly German phenomenon, or a uniquely German expression of a terrible wider trend? Whittock explores these and other key questions.

interrogating the views of different historians and drawing on a wealth of primary sources from state sponsored art to diaries letters and memoirs of both perpetrators and victims to provide an overview of the complex evidence History should aim to put us firmly in touch with the lives of people living in the past and the issues they faced Whittock never loses sight of the individuals whose lives were caught up in these extraordinary events while also giving a lucid overview of the bigger picture

Assassinations Anthology Adrian Gilbert, Nigel West, Dan Mills, Peter G. Tsouras, Andy Saunders, 2017-09-30 A fascinating look at what might have happened had historical assassination attempts succeeded If Hitler had died at any stage in the Second World War would Germany have immediately sued for peace or would the generals have taken over and fought a far more practical war than the obdurate Führer Equally intriguing is the possible failed assassination attempt on General de Gaulle on British soil Who one wonders was behind that scheme and how would Anglo French relations have developed if he had been killed In *Assassinations Anthology* a number of well known authors and historians look at past events where key individuals were involved in either attempts on their lives or strange incidents occurred which had they led to their deaths might have radically affected the outcome of the war Events surrounding Hitler and Operation Valkyrie Stalin and Jan Smuts are investigated as well as the peculiar circumstances relating to the theft of a valuable Gainsborough painting Just how great a role did the Government's Chief Whip David Margesson play in persuading the MPs to accept the unpopular Winston Churchill as Prime Minister and what would have happened if Margesson had been killed when the Gainsborough disappeared It is fascinating stuff Grounded in actual events the various scenarios portrayed in this collection examine the likely chain of events that would have followed if the assassination attempts had succeeded A few inches a few minutes that was all the difference between life and death and between the past that we know and one that we can only imagine War at the End of the World James P. Duffy, 2023-12-05 A harrowing account of an epic yet nearly forgotten battle of World War II General Douglas MacArthur's four year assault on the Pacific War's most hostile battleground the mountainous jungle cloaked island of New Guinea A meaty engrossing narrative history This will likely stand as the definitive account of the New Guinea campaign The Christian Science Monitor One American soldier called it a green hell on earth Monsoon soaked wilderness debilitating heat impassable mountains torrential rivers and disease infested swamps New Guinea was a battleground far more deadly than the most fanatical of enemy troops Japanese forces numbering some 600 000 men began landing in January 1942 determined to seize the island as a cornerstone of the Empire's strategy to knock Australia out of the war Allied Commander in Chief General Douglas MacArthur committed 340 000 Americans as well as tens of thousands of Australian Dutch and New Guinea troops to retake New Guinea at all costs What followed was a four year campaign that involved some of the most horrific warfare in history At first emboldened by easy victories throughout the Pacific the Japanese soon encountered in New Guinea a roadblock akin to the Germans disastrous attempt to take Moscow a catastrophic setback to their war machine For the Americans victory in New Guinea was the first essential step in the long

march towards the Japanese home islands and the ultimate destruction of Hirohito's empire. Winning the war in New Guinea was of critical importance to MacArthur. His avowed "I shall return to the Philippines" could only be accomplished after taking the island. In this gripping narrative, historian James P. Duffy chronicles the most ruthless combat of the Pacific War, a fight complicated by rampant tropical disease, violent rainstorms, and unforgiving terrain that punished both Axis and Allied forces alike. Drawing on primary sources, *War at the End of the World* fills in a crucial gap in the history of World War II while offering readers a narrative of the first rank.

Target Rommel Stephen Wynn, 2022-01-28. From a German perspective, the highly decorated and well-respected General Erwin Rommel was one of their biggest and brightest assets, a military strategist who thought outside the box, a tactic which more than once either brought him an unexpected victory or saved him from almost certain defeat. His reputation had been gained early in the Second World War whilst commander of the 7th Panzer Division during the invasion of France and as the commander of German forces during the North African campaign between 1941 and 1943. Such was his influence, not only as a military strategist but on the morale of the men who served under him, as well as that of the German public, that the British government decided it needed to make concerted efforts to try to capture or eliminate him, making Rommel the only German officer of the Second World War that the allied authorities were prepared to put such time, manpower, and commitment into eliminating. Two operations were put in place to try to achieve this: Operation Flipper in November 1941 and Operation Gaff in July 1944. Both operations failed for different reasons, but just three months after the latter of the two operations, Rommel was dead, forced to commit suicide by Adolf Hitler for his part in the attempt to assassinate him on 20 July 1944. Such was the level of Rommel's popularity and importance that the Nazi authorities reported the cause of his death to be injuries sustained in an attack on his staff car by enemy aircraft. Indeed, it was only after the war that the truth behind his death was revealed.

Folktales of the Jews, Volume 2 Dan Ben-Amos, Dov Noy, 2006. *Folktales from Eastern Europe* presents 71 tales from Ashkenasic culture in the most important collection of Jewish folktales ever published. It is the second volume in *Folktales of the Jews*, the five-volume series to be released over the next several years in the tradition of Louis Ginzberg's classic *Legends of the Jews*. The tales here and the others in this series have been selected from the Israel Folktale Archives at The University of Haifa, Israel (IFA), a treasure house of Jewish lore that has remained largely unavailable to the entire world until now. Since the creation of the State of Israel, the IFA has collected more than 20,000 tales from newly arrived immigrants, long-lost stories shared by their families from around the world. The tales come from the major ethno-linguistic communities of the Jewish world and are representative of a wide variety of subjects and motifs, especially rich in Jewish content and context. Each of the tales is accompanied by in-depth commentary that explains the tale's cultural, historical, and literary background and its similarity to other tales in the IFA collection, and extensive scholarly notes. There is also an introduction that describes the Ashkenasic culture and its folk narrative tradition, a world map of the areas covered, illustrations, biographies of the collectors and narrators, tale type and motif indexes, a subject

index and a comprehensive bibliography Until the establishment of the IFA we had had only limited access to the wide range of Jewish folk narratives Even in Israel the gathering place of the most wide ranging cross section of world Jewry these folktales have remained largely unknown Many of the communities no longer exist as cohesive societies in their representative lands the Holocaust migration and changes in living styles have made the continuation of these tales impossible This volume and the others to come will be monuments to a rich but vanishing oral tradition The Devil's General Raymond Bagdonas,2014-01-19 A detailed military biography of the most highly decorated Nazi regimental commander in WWII The most highly decorated German regimental commander of World War II Hyazinth Graf Strachwitz first won the Iron Cross in the Great War He was serving with the 1st Panzer Division when the Polish campaign inaugurated World War II Strachwitz's exploits as commander of a panzer battalion during the French campaign earned him further decorations before he transferred to the newly formed 16th Panzer Division There he participated in the invasion of Yugoslavia and then Operation Barbarossa where he earned the Knight's Cross At Stalingrad he reached the Volga and fought on the northern rim of Sixth Army's perimeter Severely wounded during battle he was flown out of the Stalingrad pocket and was thus spared the fate of the rest of Sixth Army Upon recuperation he was named commander of the Grossdeutschland Division's panzer regiment and won the Swords to the Knight's Cross during Manstein's counteroffensive at Kharkov Wounded twelve times during the war and barely surviving a lethal car crash Strachwitz finally surrendered to the Americans in May 1945 Historian Raymond Bagdonas though impaired by the disappearance of 16th Panzer Division's official records at Stalingrad and the fact that many of the Panzer Graf's later battlegroups never kept them has written a vividly detailed account of this combat leader's life as well as ferocious armored warfare in World War II **The Sinking of the Laconia and the U-Boat War** James P. Duffy,2009-05-14 Packed with rich detail and analysis this exciting tale of war at sea relates the dramatic and moving true story of the sinking of the British liner Laconia and its consequences for the conduct of marine warfare Duffy discusses in rich detail the dire and dramatic true story of the sinking of the British Liner Laconia by the dreaded U Boat 156 a vessel crowded with 1800 Italian POWs 103 Polish soldiers and 463 officers and crew As Laconia went down U 156 surfaced and sent a signal that brought two other U boats an Italian submarine and three Vichy French warships to assist with rescue operations But on the morning of September 16 a U S bomber flew over U 156 now packed with several hundred Laconia survivors The crew unfurled a large Red Cross flag Nevertheless the submarine was attacked The Laconia survivors were ordered over the side into lifeboats Damaged U 156 left the area as other U boats commenced rescue operations In the wake of the incident German Admiral Karl Donitz issued the Laconia Order demanding that all attempts to rescue Allied survivors of merchant ships be ended The order provoked an international outcry against inhumane treatment of survivors stranded at sea In the aftermath of the war Donitz was charged and acquitted of war crimes in connection with this order **Disobedience and Conspiracy in the German Army, 1918-1945** Robert B.

Kane,2008-04-24 This work examines among other topics the personal oath of loyalty that the officers of the German army swore to Adolf Hitler on August 2 1934 It discusses how the majority of officers those who did not become conspirators against him complied with Hitler s orders until May 1945 despite his cruel treatment of soldiers militarily unsound strategy and tactics and the widespread destruction and crimes he and his forces committed The oath taken by the officers had a strong psychological effect among a proud corps with a long history of obedience and honor They followed Hitler to the end even though they knew they were fighting a losing battle The author also examines why and how only a few officers the conspirators began to break away lose trust in Hitler oppose him and finally stage an assassination attempt This history traces the development within the German army from 1918 of the philosophies of loyalty and disloyalty and obedience and disobedience as challenged by the Hitlerian oath of loyalty [Air University Library Index to Military Periodicals](#) ,1994

The Plots to Kill Hitler Richard Dargie,2019-11-07 From 1919 onwards there were many people who wanted to kill Hitler But when he became Chancellor of Germany in 1933 the desire became more urgent After all what do you do when the leader of your country has destroyed all political freedoms annexed all power and is leading all of its people towards destruction This is a story of all the plots against Hitler of secret meetings in freezing fields of bombs in briefcases of conspiracies against the life of the Fuhrer with a cast list of soldiers senior politicians members of the resistance schoolteachers theologians and even a humble carpenter In all there were more than 32 attempts against Adolf Hitler s life and this book documents every doomed effort to dismantle the Nazi machine by striking off its head *Nazi History and the Holocaust* ,1999

Criminal Networks and Law Enforcement Saskia Hufnagel,Anton Moiseienko,2019-06-27 This collection presents an analysis of illicit networks and discusses implications for law enforcement and crime prevention The contributors draw on a range of methodologies and apply them to diverse international criminological settings from illegal fishing in the Indo Pacific to money mule networks in the Netherlands Using a variety of examples the book elucidates how and why criminals form networks of cooperation and how they can be disrupted It is expected to be of interest to those who study criminology or criminal law as well as law enforcement practitioners **The Quest for Anna Klein** Thomas H.

Cook,2024-02-13 On the eve of WWII a wealthy young New Yorker is drawn into an international plot by an alluring and dangerous woman Captivating Kirkus Reviews It s 1939 and the world is on the brink of war but Thomas Danforth is in New York City living a charmed life The well traveled son of a wealthy importer he s in his twenties and running the family business looking forward to a bright future Then during a dark snowy walk along Gramercy Park a friend makes a fateful request and involves Thomas in a dangerous plot that could change the fates of millions Thomas is asked to open up his secluded Connecticut mansion to a mysterious woman who will receive training in firearms and explosives Thus begins an international scheme carried out by the captivating Anna Klein which will ensnare Thomas in more ways than one When it all goes wrong and Anna disappears he will travel far from home once again but this time into a war torn world that is much

more dangerous in this story by an Edgar Award winning author known for his piercing thrillers Daily News New York No other suspense writer takes readers as deeply into the heart of darkness as Thomas H Cook Chicago Tribune Laced with dozens of intriguing historical anecdotes Kirkus Reviews Cook s work is elegant philosophical and literary This book is to be treasured and is bound to earn him new readers Grade A The Plain Dealer

The Top Books of the Year Target Hitler The Plots To Kill Adolf Hitler The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous captivating novels enthralling the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the engaging narratives that have charmed audiences this year. The Must-Read : Colleen Hoovers "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Target Hitler The Plots To Kill Adolf Hitler : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
