Sider, 2005-10-06 As public funding for social services has been slashed there has arisen an unprecedented interest in the potential and dangers of faith based institutions as agents of social change This text seeks to answer pressing questions surrounding this important and controversial issue      **Unscripted** Jeff Iorg, 2014-05-01 Christ was clear as you go you are to make disciples Imagine what the world might be like if you practiced those simple words as you go Unscripted empowers you to shake off stale evangelism techniques and programs and embrace a way of life that connects you with the spiritual power needed to effectively witness and where meaningful relationships are built through which your witness can flow Imagine the possibilities of what Christ wants to do when you live Unscripted      LIVING THE LAST WORDS OF JESUS ("YOU SHALL BE MY WITNESSES") Michael Bussen, 2023-10-13 Living the last words of Jesus is about essential effective and easy or at least easier evangelism for every Christian including us introverts This book seeks to help followers of Jesus become ongoingly good and faithful and fruitful witnesses for Jesus making Him and all in heaven happier and happier as in Luke 15 Also reaching more and more lost souls will bring eternal joys to them and more happiness to you as well as we enter into the joyful heavenly rewards of our wonderful Savior God So hopefully this book helps to make everybody it touches happier especially the Lord      **Planning Strategies for World Evangelization** Edward R. Dayton, David A. Fraser, 2003-12-24 We believe God has given his church some new insights into how to think about reaching the hidden and unreached peoples That is what this book is about      **Getting it Right** General Conference of Seventh-Day Adventists, Youth Dept Staff, General Conference of Seventh-Day Adventists. Youth Department, 2005      How to Start a New Service Charles Arn, 1997-11-01 Why when and how to start a new church service encourage attendance evaluate the service and more      **Family in Mission** Johannes Reimer, 2020-06-30 Innumerable books have been written about successful outreach and evangelism yet almost none address the centrality of the family as God's intended vehicle for experiencing life community and growth In this timely and powerful book Johannes Reimer urges us to rediscover the family as a primary agent for mission in the world Offering both a theological and practical foundation for understanding the role and significance of families in the vocation of the church this book also provides creative ideas for implementing a family centered praxis that offers preparation and support to families living out their calling to make Christ known To ignore the family Reimer warns is to ignore the church's greatest resource for transmitting truth communicating love and embodying the gospel If we are to be effective in making disciples of all nations we must start in our own homes      **Creating Communities of the Kingdom** David W. Shenk, Ervin R. Stutzman, 1988-07-09 David W Shenk and Ervin R Stutzman weave into the biblical commentary practical applications gleaned from contemporary theology anthropology sociology psychology and communication theory Includes questions for review study and discussion      *Small Groups with Purpose* Steve

Gladden, 2011-06-01 Over the past fifteen years small groups have become a vital way to build community in large churches. Nowhere has this been more apparent than at Saddleback Church. Now Steve Gladden, pastor of small groups at Saddleback, shares the secrets of that ministry's incredible success in creating small groups with purpose. This practical book walks church leaders through the questions they need to answer to develop their own intentional small group strategy. Built around the most commonly asked questions, *Small Groups with Purpose* outlines the step-by-step process of creating a successful small group ministry. Because it is built upon principles and not methods, this plan can be implemented in any size church. Each chapter ends with a list of questions for readers to answer to help them assess their current situation and their desires for the future. Personal stories, Scripture, and examples ground the discussion and show the system in action. Pastors and small group leaders will find this book instrumental in making small groups work in their churches. Revelation Craig S. Keener, 2000 The NIV Application Commentary helps readers with the vital task of bringing the ancient message of the Bible into a contemporary context. It gives preachers and teachers the tools, ideas, and insights they need to communicate God's Word with the same powerful impact it had when it was first written. Church Planting in the African-American Context Hozell C. Francis, 1999 One in every six churches in the United States is African American. So given the church's central role in the black community, why is the number of unchurched African Americans increasing? How can you plant a church that proclaims with power and relevance the unchanging gospel to our changing African American culture? Drawing from his wealth of experience, Hozell Francis gives you both the theory and practice for raising up a church in today's black community. You'll find out how to shape a vision to guide your church. Form plans to realize your vision. Cultivate strong community ties. Develop an effective core of leaders. Impact families with the Gospel. Transcend cultural dividing lines.
