

# Tarot Card Worksheet

## Guide to Using This Worksheet

.....

This worksheet is meant to serve to supplement and organize the information in the "Start Here" section of my Tarot Resources which can be found at [hillbillyoracle.tumblr.com/my-tarot-resources](http://hillbillyoracle.tumblr.com/my-tarot-resources)

### Printing

When you go to print the worksheet off, you can select only the pages of the worksheet to print off so you don't have 72 copies of the instructions as well. I recommend doing copy of the worksheet for the card upright and one for the card reversed.

### Terminology

*Type of Card* - Whether the card is Major or Minor Arcana, what the suit is if it has one, the number of the card

*Book Summary* - Keywords and information from the book that came with the deck, you can also put information from online resources here too

*Vertical Associations* - Themes from cards with the same number

*Elemental Associations* - Themes from cards with the same suit/element

*Personal Associations* - Any connections from your practice or life experiences

Happy Tarot Reading!

How to Read Tarot Cards Kiran Fiore,2015-06-14 The world of Tarot works not through pronouncements of doom and gloom made with assurances set in stone but with skill and subtlety employing feelings and emotions to listen to the message As any practitioner will tell you the future isn t a contract chiseled in concrete but rather a wish scribbled in beach sand just before high tide Tarot isn t used to predict one s future rather it helps guide you in smaller yet more meaningful ways For example instead of telling you exactly where your life will be ten years from now the cards can help you get where you want to be ten years from now simply through pointing out the helpful and hindering forces mindsets and habits with which you currently surround yourself The symbols and stories behind each card in a deck force introspection and contemplation upon you making you examine the reality of your current situation and what changes need to be made They push you to relate situations and deeper circumstances from your life along mentally drawn parallels within the cards But how can you learn to read and interpret the cards so that you can fully understand and even divulge to others what the world of Tarot is trying to reveal That s exactly what this book is going to show you Let s get started
