Sturgess, 2020-09-22 Learn the path to enlightenment and inner peace encoded by the Cathar in the Major Arcana of the Marseille Tarot Reveals how the secret wisdom teachings of the heretical Cathar sect were hidden in plain sight in the imagery of the Major Arcana of the Marseille Tarot deck Decodes each of the cards in detail and shows how they offer clear instructions for recalibrating human consciousness and achieving enlightenment Shares the author s self development program based on the wisdom of the cards for creating a lifestyle filled with peace joy good health and meaning The Holy Grail has been discovered Not a cup or chalice

as myth leads us to believe the Holy Grail is sacred knowledge of the path to enlightenment and inner peace While author Russell Sturgess was conducting research on the Marseille Tarot he found evidence that this tarot deck while masquerading as a simple card game held the teachings of an ancient heretical religious group from southern France the Cathar believed to be the keepers of the Holy Grail To avoid persecution by the papacy this sect used portable art like illuminations to convey their Gnostic Christian teachings in the same way the stained glass windows of churches spoke to their congregations This portable Cathar art then inspired the creation of the Tarot After his breakthrough discovery of a hidden key on the Magician and Strength cards Sturgess examined the Major Arcana cards further and used the key to unlock their symbolism discovering clear instructions for recalibrating human consciousness and achieving enlightenment with specific cards representing pivotal points in making the journey from ignorance to awareness Decoding the cards in detail the author shows how they reveal a journey of transformed consciousness that can result in finding what the Cathar called the kingdom of heaven Calling this sacred knowledge the Cathar Code Sturgess reveals his personal development program based on the Code that opens access to a meaningful lifestyle filled with peace and joy and that naturally fosters health and well being He shows how these teachings offer a clear path that transforms a life burdened by fear of failure rejection and scarcity into one with clarity of purpose self honoring kindness and the abundance that comes with making a fulfilling difference in the world

Origins of the Tarot Dai Leon, 2009-06-30 Conventional wisdom traces Tarot cards to medieval Italy but their roots go back much further in time and draw on a surprisingly rich variety of cultures and spiritual traditions Combining pioneering scholarship with practical spiritual instruction Origins of the Tarot is the first book to unveil the full range of the ancient streams of wisdom from which the Tarot emerged The timeless principles of conscious

realization and cosmological unfoldment underlying the Tarot have never been explored in a comparably extensive and detailed way herein the teachings of a tremendous range of traditions including Kabbalah Western esotericism and alchemy Buddhism Taoism yogic disciplines Sufism mystical Christianity Gnosticism and Neoplatonism are masterfully incorporated and synthesized Author Dai L on explores a confluence of philosophical schools from East and West as they relate to the Tarot giving each its due in the exposition of a universal procession of evolution and the soul's quest for enlightenment In the process the Tarot is seen as a unique exemplification of perennial teachings on the soul and its liberation as well as a still unfolding window into concealed currents of human history The book's profound learning and unprecedented range of references are sure to attract close study among students both of the world's most enduring esoteric tradition and of esotericism itself

Mystical Origins of the Tarot Paul Huson, 2004-05-26 A profusely illustrated history of the occult nature of the tarot from its origins in ancient Persia The origins of the tarot have been lost in the mists of time Most scholars have guessed that its origins were in China Egypt or India Huson has expertly tracked each symbol of the Minor Arcana to roots in ancient Persia and the Major Arcana Trump card images to the medieval world of mystery miracle and morality plays A number of tarot historians have questioned the use of the tarot as a divination tool prior to the 18th century But the author demonstrates that the symbolic meanings of the Major Arcana were evident from the time they were first employed in the mid 15th century in the popular divination practice of sortilege He also reveals how the identities of the court cards in the Minor Arcana were derived from a blend of pagan and medieval sources that strongly influenced their interpretation in tarot divination Publisher marketing
